The answers to these questions were transmitted by TEACHERS from the SPHERES of LIGHT. Paranormal voices appearing within the protocol were captured on tape and are marked with T.B: (Tonband). Any words that are underlined are authentic with the original transmission. This working circle grew out of a meditation group and commenced its psychic activities on October 25th 1995.

Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything for the antagonist of GOD. We know that we have to make the greatest contribution ourselves. – It is our aim to grow through spiritual TEACHING, then to be able to distribute the TRUTH there where it can fall on fertile ground. We are asking for GUIDANCE so that our MISSION on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

Words from WHITE EAGLE:

We would like to give you greater understanding in regards to the POWER the CHRIST LIGHT that can counteract the machinations of mankind. All of you want to help. But we say to you - the best you can do it to bring the LIGHT of CHRIST to shine within your *own* soul.

Welcoming all present and the start of questioning.

Participant : GREETINGS IN THE NAME OF GOD! Welcome. We extend a sincere welcome to our FRIENDS from the universe. This is the first time this year that we can welcome you here. We would appreciate you intensified presence her in this circle.

(T. B: The UFOS are here.)

TAI SHIIN : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

This is TAI SHIIN speaking. We are present here as a small group and we thank you for your invitation. Our presence will be *amplified next year* and we will be your guest more often in order to give you information about what the star-fleet has in mind for your planet. We greet you in the name of all those aligned with you and are pleased to see the way this circle, this little circle, distinguishes itself so brilliantly within the darkness of the Earth's strata.

We have maintained contact with your work group for quite some time, especially with your spirit TEACHERS and your LEADERS. We need a basis here on Earth in order to convey our messages and in order to inform you about what's in store for the next years and decades.

First of all we had to wait for this circle to mature, so we could establish a basis to work with you. We also need ENERGY of LIGHT and VIBRATION that makes it possible for us to establish our contacts and that allows our transmissions to flow. We hope that this will be possible in the near future and that it can take place on a regular basis. We thank you for being prepared to receive us here and for being willing to absorb what we, as the mouthpiece of the CREATOR, have to tell you in a divine SENSE.

May peace enter into your hearts and into the things the CREATOR has in store for this globe.

May peace enter the whole of this planet Earth in order for you to apprehend the reason for your existence here.

The fact is that we may accompany you on this journey. We have the ASSIGNMENT to support you in very specific areas, to inspire you and to draw YOUR attention to our *superior* WORLD POWER - please understand WORLD POWER correctly. All of us assembled here, not just the spiritual TEAM at your side, but also we, here as representatives of a different human race, want to support you in your efforts and in your actions.

It isn't always easy to convey GOD'S WORK to you and to make you realise the available opportunities. You are very obstinate and hardened in your spirit. Your spirit is ill because of the way you bleed yourselves dry and due to the things you inflict upon yourselves all around. In regards to many people, their scales have lost their balance, but not just with you as human souls, but also in regards to the whole planet.

- *The planet is also a living being, one that lives an organic existence and one that is nourished through divine ENERGY.*

You don't just manage to jolt this world with your power of thought, but also with the things you do to yourselves with your own laws. The divine natural laws are not accepted and abided by, by you. You try to out-trump one another and to force your might onto others. It is difficult to counteract this belief structure you live with *positive ENERGIES*. Our assignment will be to bring LIGHT to this darkness in small increments.

The intention is to re-activate and to re-invigorate GOD'S messages here on Earth. It will be your task to be a link within this CHAIN of LIGHT. We endeavour to maintain contact with you and to pass these SOURCES of LIGHT on to you. These SOURCES of LIGHT represent messages that we give you in regards to what's in store for your planet at this point in time.

It is important that you realise that you are on the threshold of a New Age and that this will unleash enormous STREAMS of ENERGY. In conjunction with your spirit TEACHERS, we will keep you informed about the global changes - and *if necessary convince you with results.*

In conjunction with your spirit TEAM, we will discuss the next schedules and the TEAM will inform you about them, so that you can prepare for this particular section of the meeting and so that we have the opportunity to transmit impartations and messages to you. We will establish close contact with your SPIRIT TEACHERS and we will give you messages at short notice. These meetings will be mainly arranged *by our side* through messages and tips. But you certainly have the opportunity to ask questions in regards to specific, complex themes. *Let us begin with this towards the end of February in the New Year.*

Participant : Our SPIRIT TEACHERS told us that you would come visiting, if we asked you to. The circle in Berlin was told that the SANTINER could not be persuaded to come, but that they would only come if *they* deemed it necessary. We have waited in anticipation, because we wanted to adhere to the Berlin directive.

