Any words that are underlined are authentic with the original transmission. This working circle grew out of a meditation group and commenced its psychic activities on October 25th 1995.

### Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything for the antagonist of GOD. We know that we have to make the greatest contribution ourselves. – Our destination is to grow through spiritual TEACHING, then to be able to distribute the TRUTH there where it can fall on fertile ground. We are asking for GUIDANCE so that our mission on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

---

All meetings start with an *opening meditation* and a *materialisation exercise* under the guidance of the spirit teacher MAGDALENA. This is followed by the *inspirational* and the *automatic writing* part with the spirit teachers EUPHENIUS and LUKAS.

Welcoming all present and the beginning of the questioning.

EUPHENIUS: GREETING IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!  
This is EUPHENIUS speaking. We also welcome you very cordially to this meeting

and we are looking forward to arranging this evening with all of you. We hope to receive a lot of information this evening and we hope that we can give you and other souls pertinent messages that will help you along your life's journey and allow the LIGHT to shine within and to the outside.

Question : Many readers of these protocols would like to receive direct personal consultations from the spiritual realm, because many find their personal situation extremely difficult and discouraging. We cannot deal with this, because it would go beyond our capacity and it would *prevent* us from doing our *proper* work here. What is your opinion in regards to this?

EUPHENIUS: It is important to inform these souls that they should begin to deal with this themselves. They ought to read the protocols we have discussed in regards to their contents because the divine LAWS *are the foundation* for the here and now on this planet. This line of investigation will *automatically* answer many of the questions that bother these souls. They will then begin to look beyond the confines of their own problems and this from a *different* vantage point. This in turn will effect an association with the spiritual WORLD, so that *inspirational* influences can be effected from there.

Of importance are *faith*, an inner *preparedness* and the *acceptance* that we, as ENTITIES, exist. If all of this is present, the first step in the right direction can be made. People ought to realise that they *carry* all the answers *inside* and that they *will receive* answers to their questions when they *are open* to inspirational opportunities from the side of the spiritual realm during prayers and dreams.

Objection : Many of these people have no idea of how they are supposed to achieve positive and harmonious emotional states when they are so affected by their daily problems.

EUPHENIUS: It isn't just these people that have their problems, but *you too* have problems to maintain your inner equilibrium in amongst the demands your encounter in your every day life on Earth. It always goes back to the self-discipline you must muster in order to pursue your daily prayer, your meditation and your persistence. We are dealing with little, momentary reflexes *every* human being can carry out during the course of the day - but *an inner compulsion* to do so must be present. Nothing will just fall into your lap!

- *We, your SPIRIT TEACHERS, must also wait until we are called upon to help you. You are the ones that have to send this divine thought to begin with in order for us to become active. But how can this be possible, if you do not mentally connect with us? This is the only way that we may support and help you.*

Question : Who is supposed to be the contact of our mental CALL?

EUPHENIUS: GOD, CHRIST or ANGELIC BEINGS, whoever you consider to be the appropriate contact. It can be the GUARDIAN ANGEL, your GUIDING ANGEL or a more eminent ANGELIC BEING you can call by name, for instance: "My dear invisible FRIEND". These FREQUENCIES will then return to you via the DIVINE LOOP.

Question : War is waged in the Holy Land. What is your opinion in regards to that war?

EUPHENIUS: Well, this is unfortunately nothing new. The country considered by Christians to be “holy” is not regarded as holy by the believers in Islam and the people of the Jewish persuasion do not necessarily consider it “holy” either. Well, a lot of Christians neither and that is the most astonishing thing about it. Especially Christians should do everything in their power to prevent war in that country. But no, they do not do so because business is more important. Dealing in weapons is dealing with death. This is why it comes as no surprise that violent confrontations abound in this “holy” land, as you Christians like to call it. This is a sad affair, especially for you. But *every* war is terrible, not just in the Middle East.

Comment : But this clearly shows that no religious denomination has learned anything in regards to what the DIVINITY of various religious orientations transmits, namely humility and the acceptance of *every* human being. Apparently *no* nation and *no* religious orientation have so far managed to internalise this.

LUKAS : That’s right. There can only be one TRUTH, because there is only one GOD! For as long as this is not acknowledged and you continue to murder people in the interest of the economy and power, nothing will change in this respect. On the contrary - demonic POWERS *encourage* these events and because you find yourself between the battlefronts of spiritual POWERS, this unsettles you mentally and physically. Ever since the fall of the angels, you are swayed back and forth. It is time for you to decide *which* SIDE you want to serve!

