Protocol extracts from the *Menetekel* from the years 1956 to 1975.

Theme : **Church and doctrine**

1. Addenda from the years 1964 to 1969

The following text to this theme was psychically received by the Medialen Friedenskreis Berlin (MFK), a Christian/Spiritual community, between 1956 and 1975. The transmissions form a part of the *Menetekel*, a collection of protocols of around 4,500 A4 sized pages amassed over 20 years and they have recently been restructured. All of these mediumistic messages were left in their original form, even if similar questions were repeated. The work of the two automatic writing mediums, Monika-Manuela Speer and Uwe Speer, began when they were 15 and respectively 17 years old. The total production of the MFK-Berlin (Medialer Friedenskreis Berlin), the *Menetekel* and the 21 transmissions from the space-brothers are considered the absolute pinnacle of psycho-scientific research. Other spiritual circles have often tried to copy the work of the MFK, but its quality was never achieved. The reproduction and distribution of these rearranged messages and protocols is explicitly encouraged and is not covered by any copyright.

Preface of the publisher

Our previous *Menetekel* publications dealing with unanswered questions in regards to life, the where-from and where-to of the human soul and the meaning of life, triggered overwhelming reactions in many parts of the world.

Since the installation of the internet portal <http://www.psychowissenschaften.de> in November 1998, an incredible number of people have accessed the protocols and downloads available there. By the end of 2006, about 40,000 of the additionally offered *Menetekel* audio CD's were requested. This trend continues to increase.

These eminently positive reactions from many parts of the world to these hitherto published texts and audio data motivated us to gradually publish the still missing parts of the research work of the *Psychic Peace Circle, Berlin*. The new chapters from the years 1956 to 1975 will be attached to all already published themes as addenda. There are also a series of new themes that have not yet been published.

Bad Salzuflen, June 2007

Years 1956 – 1958 (incomplete)

Penance can never be facilitated through the surrender of a fortune or through any other terrestrial renouncement. One cannot haggle with GOD. Penance is only possible through regret, discernment and through verified brotherly love. Penance is not facilitated by the size of one's wallet, but by the heart.

There is one major Church that sells its lies and false promises for a lot of money. Heaven with its spheres is not a fair where one can simply sell one's sins.

About Christmas (Author H. V. Speer, 1956)

As GOD loved the world, HE gave his aboriginal son so that all those that believe in HIM are not lost, but have eternal life.

The LORD'S angels proclaimed the SAVIOUR'S arrival.

The LORD'S angels proclaim glad tidings *even nowadays*. They proclaim a new age and the redemption of the terrestrial human race from its ignorance that caused wars and calamities for us all up to now.

The LORD'S glory still shines for us *these days*, even though the battle between good and evil is in full swing. GOD cleansed heaven - and the same GOD will also cleanse the Earth, this is why CHRIST lived here on Earth before us. He was the first LIGHT of the terrestrial catharsis. He will accomplish the things he started in the name of the FATHER. Amen.

Christmas is the festival of divine LOVE. Presents are exchanged during these days in the hereafter also and this mainly in the form of RAYS of LIGHT for the unfortunate ones that live in darkness. But the redeemed also participate in the giving of heavenly gifts:

- *GUARDIAN ANGELS receive their remuneration during Christmas, because CHRIST shows himself in his LIGHT, a light that is so strong and bright that only refined souls can bear to look at it.*
- *Christmas is also the time when GUARDIAN ANGELS, MESSENGERS of LIGHT, BEARERS of LIGHT are appointed to their new positions or become the LORD'S ANGELS.*

We spiritualists, more aware of the truths than most of our fellow men, should also participate in the benedictions of divine LOVE.

- *We can quite easily give to our departed family members and friends, and also other souls in the WORLD of SPIRIT, by offering them our LOVE. We can do so through our genuine intercessions and prayers. Even the smallest prayer can bring hope and joy.*
- *But powerful and wonderful are the prayers sent to the divine regions by groups and communities during these days.*

The Psychic Peace Circle, Berlin, participating in the common work of Christian deliverance, wishes all friends and seekers here on Earth and also in the otherworldly WORLD a merry, healthy Christmas and GOD'S peace. – Amen.

Question and answers

Question : Citing 1 Samuel Chapter 28 “*The woman from Endor*” as an example, (King Saul banished all fortune tellers from the land) “*necromancy* was forbidden. In order to put an end to this dispute, I ask you to answer the following question: What is the difference between necromancy and spiritualism?

ARGUN : *One should leave the dead in peace*, because you know that they all have their individual assignments. When a departed soul announces itself, it usually has *permission* to do so.

- *Spiritualism isn't necromancy. It is a religion that is based on evidence and its assignment is man's inner peace and peace on Earth.*

Question : Could one say that so-called necromancy, forbidden according to the bible, represents contact with otherworldly souls that are *disobedient* and have *no licence* to psychically communicate with people?

ARGUN : Roughly. – Many departed souls are virtually conjured up during your common house spiritism. You may think differently, but I say to you:

- *Many an evocation lacks a call for assistance from GOD. It is as if people want to establish contact with their departed relatives by force.*

* * * * *

Leader : We would like to know whether Pope Pius is preparing a written statement on behalf of JESUS CHRIST that condemns nuclear war?

ELIAS : Well my dear friends, as I have told you often enough, the Pope already occupies a higher level of development during his lifetime. The head of the Catholic Church quite often had contact with the SAVIOUR. You can truly believe me. The head of this Church will experience how mankind deals with this message first hand. The SAVIOUR transmitted this message with the help of angels. *Pope Pius* will announce this supernatural message as soon as possible.

ARGUN : The Catholic mass is a church ceremony that received its divine blessing many hundred years ago by a representative of the Catholic faith. A mass has the effect of proselytising the soul and to encourage it to contemplate, because the soul has a desire to do so. The soul feels surrounded by the vibrational energy of the other souls that live in our realm, it feels the nearness of their trustiness and it feels purified. The soul is led to the heavenly FATHER blessed with energy and trust. Mass is a divine act; it is fully and wholly acknowledge by us. My friends, we are also pleased to see you visit the Lord's palace every now and then. Christmas Eve is a very, very beautiful time to do so.