TAI SHIIN : Your patience was called for in order to establish an energetic *and* a technical basis so that what we have to tell you could be transmitted to you. This had to be instigated by your side to begin with to give us the opportunity to listen to your questions and to give you our answers here. We also strive to find mediums and channels of communication,

which in turn can filter the questions and convey to you the messages and information we deem essential for mankind.

Question : What do you mean with “filter”?

TAI SHIIN : “Filter” in a sense that you show great interest in asking questions that are of great importance to the people on Earth. We don’t want to begin with Adam and Eve and we don’t want to discuss *old* themes and *old* questions. We are here to debate *important* questions with you and to give you appropriate answers in regards to mankind here on Earth.

Question : Would you like to give us a report before we proceed with the questions?

TAI SHIIN : We would like to make preparations for next year to begin with, to test the waters *and then* to inform you, because we want to establish and build our plan, our information *systematically*. To begin with we would appreciate if you would ask questions today that will help us establish a basis within the new conceptual formulation, for a new beginning.

Question : Is human life out there in the universe the rule or rather the exception?

TAI SHIIN : What do you mean with “human” life? - We are *also* human beings, but we are subject to a different quality of essence. This entails that we have a *more ethereal* and therefore a different quality of life. If you call us human beings, life throughout the universe is possible. We also possess a spirit, a body and a soul, only of a different biological and more ethereal composition. We have a different sun and it exhibit’s a *different* frequency of light. This gives us a different physical makeup within the biological spectrum.

Question : On the 9th of September, 2000, the daily press stated that the hole in the ozone layer over Antarctica had expanded to over 28 million km², this correlates to three times the landmass of the USA. In comparison to the record year in 1998, the hole grew by more than one million km². During the last two weeks in August, the reduction of the ozone layer was supposed to have been twice as much as it usually is that time of year. What will happen if this continues like that?

TAI SHIIN : This is critical and we also endeavour to focus our energies in that direction. We have positioned various spaceships there and they endeavour to partially close the hole in your Earth’s radiation shield. An invisible belt has temporarily been positioned around this hole. But this shield cannot be maintained for too long, because this hole in the ozone layer expands continuously. The reasons for this can be ascribed to various causes.

The sciences received an opportunity to perceive and to analyse this hole. Your more prominent despots are aware of the connections between the causes for these natural catastrophes and the damage they cause. Unfortunately the materialistic way of thinking also reigns supreme there. We endeavour to bring about a change of heart and *to*

compensate for this hole through materialisations. If we are unsuccessful and if you, as human beings, continue to develop in the same direction by destroying this Earth with all your might, we will no longer have the opportunity to prevent these energetic holes from appearing.

Question : What would happen if you, the SANTINER, would no longer look after planet Earth?

TAI SHIIN : You would have already destroyed the Earth and it would have been like the holocaust. You are in the process of not only *cutting off* and *destroying* your life energies in a divine SENSE, but also in a physical sense. You are not prepared to recognise your blind spots and the make changes.

- *This Earth would already be destroyed and abandoned without our permanent help and without the help of nature spirits.*

Question : It is supposed to *take decades* before the hole in the ozone layer stops to increase in size every year. Do we have enough time?

TAI SHIIN : We try to reduce this time factor (The increase in size of the hole in the ozone layer) with the above mentioned compensation measures in order to give you a chance to develop to such a degree that this hole in the ozone layer can close again. This layer can also heal and scar over.

- *You are presently working with the theme of spirit healing. You too can send HEALING ENERGIES to the world - and be assured that these RAYS of LIGHT will find their way. You have been given an instrument that will make these miracles visible and evident.*

Question : What instrument are you talking about?

TAI SHIIN : On the one hand the “SHIELD of LIGHT”, which offers a heightened SOURCE of LIGHT and HEALING. On the other hand, every human being has the opportunity to send positive VIBRATIONS to Earth so they can be controlled and focussed by SPIRIT ENTITIES.

- *You also have the POWER to do something! Do not always cry out for us, for GOD and for other ENTITIES. You are the ones that can accomplish a mammoth step in the development of your Earth.*

Question : And thereby also a step in one’s own development?

TAI SHIIN : This is one association that will also be satisfied. You are the ones to decide over your fate and over your future development.

Question : Inexplicable light phenomena are being reported over the southern areas of the Black Forest in Germany. What can you tell us about them?

TAI SHIIN : This UFO activity takes place, because souls live there with whom we want to establish a connection in order to have an inspirational effect on these people so they can find the courage for their revelations.

Question : Are there any other areas on Earth where *heightened* UFO activities take place and why particularly there?