Objection : But every human being is subject to political and economic legalities he can not influence.

LUKAS : There are by all means communities, *genuine* communities, that pursue their own way *independent* of any political realities. They do in fact howl with the wolves, but their heart and their soul belong to the LORD.

Question : What particular communities within Germany do you mean?

LUKAS : Well, communities, *psychic* groups, also Christian groups without psychic work, etc. which come together in prayers to praise their CREATOR. They extricate themselves from worldly affairs for a short period of time in order to SERVE. And this is the crux of the matter!

Question : In the article “*Nine ways to happiness*” the Dalai Lama writes: “He, who sets himself free from all the unnecessary things in life, will reach his goal.” What do you say to this?

LUKAS : That’s exactly right. We can only underline the Dalai Lama’s words. The Dalai Lama is no Christian and no Moslem; he is no Hindu and no Jew. What is he? - *He is all of the above!* And this is exactly where every human being must arrive at; the word “war” will then become a part of history.

Comment : The content of this article is fascinating. It is astonishing how the Dalai Lama communicates the key to goodness, friendliness and brotherly love to the reader.

LUKAS : Yes, there are a few pearls left in this world. They are sometimes even found in periodicals that have usually nothing to do with it. You have to be on the lookout for

these PEARLS of LIGHT, respectively, we lovingly point them out to you when you are in TUNE with us.

Question : This article further states that the most important exercise on the way to happiness is meditation...

LUKAS : Yes, we say the same!

...and in order to meditate one does not have to remain in the lotus position for hours, it is more a case of taking the time, *once a day for a few minutes*, to concentrate on life's *essential* questions free from stress and hectic. The Dalai Lama's meditation description completely coincides with what you have conveyed to us in past meetings. Is it therefore important for the soul to make contact with you once a day in order to find peace?

LUKAS : Not with us! You should only and exclusively align yourself with CHRIST'S VIBRATIONS, respectively, with GOD'S VIBRATIONS. If you do this, *we* get the opportunity to work with you. It isn't a case where the SPIRIT TEACHERS are your primary contact partners, they are second in line. CHRIST and the CREATOR OF ALL THERE IS are first in line.

Question : How would you explain GOD'S LOVE to a child?

LUKAS : Well, this is the most simplest of things to do. We are surprised that you ask this. In contrast to adults, children are not as *sophisticated*. In their early years they believe everything grownups tell them, because little children have no concept of lies. Mistrust, lying and all the other human weaknesses develop *at a more advanced age*, when they realise that adults have been lying to them. These reactions sometimes mirror their inner disappointment when they become aware of this.

(T. B: No beating!)

Children, especially infants, carry GOD'S LOVE within their heart and they emanate it. Look into their eyes and in the eyes of an adult of *mediocre* development. You will recognise the differences. Children in their early years would recognise GOD'S LOVE in nature, assuming that the parents *point it out to them*, otherwise the parent's assignment has not been fulfilled. Take for instance a family of ducks with its ducklings. To show the CREATORS LOVE by means of these animals and to explain why they have *to protect* divine life will then be *easy* to convey. In later years, once their education begins, an *inner descend* and the creation of walls around the sensitive inner CORE of the spiritual HEART often takes place. This is why the first years are so extremely important! And this is exactly where most of the damage is caused on Earth, because adults *do not recognise* the spiritual implications and they are therefore not in a position to hand this information down to the receptive soul of the child.

Question : Children are therefore still very much coupled with the spiritual realm and only change through societal norms and through the behaviourism of the adults around them later on. How can one counteract this? I personally can only *partially* protect my children from what is presently taught at school.

LUKAS : Little children still spend a lot of time in the spiritual realm. Therefore their extra requirement for sleep, because they cannot completely connect with the VIBRATIONS on Earth and its surroundings - and they sometimes don't want to.

- *It has happened that the souls of children have changed their mind and ask to return to the spiritual realm. In some cases their wishes were granted.*

The only way to put an end to this tragedy is *to educate* the adults. But this education cannot take place through human beings. This is only and exclusively possible through *authorised* TEACHERS from a superior world. This must become common knowledge! You can only protect your child through its entire life by giving it a strong PROTECTIVE ARMOUR. You can only...

(Difficulties in deciphering the written text)

(T. B: You are tired!)

...the direction Earth is going, if children with a *solid spiritual basis* come after you. This is logical, isn't it?

Question : Are there opportunities to conquer one's inner doubts and to discard them as human characteristics?

(T. B: No, something always remains.)