Question : Is it true that *pictures of the Madonna* often have a magic power?

ARGUN : Yes, that's true.

Question : What can you tell us about the *meaning of baptism*? Even CHRIST allowed himself to be baptised.

ARGUN : Yes, my friends, baptism is a cultic act, but *the soul is blessed by the LORD at the same time*. The LORD'S blessing is more powerful with a newborn, because it is still free of sins.

Question : Must a baptism be carried out by a priest or can anybody else do it?

ARGUN : It is more solemn, but it can be carried out by anybody who feels worthy enough.

Question : Is a newborn really free from sins? It would surely have to be encumbered by its karma to a higher or lesser degree.

ARGUN : JESUS CHRIST, *one* of the SONS of the heavenly FATHER, works at the palace as deputy with the archangels. He governs the destiny of worlds. He forgives and plays advocate. His accomplishments are enormous. He still suffers as he suffered in the past when GOD sent him to your world in order to redeem mankind. Mankind wasn't all that far away from its redemption, but it *encumbered itself again with debts*.

- *For as long as mankind does not come to its senses and atones, for as long will the SON of the heavenly FATHER have to wear the crown of thorns on his head.*

But dear friends, the day will come when the crown of thorns will be lifted off the SON'S head and replaced with a jewel. The sins of a reincarnated soul are indeed listed in the heavenly FATHER'S book, but as we are dealing with a *new* life for the newborn, the pages in the book are obscured.

Question : You said: "JESUS CHRIST, *one* of the sons". Does his mean that *Buddha* or *Mohammed* etc stand as equals next to CHRIST?

ARGUN : They are prophets but I *didn't* mean *them*.

- *The universe has innumerable planets that are like your Earth. Every one of these planets received a SON of the heavenly FATHER to teach them faith and goodness.*

Question : Are there also planetary spirits amongst them?

ARGUN : *No*. Teachers made of flesh and blood, adapted to the atmosphere and conditions on the respective planet.

* * * * *

Question : Dear ARGUN, a clergyman of an *Evangelic Church* had second thoughts about giving his blessing to an unemployed couple during a marriage ceremony. Would it be possible for *you* to give them your blessing? Both of them were however married before, that is to say, both of them got divorced at one time or another.

ARGUN : I don't think that I'm privileged enough to give my blessing. There is no substitute for it. GOD'S BLESSING reaches people of its own accord. The giving of blessings is in

principle a *formal activity of the Church*. CHRIST was *the only one* privileged to give his blessing.

We wouldn't ask GOD for HIS blessing. GOD'S BLESSING is the GREATEST THING HE can bestow on people. It includes everything, LOVE above everything and HIS ASSISTANCE. *These things must be earned!* –

It should by rights be enough for the couple to vow in front of the altar to promise to be true to GOD and their respective spouse till the day they die and to be faithful to GOD *beyond their terrestrial existence*. At least this is how it should be.

* * * * *

ARGUN : GREETINGS IN THE NAME OF GOD, my dear friends. Well, today is the *Day of Penance*. This appellation is however no longer completely applicable, because the days of castigation are over. One would have to rename this day to “*Day of Repentance*”.

- *When you regret your sins and this with sincerity and from the bottom of your heart, the major part of your debt will have been expiated. There are however only a few amongst you that actually contemplate on this particular day the negative things they did in the past and fewer still that actually feel genuine remorse about it. I would like to include these people in my prayers.*

Question : Could the influence exerted by priests be a hindrance for people under certain circumstances?

ARGUN : It depends on the priest, particularly his relationship with GOD: If he *correctly understands* what faith in GOD is all about, the influence on you will be *positive*, but if he only sermonises from the pulpit in order *to collect his salary*, without a spark of faith or conviction, he will have a *colossally negative* effect on you.

Question : Would it be an exceedingly beautiful day if people were as enlightened about religious affairs as they are in regards to *social* and *intellectual* affairs?

ARGUN : My dear friend, you are unfortunately falsely informed here. If this was the case, things would be *even worse* than now. They are all falsely orientated, one tries to dull their mental capacity by giving them 50%, but taking 75% for oneself.

Comment: This last answer from GOD'S realm gives us a complete overview in regards to the question of our present day terrestrial existence. All further comments are superfluous. This answer shines a light on all of humanity.

* * * * *

Question : The judicial system bases itself on the biblical proverb: “*An eye for an eye and a tooth for a tooth*”. Based on your insights, can you tell us was is actually valid for us in regards to this biblical proverb?

ELIAS : Yes, this is an *interpretation made by the theologians at that time*. The LORD never repays like for like! If HE were to do this, *every* soul would be doomed.

Question : *Mohammed* was also in contact with the OTHER WORLD and this is where his dictates came from. But he spread his religion with fire and the sword. This religion is one of the largest here on Earth.

ELIAS : Yes. – He did not fight with fire and the sword, his followers did. They also *misunderstood* his expositions and acted accordingly.

Question : We can see just how easy it is to falsify the original through interpretation. Is every single word of importance?

ELIAS : That's the way it is: What was white was made black and what was black was made white. Well, every devotee formulated *his own text*. This is why you have to pay attention to every single word *we* give you.

* * * * *

Question : Has the Battle of Armageddon, the way it is announced in the Bible, already started and if this is the case, how far has it progressed?

ARGUN : It is already nearing its end.

Question : Is the *Amen* at the end of a prayer really that important?

Answer : Oh yes, absolutely!

Question : *Niemöller* unleashed a huge prayer at the congress in Frankfurt/M, but did *not* use amen at the end of it.

Answer : We are aware of this. He is like a red rag to a bull.

Question : Catholics like to listen to *Holy Masses*, do these affect the soul? Can one really help souls with them?

ARGUN : Very well. The Catholic Church exhibits numerous harmonies. It has a lot of points that are absolutely accepted by us. However my friend, I will explain this in more detail later. – My friends, GOODNESS always remains on top. Therefore do not despair! The sun shines again after the rain. There will be a lot more sunshine in your lives than you assume.

Question : Are you talking about our terrestrial existence?

ARGUN : It is what I mainly talk about. You want to and you should live, this is why you were born and this is why you are human souls with flesh and blood.

Comment by the circle's leader

- Churches are no longer built to HONOUR GOD, they are treated as technological, ergo architectural problems (by the construction industry).