TAI SHIIN : There are important ENERGY CENTRES on planet Earth where we also obtain our ENERGY. We also need LIGHT ENERGIES and SOURCES of LIGHT. We also need docking point in order to continue our work. Peru, South America and Russia are important points. We are dealing with ENERGY CENTRES here that we utilise as sources of information and where we receive electric code-reflexes and information.

Question : Do you work in conjunction with the USA?

TAI SHIIN : This information was within a positive aspect. It was an attempt to afford and secure direct contact with eminent personalities of that nation and it was carried out at a time of crisis. Our side can only judge this attempt a *failure*. This is the reason why sightings and increasing attempts for contact with individual nations only take place in isolated cases and is only possible in conjunction with SPIRIT ENTITIES.

We had assumed that the time was right to establish intensive cooperation between us and your scientists was right. We are not disappointed about this failed attempt, but we are forewarned. Mankind has demonstrated that it *is not ready* to accept that more advanced CREATURES and CREATURES of a different nature exist out there in the universe. Information is now only provided through various mediums. This is also an explanation why sightings are far and few between and only take place sporadically.

Question : Did you use the US space program to show yourselves to the astronauts outside the Earth's atmosphere?

TAI SHIIN : This has happened in isolated cases, that is correct. The sightings during the landing on the moon were also part of this. We're dealing with individual situations and individual encounters here. We have not been successful in reaching *actual leading* personalities.

Participant : I doubt if this will ever be possible, because materialism is on the increase.

TAI SHIIN : *We, on our side, will not give up our hope and our faith in you. We believe in you, because you are one of GOD'S CREATIONS and you are a part of us. We will never abandon you and we will never give up on you. We are here if you need us!*

Participant : This point in time could arrive faster than we think; it all depends on how the planet behaves.

TAI SHIIN : This is why it is important that this information is spread over a *wider* range and that this information is presented to the rest of the world. You are a channel. You are a drop of water in an ocean where one drop of water can draw enormous circles.

Question : Many people on Earth show an almost neurotic fear of an invasion by extraterrestrials. Is this fear triggered by a gnawingly feeling that there just might be other intelligent life within an unlimited universe?

TAI SHIIN : This fear surmounts any feeling of security. This fear finds sustenance by being *portrayed as negative* by the media, political information, false statements and through dogmatic dissemination. Where are we respected as BROTHERS and SISTERS? - We are portrayed as terrifying figures and we star in horror movies. How can souls gain a picture of GOD and of GOD'S creatures if the prime mover called fear receives such a lot of sustenance? - It is the DARK SIDE that sows its seeds here and controls the situation. Fear and insecurity opens the DOOR that cast a dark shadow of the soul of man.

You have to recognise that we have not come here to proselytise you and to say: It's like this and like this! - It would certainly be the easiest solution from your point of view if we would show ourselves, if we would flood this planet with UFOS and land here and there. But what would we achieve by doing so? - We would *block* your development and we would arrest its progress. This is not within the CREATOR'S PLAN. We would interrupt your evolution and *that may not be!*

Question : Couldn't the exact opposite happen, namely that through your indoctrination, through your technology and all the other positive things you have on offer, an *evolutionary leap* in the *right* direction could eventuate allowing mankind to vault over centuries of their inherent development?

TAI SHIIN : Your spirit and your soul could not cope with this. You would lose your balance. You wouldn't comprehend it. This irritation would confuse your spirit with the result that insanity would gain the upper hand.

Comment : Yes, this seems plausible. An aboriginal from a remote area of the Amazon, never having had contact with western civilisation, would probably fall prey to insanity if abandoned in a city like New York.

TAI SHIIN : He would lose his ideals, become ill and despair, because his customary surroundings has gone missing. You must also give yourselves a chance of catching up with your maturity and your development. We possess this patience and we support you any way we can.

Question : With a typical xenophobic and egomaniacal reaction, governments arm themselves against something they're *well aware of that it true*. This is naturally not common knowledge, because in the name of national security everything to do with extraterrestrials is kept from the public eye. What will bring about a change here?

TAI SHIIN : We know that these fears bring this about in the most diverse of nations. We *don't* want to *worsen* the situation by stoking the fires of these fears *even more so*. Our way is to *alleviate fears* and to bring enlightenment. This cannot be brought about through a reverse spectacle, but only through a reversed thought process by the spirit and the soul and through that inner divine SPARK.