LUKAS : Well, there are chronicles in your books about *clairvoyant* people, *clairaudient* people and about others who can make spirit entities to become *visible* with the help of their LIFE FORCE. What do you think would happen to your doubts if you would see your materialised grandfather in this room, who would converse with you, touch you and embrace you with his LOVE? What do you think would happen to your doubts? - But planet Earth is *a school* and this is why the solution to the whole enigma that represent life is not presented to you in way that *every* human being can experience a materialisation first hand. But those that have *dealt* with spiritualism, those that *make an effort* and *learn*, will *almost completely* overcome their doubts.

Question : Our present day youth can do very little with the concept of GOD and the significance of HIS NAME. How can one re-motivate this young generation?

LUKAS : A child that has never heard about GOD and HIS HIERARCHY will not show an interest in this at a *more advanced* age, because the mind will then dominate the thought process. Little children do a lot of things on an *emotional level* and this is how they can be approached. The mind is affected by spiritual teachings in the early years and once the "wavelength" that has been established, continues along it later on. If this foundation is solid and strong, life's storms have very little effect. A child that never *heard anything* about GOD turns into a typical matter of fact person. But actually after a certain age it is - I will not say too late, but *differentially difficult* to reverse the polarity.

- *Through life's storms an adolescent experiences something that might continue into adulthood, that is to say, through grief and similar situations, an adolescent or an adult can find the right path to GOD in later years.*

We cannot expect anything from the Churches. But you shouldn't send your children untutored to school so that they will be educated by teachers that might be affected by an inner turmoil also. No, that's not the way it works!

- *A solid foundation must be established as soon as practically possible because it will simplify any later guidance of the child and also simplify the life of the adolescent once he or she leaves the parents home.*

Objection :I also didn't believe in GOD as a child and as an adolescent. This only changed in later years. I virtually never went to Church.

LUKAS :You were never an atheist and your parents were no atheists either. They have given you divine VALUES along the way and these VALUES have had a decisive influence on your life, otherwise you would be a completely different personality. You unfortunately always put GOD and the Church into one basket. This is a mistake! I say it quite openly: I would also have baulked at having to participate in something that my INSIDES, my INNER LOGIC tells me that what I hear *is false*. We are dealing with SIGNALS of the soul here and you can only now understand them, after having dealt with it.

Question :We come across a lot of young people and people generally lately who possess great ignorance in regards to their surroundings and other people. Where does this ignorance and this inconsiderateness come from?

LUKAS :Yes, that is unfortunately true. The above mentioned foundation is lacking. You cannot build a house by starting with the roof. The foundation is of *absolute importance*. The parents of these young souls and their educational background has omitted to explain life's VALUES to them, VALUES that are *absolutely imperative* in order to live in a society. This has unfortunately been omitted and it is now extremely difficult to reverse this.

Question :Generally speaking, people are very discontented and values seemed to have undergone a lot of serious changes in general. My personal feeling is that we make retrogressive steps instead of going forward, nearer to DIVINITY. How is this going to continue?

LUKAS :Within you community you live in a pyramid-like society, a society wherein a few get exorbitantly rich on the efforts of the masses in the lower regions of this pyramid. You need a *horizontal* form of society, one where the garbage collector is as important and *esteemed* as a doctor or a professor. This is your problem! This is different with GOD. He is the most eminent ENTITY that exists, but still treats *all human beings* the same. GOD and HIS HIERARCHY live a - so that you understand what I mean let's stay with this terminology - horizontal "society".

Comment :We may need all this disquietude in order for mankind to recognise that is has to continue to amalgamate.

LUKAS :You can recognise this in your economic situation and in politics: One has to have reached *the absolute bottom*, before one can build anew from the rubble. Changes made during the descend hardly ever function, because most people would not believe

what is being suggested or they would not understand why *they of all people* should change anything. This is unfortunately the case. And because everything that applies to something small also has its validity in something large, your Earth and your society will some day also arise from the rubble. Just how fast something like that can happen can be seen by observing a soap bubble: If its membrane is damaged the whole thing suddenly collapses and the object that was seen as large no longer exists. Your conversion and the conversion of your earth will take place within a *very short* period of time.

I would now like to say good-bye. We have dealt with extremely important questions and they are *more important* than questions about possible life on other planets! Do not be afraid because everything is in GOD'S HAND. And this is reassuring, because if everything was in the hands of HIS antagonist I could only say "GOD help us!"

GREETINGS IN THE NAME OF GOD!

LUKAS.