- Places of worship are constructed these days that could be called “Prayer Stations”.
- The *German Church Congress* does *not* “adorn” its house with pictures of angels or with sacred mementos these days, it hangs 12 ultra large, glazed *abstract art* monstrosities in the style of a *Picasso* in its convention halls – and serves demons in the process.
- One can cut the tobacco smoke at church conventions with a knife these days!
- These days one writes on gravestones: The governor lies here, may he rest in peace. These types of phrases should be hung *over the bed!* – One does not rest in GOD’S REALM, one works for GOD’S COSMIC PLAN. Terrestrial titles have no meaning in GOD’S eyes.

Questions and answers

Question : *Therese von Konnersreuth*. How does her stigmatism come about? Does it purely happen through the power of her thoughts? How could she live with taking very little sustenance for the last 30 years?

ARGUN : *A divine miracle in the truest sense of the word* visited her. We know a lot, but you will hardly find it credible that just like to you, it is also a miracle to us. GOD doesn’t always show HIS hand, HE only allows us a glimpse at his cards every now and then. – I have to express myself differently: GOD guards HIS secrets, but He does give some of them up bit by bit in spite of this sometimes. Our knowledge can never be stilled, because GOD’S miracles are inexhaustible.

Comment: The break in the text from ARGUN made us realise how careful he is in his phraseology. To associate GOD with playing cards is not good. This is why he corrected himself immediately. If we were to adopt this characteristic, we would have to *continuously* correct ourselves, because even our thoughts are wrongly formed. Our normal way of thinking does not make us ready for the SPHERES.

ARGUN : The world’s languages teem with impossible appellations and idioms. We hope that people soon recognise the things that are *really* good and the things that are bad.

Participant: Spiritual progress requires the use of a relatively sophisticated form of expressing oneself. This starts with the thought process!

ARGUN : You are wrong here, because in regards to language, it is very difficult. Figures of speech and expressions learned by a child are *mechanically*, respectively *automatically* expressed without the child grasping its real meaning. It takes quite a long time in the hereafter, well even in the higher spheres, before these terminologies are discarded. As you could see just now, I also use these silly expressions.

Comment: ARGUN and not the circle leader made this assessment. Humility in expression!

ARGUN : Always aim to express yourself in a way that excludes terrible and nonsensical notations. You have no idea just how much this helps your progress and turns you into GOD’S *jovial* children. – You may think that this is easier said than done. But the unfortunate fact is that people are all too easily subdued. This is why I say to you: You are certainly not alone and you do want to help to create a better world view?

Don't you? This joviality may however not degenerate into ridiculousness, but I'm sure you know what I mean.

Question : Is not also our own, actual EGO – the seemingly unchangeable – in truth the constant and dismantling result of ceaseless construction and deconstruction?

ARGUN : No, my dear friend. Your own EGO is its *own* personality that has to exercise its *own* function. It is engaged in a constant joust and it subconsciously hopes for supernatural HELP. Your EGO is a SOURCE of ENERGY, a *self-contained* coupled activity with its *own* function and its *own* range of tasks. Is this precise enough for you?

Comment: These answers came through the *medium Monika-Manuela*. All circle participants are witness to how *rapid* the answers occur and how half the answer is already down on paper, *before* the whole question has been put. The medium does not know beforehand what questions are being asked. – What do you say to this *Professor Bender* or *Professor Haselow*?- Ingenious subconscious? – The medium is a business apprentice!

* * * * *

Question : Dear ARGUN, may we learn something about the appellation “*Judgment Day*”? Theologians and others too imagine it to be something peculiar.

Answer : *Judgment Day* is a day that will rise one day. It will be a day of tribulation. But GOD willing, the tribunal will deal with lots of good beings, because this will be the day when *the devil incarnate is banned from the hearts of all of GOD’S creatures*. It will be a joyous day, because the one that was HIS greatest antagonist will face the tribunal. It is the day of salvation for this world.

Question : Why do you call this ANTI-SPIRIT “devil incarnate”?

ARGUN : We actually only do it in order to *not* select the terminology that would immediately attract like-minded, negative SOULS.

Comment: Most people talk about superstition specifically in this regards. But we can clearly see here that the dangers *are greater than one assumes*. This is why we want to be somewhat more careful with such hellish appellations and with profane swearwords. We would otherwise attract spirit ENTITIES that could mentally harm us. (Schizophrenia, insanity, amok)

ARGUN : He is the one that stood next to GOD’S throne, an angel who was not happy about the fact that he did not have *all* the power *for himself*. This is why he went into the darkness and acted *against* the LIGHT and *against* everything positive from there. The appellation “devil incarnate” is an appellation people came up with by mistake. *He is a SPIRIT!*

* * * * *

Leader : It would be nice to hear something about the *Eucharist* now at *Easter*.

ARGUN : Yes, my dear friends, *it actually was the way* the Bible narrates it. It was the last meal CHRIST and his disciples shared and asked for the heavenly FATHER’S blessing, it was also the time when he confronted *Judas Iscariot* and sent him into the darkness and asked GOD to forgive him his sins. Yes, my friends, it was *also at about the time*

when you celebrate Easter. The resurrection, the wonderful and mysterious, it was all of this at that time too. It was a *materialisation* produced through the accumulation of OD energy.

But *Pentecost*, the *ascension*, the white dove that flew up into GOD'S spheres , was *a little white cloud* in the shape of a dove, because dove connote peace. The disciples of the Lord JESUS CHRIST also asked for peace for mankind at this terrible time. The little cloud adopted the form of a dove as a symbol of peace. Well, my dear friends, this is what you call the outpouring of the HOLY SPIRIT.

Leader : I have another question to this subject: How then does inspiration take place, that is to say, from which sphere does it come from? Like here for instance with our automatic writing?

ARGUN : *Directly within one's aura*. Inspiration takes place according to one's spiritual deportment and attitude, inspiration could otherwise have a very negative effect.

Question : Can inspiration come from a very great distance if one's spiritual deportment is positive?

ARGUN : Yes, it is send -, forwarded at a VIBRATIONAL RATE.