Question : Some people on this planet are convinced that Earth receives visitors from unidentified flying objects. But most people consider this to be an absurd assumption by fringe groups, whose members are more or less mazy in their heads. They find support for this point of view in governments, which attest that UFOS don't exist and that this can be verified through allegedly top secret means. But UFO researchers point out that no government needs to keep classified material about something that doesn't exist. Isn't it therefore not equally absurd that the authorities deny access to these files based on the reasons that the national security could be compromised?

TAI SHIIN : This shows very clearly *how pathological* and *confused* these people really are. And *these* people have the power to instigate wars and destruction. These are contradictions that a *logically thinking* individual on your side must find immediately and strikingly obvious. Basically speaking, everyone knows that *more* things exists and *more* existences are present than what exists here on Earth. ANGELS are also CREATURES who come *from outside*. The Church accepts these ANGELS. On the other hand, the Church *veto*es the doctrine of reincarnation. How can all of this be brought together?

Question : A conference on the Earth's climate is presently in progress in The Hague. Many people with serious concerns about the planet's future doubt that the global warming caused by man can be stopped. How do you see this?

TAI SHIIN : This is a very critical problem, because the *melt off of the Polar Regions* and a *heating of the Earth's inner core* has already begun. The climatic changes have also emerged from the inner commotions of your Earth. We cannot tell you whether it will be possible to check or to stop this avalanche that has already begun.

Question : Could planet Earth be saved, if the industrialised nations would take *immediate* measures?

TAI SHIIN : This is only a piece of the whole puzzle. The causes are found on *various* planes and in various areas: We can begin by looking at the industrialisation and the industries here on Earth. We can conclude our observations by looking at your destructive thought processes. And there is a whole series of other causes in between and *they all make their contribution*. You drill considerable windows into the earth, brought about through drilling and blasting. The Earth's equilibrium loses its balance.

- *The rotation of a ball is affected by a dent on the surface of the ball. (Golf ball) You can apply this simile in regards to your planet.*

- Question :Newspaper reports encouraged all industrialised nations to take the protection of the environment serious and this as early as 1990. But most of them blow *even more* CO₂ into the atmosphere than in the past. There is little indication that their economic decisions are now orientated more on ecological criteria. Do you see this differently?
- TAI SHIIN :We can confirm this, because out of the recesses of their greed, people are primarily guided by profits. Man will only awaken to what is going on when it *affects him personally*.
- Question :According to a report, the US Space Agency NASA is supposed to have taken pictures of a brilliant light in the shape of a building, with the Hubble-Space-Telescope on the 26th of March 1996. These pictures are supposed to show an enormous white city hovering in the darkness of space. The report quotes researcher Dr. Marcia Masson who insists that important NASA personnel have confirmed the existence of these photos. She further states that she personally received copies of a selection of photographs. The Vatican is also supposed to have requested pictures. NASA officially continues to remain silent. Civil servants at NASA however say that they have found something “that could change the future of mankind”. What are we to make of this article?
- TAI SHIIN :We can tell you that this was a reflection and a vision of a planet that exists and is present out there in space. We can also tell you that it represented a section of our home planet Metharia. It was an excerpt of the quality of life we enjoy. A mirror image of *what you are supposed to achieve* with your Earth. It was the detail of a vision that could be *within your grasp*, if you try to change your awareness in order to show yourselves where to road leads to. This was a materialisation, undertaken by ENTITIES from the spiritual realm. Not by us. We did not participate in this. Our assignment is a different one. We are dealing with visionary depictions here and they were configured by our spirit FRIENDS in the NAME of GOD.
- Participant :If these recorded pictures closely approximate the very concrete description of the “Holy City” of the bible, it could have enormous religious ramifications. Because Chapter 21 of Revelations undoubtedly confirms this.¹ - The bible does not rule out the situation that the “New Jerusalem” could also be situated in space.
- TAI SHIIN :This is an image of what can take place, of what you visually project into the future. Your Earth is subject to legalities and the next legality is - and this should be your aim - to reach the second level. We, the SANTINER, the inhabitants of planet Metharia, represent the next level of connectivity that accompanies you. It is a part of the vision of the future that you, as a humanity, pursue here on this planet.

¹ **Revelations Chapter 21, Verses 1-5:** Then I saw a new heaven and a new earth. The first heaven and the first earth disappeared and the sea vanished. And I saw the Holy City, the New Jerusalem, coming down out of heaven from God, prepared and ready, like a bride dressed to meet her husband. I heard a loud voice speaking from the throne: “Now God’s home is with mankind! He will live with them and they shall be his people. God himself will be with them and he will be their God. He will wipe away all tears from their eyes. There will be no more death, no more grief or crying or pain. The old things have disappeared.” Then the one who sits on the throne said: “And now I make all things new!” He also said to me: “Write this, because these words are true and can be trusted.”