* * * * *

February 1958

Question : I visited the *Church at the Lietzensee*, the church one calls a "prayer station". The artist who created the crucifix seems to be of the *lowest* order?

ARGUN : We discussed this already in the past. The construction and the decorations within the church borders on blasphemy in our opinion.

Question : The picture of CHRIST is completely black and wholly distorted.

ARGUN : Churches used to be built *for GOD* and *not* for people. People were supposed to be given an opportunity to converse with GOD at a dignified location. One wanted to build temples, SANCTUARIES, for GOD in the shape of harmonious, fantastic and extremely beautiful buildings that represent the pinnacle of human architecture for some time to come. –

- *Today's churches are not built for GOD, but for the pathological, demonic taste of spiritually foundered people.*

Comment: This once again reveals the wholly personal individuality of the spirit teacher ARGUN. The medium puts such answers immediately and in *rapid fashion* to paper without deliberation. – There could be an equal number of spiritual circles to the number of churches on this planet.)

Prophets talked to the people saying: *This is what GOD, the LORD has to say!*" They received their divine dictation through clairvoyants. GOD'S VOICE is transmitted from the higher spheres through MESSENGERS of LIGHT or ANGELS. This VOICE is then translated into human thoughts.

The MESSENGER of LIGHT ARGUN to the theme of ascension

Ascension represents one of the most eminent festivals for a spiritualist: CHRIST began his dominion in the house of the ALMIGHTY. This means a great joy for all souls.

We in the hereafter know to appreciate this festival, because we know that the ALMIGHTY stands by us. HE will never allow us to fall or abandon us. The ALMIGHTY knows why – and all of you will find out.

- *Those that search for the truth and GOD'S LOVE will receive their reward and it is not bad. It is partially spiritual, but also partially material, because we know that you cannot live from air alone.*

When CHRIST ascended to heaven in order to take his place at GOD'S side, *Lucifer* swore revenge. He took control of the festival you call “ascension”. *His temptations are very successful*, because it is everything else but a religious festival to remember the LORD: Booze makes the rounds and the police have their hands full. One is noisy and one blasphemes. One fights and brawls. - Only very few people know what this festival really means and just how important this event was for mankind.

* * * * *

Questions and answers

Question : Is there a danger that the *Christian Churches* will gradually disband?

ARGUN : No, there is no chance that they will dissolve. The various Churches' *concepts might have diversified*, but they are already aware that these disunities only cause damage. The contrasts must be balanced.

- The *Catholic Church* must relinquish various dogmas, whether it wants to or not.
- The *Evangelic Church* must adopt various points of view, whether it wants to or not.
- *Spiritualism* must be accepted and adopted by both Churches, it must represent a significant part of the Christian philosophy.

This therefore means: The Churches must meld together into one *precious metal of faith*. *Islam* and *Buddhism* do not represent a hindrance in regards to this amalgamation, because these religions also have their justification and their devotees are also truly religious.

Question : What kinds of coherences exist between spiritualism and religion?

Answer : “Ligio” means: Connection with GOD. – Re-ligio means: *Re-connection with GOD*.

Spiritism establishes contact with spirits (souls) and verifies life after “death”. We inevitably receive reports about life in the hereafter in this way – and at the same time recognise that there is a HIGHER ORDER under the guidance of GOD.

Spiritualism presupposes that all of this *has already been verified*. It therefore seeks a connection with a HIGHER ORDER – with GOD’S WORLD of LIGHT. Spiritualism does *not* converse with the souls of the departed, but seeks contact with enlightened spirits (Messengers of Light or Bearers of Light). The souls of the departed listening in are however taught at the same time and this can deliver them from ignorance (darkness).

- *Spiritualism is the original Christianity according to the doctrines of JESUS CHRIST and thereby the absolute path to GOD. Spiritualism is therefore re-ligion in the truest sense of the word.*

Spiritualism rejects all dogmas and mainly depends on the doctrine and reports (messages) brought to us even now from GOD’S WORLD of LIGHT by angels and more eminent divine messengers. These doctrines and messages do not spring from the fantasy or imagination of the human brain, but are mainly controlled (deliberate) dictates, made possible through the special gifts of the mediator (medium).

So for instance through *automatic writing*. The hand of the medium is guided by a slight magnetic pull here. The accumulation of OD-energy within a spiritual circle and training and exercising can make this pull so powerful that the act of writing can tear the paper to pieces. Some of the messages get through in *mirror writing* or *upside-down* in this way.

Once all circle participants are convinced of the genuineness of what’s written, the WORLD of LIGHT does without such detours and writes at great speed in a direct manner.

- *When the contact is good, the medium receives ENERGY and the hand, respectively the whole underarm is supported by the spirit.*
- *If the circle and the medium are not bona fide, the medium and the circle participants expend a lot of their own energy.*

The medium has to be protected in spite of this so that it doesn’t become ill. This happens with the help of devotions, prayers, good music – and above all through the *honesty* and the *good will* of all participants.

Question : What does the *confessional church* have to say to this?

Answer : The Christian Churches, respectively most of its theologians reject *spiritism* as well as *spiritualism*. This is because these Churches have mainly turned into administrations that maintain their own officialdom. Clergymen fear for their position and exactly abide by their instructions. The reality is that the leadership of the Church fears unwelcome competition. Church officialdom would no longer be able exist in its present form if it acknowledged *spiritualism*.

Theologians would also have to admit that they preached a whole series of mistakes from their pulpits for centuries. One of the greatest mistakes consists in that the human soul does *not* start a long period of sleep after its physical demise in order to be raised from its grave on Judgment Day.

Absolute, that is to say, *genuine* contacts with the hereafter have *verified the opposite*. One does *not* sleep in the hereafter; one is mentally very active there. CHRIST spoke these momentous words: “Truly I say unto you, you will be with me in paradise *today*.” –

A human being with its soul does not always enter paradise. It is unfortunately a DIM-DARK SPHERE in most cases. It is the eminent task of *spiritualism* to *eliminate* this danger.

The biblical era (Psychic transmission)

You read and talk about a *biblical era* and mean the time when the prophets prophesied and when GOD’S angels made an appearance. Prophets have been unable to really have their say during the last centuries and angels stayed away from you. We can no longer talk about a biblical era, but we can now talk of a *technical* era.

When we take a close look at this supernatural epoch we detect that the “*biblical era*” did not have a Bible at that time and that we’re dealing with several notations of psychic experiences and transmissions from the WORLD of SPIRIT. We must further confess that supernatural activities were more pronounced during certain time segments in the past.

- *The biblical era is therefore an epoch in time of heightened spirit activity of ANOTHER DIMENSION, one that established a strong connection with your third dimension.*

After a long period of inactivity in the supernatural sector an extraordinary rush of activity has now started so that we could once again talk about a *new* biblical era. The prophets (mediums) are available and we make full use of their abilities. In the face of your extremely desperate situation an absolute international fact comes to light, namely that the HIGHER WORLD of EXISTENCE is active with its unimaginable penetrating power in order to stand redemptively at your side. The divine ENERGIES become *more powerful* and *more convincing every day*.

The Christian Churches however seem to be still asleep, because they have not yet reacted to the formidable apparitions happening on all continents. CHRIST is calling you with HIS clear voice – and a lot of people begin to listen, but priests and parsons only hear the voice of political organizations.

Christian Churches, GOD asks you to wake up!

The directly manifested voice of the LORD spoke in *Heroldsbach*. – It was *ignored* by priests.

To study the bible correctly *requires* a comprehensive study of occult phenomena. The ignorance of your church representatives in regards to the purely supernatural field of knowledge is almost criminal. GOD wants to enter his own Church and be represented *everywhere* with his supernatural VOICE through his genuine and authorised instruments. But the Church made a pact with the devil, *it is afraid*, it fears lies, falsifications, the unknown and the supernatural. – *But fear is a sin!* A Church that *fears* the supernatural, ergo fears GOD’S voice, it *not* the right place for the proclamation of a truth that is destined to deliver the world. CHRIST censured the Pharisees. CHRIST censures the *meek* nowadays that are afraid and he will ask all of them to give account of *why* they were afraid.

- *A new biblical era of truthful proportions stand outside the doors of the Christian Churches.*

It is time to finally listen to the voices from ANOTHER WORLD! – Listen to the *Christian revelation-spiritualism* and allow it to enter his Churches or the pillars will topple and bury the priests in their rubble.

The GUARDIANS of Christian order,
the CHERUBS.

Question and answers

May 1958

Question : The Christian Churches do not want to admit to having spread preached mistakes for centuries.

ARGUN : They do admit it *indirectly*, but not directly. They wouldn't want to do this. They would no like to be ashamed.

* * * * *

Question : What do you call your spiritual religion in your spiritual realm?

ARGUN : *SPIRITUAL FAITH in GOD*. But we can continue to call it SPIRITUALISM.

Question : The Church is not prepared to take a stance in regards to the *nuclear question*. It does not know how to teach people to live in a truly Christian way, because it also wants to serve the respective rulers at the same time. Did we grasp this correctly?

ARGUN : This is unfortunately the case. The Church does not side with GOD, but with infidels, with mankind's destroyers. There are however a few exceptions. Thank GOD!

Question : The Church hides behind its immunity. Those in responsible positions *do not want to be criticised*. They retaliate the moment this happens. What do you say to that?

ARGUN : The Church must also tolerate criticism. The truth must allow criticism *for its own sake*.

GOD'S tribunal (By Herbert Viktor Speer)

This human race has a guilty conscience. Past generations also had a guilty conscience. But it is nowadays probably a lot worse then ever before. No surprise therefore that seers and prophets begin to stir and try their best. But can one believe them? That's another question.

The Bible is consulted and the Revelations of John in particular are scrutinised with exceeding fervour. The greatest threats ever spread have been worded in recent times. Many believe to know the day when GOD will eradicate mankind on Earth. – Others assert that all positive people will be collected by the spaceships of their brothers from other stars in order to avoid the terrible massacre that is looming. These are not simply empty words, because they are disseminated under the trademark of being “psychic”.

One of our venerable readers writes:

“You Menetekel seems to be the only script of this type that does not propagate the idea of a tribunal.”

We truly keep away from all cultic or religious enthusiasms and speculations, otherwise we could have already disbanded our *Psychic Peace Circle*. But as sin’s measure has been overflowing for some time, we also do not dare to doubt.

However, what is the situation with this divine tribunal? Is this world, respectively this epoch in time actually facing the biblically heralded end of times? If the Holy Scriptures are to be regarded a book that contains the absolute truth, there can be no doubt that mankind of this generation must surely be thought of as the “*great whore*” and the world one single large “*Babylon*”. But we have access to an excellent SPRING whose HOLY WATER has been tested and analysed often enough. We asked our spiritual GUIDANCE often enough about what it can tell us about GOD’S announced tribunal. Well, these MESSENGERS of LIGHT, whose trust we enjoy, told us about it. It can be repeated in a few words:

- *The Bible is a sacred book that contains many a truth. A lot of fictitious things have however been added, a lot of things falsely translated and lots has been falsely interpreted. The ANTI-SPIRIT did not sit idly by, but added his inspirations and false messages. The prophets of old were often open to inspirations from ABOVE and BELOW at the same time and not in a position to separate good from evil. All supernatural revelations were thought of as being of absolutely divine origin. Lucifer and his messengers were smart enough to hide behind GOD’S name.*

Therefore, those that read the Bible must also utilise their own sense of logic! They must make their own separation between good and evil, because it is unfortunately lacking. Only a few had the courage to correct these mistakes, but they were persecuted by conservative church officials and branded heretics.

- *The truth is irrevocable: GOD is LOVE and not an avenger! – The biblical floods were not a trial by ordeal! – Universal, eternal LAWS take care of justice and recognition. Every trespass against these UNIVERSAL LAWS atones itself. The greater the degree of the sin the greater the degree of justice.*
- *If mankind prepares the destruction of its world, justice enters the picture the moment the universal LAWS come into effect. Man or mankind challenges the tribunal to the same degree as the destruction he or it strives for. Don’t believe for a moment that GOD will inactively stand by and allow things to happen. No, the LAWS work with precise accuracy for HIM. Man has his free will, but not to a degree where he’s allowed to attack and destroy divine creation.*

It is finished (Messages from the spheres of divine LIGHT)

During a conversation with an active *evangelical priest* the following exchange of words took place and they were recorded on tape:

Leader : GOD'S revelations have not come to a close. The evidence for this has been presented to us week after week through the MESSENGERS of LIGHT, the TEACHERS from the CHRIST-SPHERE. Passages from the Bible are also corrected.