- Question : Could it be a case where we are prepared for the landing of entities of incredible might? There is an unbelievable amount of extraterrestrial action depicted in movies these days.
- TAI SHIIN : There is a reason for all of this. But the fact remains that what you call movies and what is depicted therein doesn't always conform to reality. We are no monsters and we are not entities that try to exercise their power over others. Our aim is that you will welcome us with an open heart and in the faith of the one DEITY that stands above all of us. But this is presently impossible, because we do not have the divine ASSIGNMENT to do so.
- Question : The Maya calendar ends with the year 2012. What does this mean for planet Earth?
- TAI SHIIN : We can tell you in regards to this that this calendar *is not correct* and that you have to deal with this date very carefully. Even we do not have the capabilities to give you input in regards to time.
- Objection : But it is astonishing that the Menetekel *prophesied* in the early sixties that the GDR (East Germany) would collapse and that the wall would disappear overnight. That there would be no Third World War and that a strongman in the Soviet Union was getting ready to make lasting changes to the course of this republic. All of these prophecies have been *fulfilled without fail*.²
- TAI SHIIN : This is correct. These were *specifications* that were already visible and unambiguous. What could have happened is that all of this could have been pushed back by 50 years. We cannot give a time frame with an exact day and year. We can announce probable events and hand them down in the form of messages.
- Question : Are you, the SANTINER, able to do time-travelling and move either backwards or forward in time?
- TAI SHIIN : We are not subject to a time frame, because due to our ethereality we are able move in various epochs and in various existences. We have conquered death and we have accompanied this Earth for centuries. We are in a position to view your history retrospectively. But it is impossible for us to travel through time in a forward direction, because we do not know how your Earth's development progresses in the future.
- Question : Is it possible for you to undertake corrections in regards to the past?
- TAI SHIIN : *We may not do this*, because we would interfere with your free will. I was aware that you were going to ask this question. - We are not able to make belated corrections to the decisions you have made throughout your life and in past lives. It would block your development and *thereby also our own!*
- Question : But how is it possible to travel back in time beyond the moment when the machine was constructed?

² See brochure "Politik, für when?" (Politics, but for whom?)

TAI SHIIN : You shouldn't imagine that we just twist a knob and we're in the Middle Ages.

- *We travel spiritually and not with a machine! We have the opportunity to align ourselves with our spirit in a way that allows us to leap across space and time.*

Question : Does this mean that you cannot fly back in time with your flying saucers?

TAI SHIIN : This is not possible. We do this through our spirit, which is coupled with your Earth's history.

Question : ASHTAR SHERAN'S brochure "Armageddon" states that: "As we still do not possess a time machine that allows us to go back into the past in spite of our highly advanced technology, we had to look for other opportunities." - Is he talking about journeys in the spirit?

TAI SHIIN : What is meant is that we do not travel into the past with our machines the way you think we do, but that we relegate ourselves back to different times through our spirit. We possess the ability to uncouple our spirit from matter as is were.

Participant : Our meeting this evening has unfortunately run out of time. We thank you for your visit.

TAI SHIIN : We thank you for your friendly welcome here in this circle. We thank you for the opportunity of being your guests here in cooperation with your TEAM, in order to give you sporadic messages and to give you the opportunity to ask questions. We, as a BROTHERHOOD, thank you for making this possible and we convey this thanks to your spirit TEACHERS who travel this path with you. We are very pleased with the things this small circle has managed to achieve during the short time you have been together. The real work with you will begin next year. We are pleased about the fact that we are so very welcome here and that it was possible to achieve a FREQUENCY MODULATION that allowed me to report here through this medium. It isn't particularly easy for us either to achieve an assimilation of FREQUENCIES here on Earth. We also need an ENERGETIC "shower" in order to report here.

We thank you for your attention and for your questions. We wish you all the best for the work you do and we are looking forward to a more intimate cooperation next year. How this is going to be achieved in regards to dates and times has not been established yet. We will keep you posted on that one.

- *This depends on your GUEST who was present here last week. He is an important CORNERSTONE, there to safeguard our work!*

In the name of the brotherhood of the SANTINER and your SPIRIT TEACHERS, we wish you all the best for your future and for the path you have chosen to travel on. We salute you in the name of all those assembled here to show you the way, not just individually, but as a community. Thank you! We will report back to you in the New

Year and we wish you all the best for the upcoming festival of lights and for the New Year. May GOD be with you!

In peace, TAI SHIIN.

Acknowledgements and good-byes.