Priest : All revelations came to an end once and for all after CHRIST died on the cross, which in turn had the effect of bringing redemption for all people.

Leader : According to our experience, man must *collaborate* in this redemption process, it is not an accomplished fact.

Priest : The Earth with its humanity goes to the dogs.

Comment: What blasphemy! Something a Christian spiritualist would find impossible to commit.

Leader : GOD is not interested in destroying his own creation.

Priest : You are dealing with a totally false CHRIST. You do not have a right at all to display a crucifix here on this table.

Leader : Yes, we do indeed have a different concept of CHRIST, because we believe that HE shows us the way of redemption *even nowadays* and that he also continues to teach us through his MESSENGERS of LIGHT. This is the act of bringing *salvation to mankind*.

Priest : CHRIST said on the cross: "It is finished!" With this he meant mankind's redemption. There is nothing you can say to change this.

Leader : Where is this interpretation to be found? – In the Bible? – In the New Testament? – We will ask our spirit GUIDE ARGUN what CHRIST really meant with these words.

ARGUN : **John 19 verse 30:** Jesus drank the sour wine and said: "It is finished!?" Then he bowed his head and died. – GOD sent a TEACHER to the people at that time; HE knew that this TEACHER was an *immaculate* child. These doctrines were supposed to help mankind to find its way out of its many sins, to change and to act according to GOD'S commandment and wishes.

The people persecuted this TEACHER GOD had sent. Particularly priests were antagonistic towards him and – as is still the case these days – were neither prepared to accept changes to their terrestrial powers nor criticism of their doctrines.

- *The fact that people persecuted CHRIST, betrayed him and called him a criminal, then convicted him and delivered him to the cross added to the general human sin to an unimaginable degree.*

Even CHRIST got a fright and feared that people would feel the wrath of GOD for their rejection and blasphemy, for their cruelty and abjectness. This is why he said to the LORD: *“GOD, forgive them for they know not what they do!”* – But the sin was carried out to perfection. An ungodly people handed a tortured, dying man *sour wine* instead of water. This made Jesus moan and dying, he spoke these words: *“It is finished!”*

Question : *What is finished?*

ARGUN : The unimaginable sin committed by mankind is finished. – GOD’S rejection is finished. – Cruelty and ruthlessness are finished. – The prophesy is finished. – The performance of this act triggered an ungodly period of suffering for a human race that lasted for millennia and unless individual souls try, with the help of CHRIST’S DOCTRINES, to extricate themselves from this sin, they will never be able to leave this Earth.

- *But all human beings are able to gain their redemption, namely through acknowledging and compliance with the positive doctrines CHRIST taught the people here on Earth.*
- *CHRIST still teaches sedulously these days and HE sends TEACHERS from GOD’S realm to you, who talk to you through mediators.*

Comment: We can see how the Churches dupe themselves through their interpretation and how they do not afford mankind a positive service in the process. Politicians and leaders in the field of economy also have a confession, but for as long as they do *not know* the unadulterated truth, they will fail to amortise their sins.

* * * * *

Questions and answers

Question : How can we best achieve a unified, truthful religion?

AREDOS : By *simplifying* politics.

- *Amalgamate your social interests and be more generous with setting boundaries. Remove customs and passport difficulties.*
- *Do not put up with the arrogance of church officials.*
- *Remove all restrictions where the interests are the same.*

Question : Is the position of one’s body important, for instance prostration during prayers?

ARGUN : Well, *it doesn’t play a role.* – Only a *genuine* desire to pray is decisive and it will carry the VIBRATIONS far away.

Question : Do you have any information about the Pope’s homecoming? What was his reception in the spiritual realm like?

ARGUN : The Church Father selected by the Catholic Church, *Pope Pius XII*, received a hearty welcome in our REALM. He carried out his mission within the terrestrial plan to our satisfaction. He was a good archetype for you, because he was a human being who really tried to forget his own ego and who was only here for his fellow men. A lot of tasks await him here too and you can believe me when I say these will be fulfilled by him also. There is no reason for sadness.

Question : Is it true that the Pope is supposed to have left a *Christ-legacy* (psychic message) behind?

ARGUN : Yes, it is a fact and he will be active from the other sphere also. He was one of those *real* Christians, not one who called himself that, but one who *acted* like one!

Question : Will this *Christ-legacy* be published by the priests of the Vatican?

ARGUN : We are not allowed to tell you about it.

Question : How do you assess this black priest in the USA who embodies the Christ-spirit, who causes quite a sensation these days?

ARGUN : We *fully acknowledged* him, because he strives for goodness. The equality between the races still causes a lot of indignation in the USA. Here in GOD'S great realm there are *no* racial issues and *no* confessions, only *one* LORD and *one* way. We would like to guide all of you along this way.

* * * * *

January 1959

Question : We saw the *inauguration of the new Pope* in a very well produced colour film. The enormous pomp and ceremony and all that kissing of feet disgusted us. How does the spiritual realm assess this cultic behaviourism?

ARGUN : This cult is after all a dogma and nobody is game enough to reform these old traditions, because that would turn them into Protestants.

Question : People generally look for progress but the dangers for us mount just the same. Where is the centre of ignorance to be found?

AREDOS : Unfortunately in Churches and sects. The leaders of this human race personally turn away from all religions, because they are *demonstrably misleading* and *full of contradictions*. This creates this centre of ignorance and it is entrenched in almost all universities on Earth.

Question : How can this evil be remedied?

AREDOS : Solely through a faith in COSMIC HELP. *Your friends from other star systems are your only hope*. Believe in them and do not deride them! Faith in the helpful existence of your space brothers will presently and in future be verified through physical and simultaneously through supernatural facts. This in turn will also remove the centre of

ignorance.

- *Divine help surpasses by far all the knowledge of all the universities of this world. But this help takes its own time. Impatience is a false measuring stick.*

Question : What are the main mistakes within the Christian doctrines?

- AREDOS :
- *A completely false image of LIFE in the hereafter.*
 - *A mistaken concept of CHRIST'S task of redemption.*
 - *Ignorance in regards to the dying process.*
 - *False assessment of actual sins.*
 - *An extremely deficient interpretation of the Holy Scriptures.*
 - *Inconsequence.*
 - *Dogmatic stubbornness.*
 - *Arrogance.*

* * * * *

Question : There are married couples that were *not* married in Church. How are they assessed by the spiritual realm?

ARGUN : When you ask to be blessed, and this from the bottom of your heart, this blessing will be forthcoming. But a marriage ceremony held in Church is a solemn, festive and unforgettable moment in anyone's life.

Question : What should be done when either partner is of a different confession?

ARGUN : They must then come to an agreement. One or the other will have to willingly adapt to the other one, because they both believe in the LORD and they both want the Church's blessing. The Church, the confession is then *no longer* the decisive factor.

Question : Is it therefore recommended that one adopts the religion of the other?

ARGUN : Yes, they both believe in the LORD, don't they? – We make allowances if one or the other doesn't believe in the LORD, because this means that they are ignorant; but there are no boundaries if they love the LORD.

April 1959

What is superstition?

Superstition is the *distortion* of occult experiences.

One explored all the countries of the world and searched all islands of the world. Supernatural phenomena appear over our whole planet. All of world literature in all languages and dialects verify the superficial contact with a *fourth dimension* in millions of editions. There is hardly a novel, a narration or fairytale where supernatural contact in one form or another is not verbalised.

Demonic dances throughout East Asia and all nations of the Pacific show that people took the world of the hereafter serious and acted accordingly. A lack of insight in regards to the LAWS of the world of the hereafter is the reason why one tries to banish evil demons with the help of demonic masks and wild dances.

- *All of these demonic dances eventuated based on portrayals by psychic human beings that were either clairaudient or clairvoyant. With the help of their natural psychic abilities, these mediums saw the lower spheres of the world of the hereafter that specifically envelop this terrestrial globe.*

The supernatural grimaces of these inhabitants of the hereafter caused fear and terror. These masks were modelled on these portrayals, but in an exaggerated form. If one were to dismiss all of these demonic dances and the whole demonic cult, one would commit a scientific mistake. The cults of the Asiatic and Oceanic nations did *not* spring from fantasy, they were *distorted by fantasy*. This type of superstition is *the wrong behaviourism* towards the world of the hereafter and its INHABITANTS. – These demonic dances with devils grimaces certainly do not banish evil spirits (souls) – on the contrary – they *attract* them! This mistake naturally contributes to making base influences even *more powerful* than they already are.

Let's look at the fables from Persia and the Orient. All of these narrations contain supernatural phenomena, they actually have the whole physical spiritism as subject matter. *These are accounts based on experiences*, magicians and sorcerers were experts in classical spiritism. They asserted a claim on the willingness of *earthbound* spirits, the way this is still possible nowadays. The narrators who propagated these fables did however embellish them with exaggerations. But if one compares all of these phenomena with today's scientific spiritism, one finds that these fables are not mendaciously invented stories. It is wrong to denounce all of these tales as part of these people's superstitions.

But there is *genuine* superstition in spite of this and it has its justification in a sense in regards to the belief in untruths. To combat this superstition *is a duty* that has to be carried out *with due care and attention*. Spiritism's phenomena are *on no account* superstitions, the same applies to the messages and indoctrinations spiritualism disseminates in so far as the mediums are *reliable*. Astrology can also not be regarded superstitious nonsense in so far as we're dealing with *real* astrology. Real superstitions are for instance the objectionable copying of spiritistic phenomena in the form of *occult confidence tricks*, the *intentional falsification of psychic transmissions* and *profane house-spiritism* if it has contact with hoaxing spirits that should never be given credence to. All self-important *pseudo-mediums* and other abnegators are naturally also part of superstitions. Superstitions are usually connected to a sense of *eeriness* or *fear* and in an extreme form, *genuine insanity*. This clearly shows us that *all* superstitions are a form of ungodliness.

- *The higher forms of occult phenomena know no eeriness – actually signs of fear are lacking altogether.*

* * * * *

Questions and answers

Question : One now tries to fight against superstitions. Does combating superstitions combat religion at the same time?

AREDOS : Superstition represents the *wrong behaviourism* in regards to the influences of the WORLD of SPIRIT. Such a lot of superstitions appear in religions, respectively in the various confessions, that a catharsis would be welcome. This catharsis may however not lead to total ungodliness.

Comment: What separates spiritualism from the confessional Churches and other sects? It is the mendacious and dangerous *dogma of the soul's eternal sleep*. There is no long sleep after death, but a fully conscious, *immediate resurrection*. This spiritual FORM of EXISTENCE is not separated from us, it is only difficult to discern. We are however to blame for this.

* * * * *

May 1959

Question : How does the spiritual realm assess *absolution* (forgiving of sins), the way it is practiced by the Catholic Church?

ARGUN : To explain to the Catholic Church that *only the LORD* can forgive sins is difficult. This is one of the mistakes in the Bible. This is why we have been called upon and instructed to correct this mistake. The Church unfortunately becomes our *enemy* instead of GOD'S helper. – Most churchgoers believe *without FAITH* and therefore know no scruples. But when people begin to contemplate things they end up fighting an inner battle. Once people turn away from dogmas, they will get a lot closer to GOD. A miracle will then often take place and people will ask themselves: If there are miracles, there *must also be a GOD*. They will reach their goal one day and they will see that their search was worth while.

* * * * *

June 1959

The *Psychic Peace Circle, Berlin* does not practise necromancy. We entertain contact with Christian TEACHERS from GOD'S REALM. Our motto is: *Love your neighbour and communicate the great law of ETERNAL LIFE to him in a comprehensible and tolerant way*. Those that serve the truth help GOD – and GOD will help them. This is reciprocation in action.

September 1959

Question : An ARCHANGEL is supposed to have visited the *Castel Sant'Angelo* in Rome?

ARGUN : *No, certainly not.* It was a different eminent ANGEL. But it would be wrong to believe that it was MICHAEL. It was a MESSENGER of GOD in any case.

Question : In regards to the messages in "*Veritas Vincit*", a theologian asked us whether one could gain ENERGY from it at all. What do you say to that?

ARGUN : As a Theologian who made it his business to indoctrinate his fellow men, he would *certainly* have to deal with UFOS, otherwise he is as ignorant as those who ask him about them.

October 1959

Question : There are lots of theologians who assert that the Bible is the *only* book where one can find GOD'S word. They therefore reject all other messages. How can one change their mind?

AREDOS : The Bible doesn't contain one single message from GOD. On the contrary – it is just a large collection of numerous philosophical contemplations, historical events, all kinds of conflicts, reports of wars, dreams, priestly customs and traditions, rules from egotistical despots and psychic prophesies.

- *The Bible depicts CHRIST'S life and deeds in a relatively correct traditional form. Hundreds of people from various epochs made a contribution to the Bible. The Bible is therefore never GOD'S only and last word.*

Question : The Christian Churches however assert that the Bible, and therewith GOD'S word, is complete. Why does one reject all attempts to continue with writing the Holy Scriptures?

AREDOS : Almost all continuations of the Bible would be in the form of *incising* corrections and reformations. The Fathers of the Church are not interested in dealing with the mistakes within the Holy Scriptures. Such an attempt would bring about an enormous revolution and one tries to prevent this with all available means.

- *The SANTINER'S mission is first and foremost the Holy Scriptures.*

Question : Great differences of opinion exist in regards to the veneration of religious paintings. What has the spiritual realm to say about pictorial cultism?

ARGUN : *You are not to venerate paintings* – but you can adore them as witnesses of ANOTHER FORM of EXISTENCE just the same. A human being who wants to spread the truth must, for the sake of the truth, keep his ears and his eyes open so that he is able *to compare* the written word with actual events. But to understand the art within paintings requires a special language. So in order to correctly understand them, one has *to learn* this language.

November 1959

Question : Are we dealing with a genuine CHRIST phenomenon with the stigmata (wounds) suffered by *Therese Neumann von Konnersreuth*?

ARGUN : Yes, these are legitimate wounds, but they represent a heavy karma for *Therese*. She blasphemed CHRIST on the day of his crucifixion. She now has to ablate this karma. She is unfortunately not aware of this. Catholics think that she is a Saint, but *the exact opposite* is actually the case. She is supposed to gain humility through CHRIST'S suffering, but she regards herself as one of the chosen ones. She will now suffer her stigmata for the last time.

Question : Is it true that in the region of Dandazzo in Sicily, a statue of Christ raises its hands to bless people and this a number of times a day?

ARGUN : *Yes, this miracle is genuine.* There are lots of such phenomena and they do not always reach the public. We are dealing with an endeavour by the positive WORLD of SPIRIT to draw attention to CHRIST and his HELPERS. Such miracles demand very strenuous preparations. We are dealing with a very difficult to realise phenomenon, namely to change atomic structures to then recontrol them *without* infringing on GOD'S laws of nature.

- *A supernatural miracle is therefore always a natural event – even if it remains incomprehensible or inexplicable to you.*

The object of such phenomena always consists in *animating* the doubter *to think*. There are a lot of doubters specifically amongst scientists and doctors. These endeavours are specifically directed at them.

AREDOS : Magicians and illusionists are to a large degree responsible for the general ungodliness of this human race. They *falsify* spiritual miracles and phenomena and *destroy faith* in the process.

* * * * *

Question : Is there a difference between praying to GOD or to CHRIST?

ARGUN : • *Pray to GOD when you're absolutely distressed.*

- *If you're dealing with things a friend would understand, pray to CHRIST.*
- *In regards to things a girlfriend or mother would understand, pray to MOTHER MARY.*

The one you are mostly drawn to is naturally your own choice. However, GOD is always there for you. CHRIST will also always do his very best for you. If you pray to CHRIST, please ask him with humility to *pass on* your request to GOD as your ADVOCATE. It suffices to ask CHRIST unless you are in dire straits. He will always be your ADVOCATE.

* * * * *

December 1959

Question : Why did theology nominate Earth as the *only* planet where human beings live?

AREDOS : Theology declared all verifiable technical and scientific insights as the work of demons and the devil and this also includes astronomy, astrology and telescopes.

Question : Does the coming TRIBUNAL provide relocation or a different type of punishment for negative people?

ARGUN : People, that is to say, all human beings will be judged, but only after having been relocated in the spiritual realm. In other words:

- *A negative soul is at the mercy of damnation, but not eternal damnation if of good will. Every soul can be redeemed through CHRIST if it follows the LIGHT. Salvation always demands sacrifices and the price to pay is high.*

Question : Is the text of the “Lord’s prayer” still correct?

ARGUN : No, a lot of things have unfortunately been changed. Today’s “Lord’s prayer” is *more of a demand* than a prayer. But when the HEART speaks a prayer, this prayer gains a lot of ENERGY.

Question : What is the spiritual realm’s attitude towards illegitimate children?

ARGUN : The spiritual realm shows *a lot of compassion* for these children, because many of them have adopted this karma *voluntarily*. A terrestrially just legislation is still lacking here. We hope that this will be amended in 1961.

- *Illegitimate children are often the victims of their parents who are not prepared to spend their lives together. The law must severely interfere here, because males balk at their responsibility most of the time.*

The father doesn’t have the kind of contact that exists between a mother and a child, because the child’s soul already hovered around the pregnant mother. The male does however not perceive this. What is the case most of the time is that the male is *predominantly ethereally dense* whilst the female is *highly psychic*, sometimes even *clairaudient* at that specific time. It can happen that she sometimes perceives the voice of her developing child. She doesn’t quite comprehend later that she could hear the voice of the child before it was born.

Question : Can you please tell us why expecting mothers sometimes exhibit negative trait, like for instance stealing etc?

ARGUN : They are then affected by alien, that is to say, supernatural INFLUENCES. But if the expecting mother had psychic abilities *before* becoming pregnant, she might become highly psychic and will be pulled to and fro. These mothers require a lot of distractions, but these have to be harmonious. If the mother has a Christian attitude and wants what’s good and beautiful, she will have a positive influence on the incarnation.

Question : Ungodly nations do have an influence on mothers to be so that a danger might exist that makes evil incarnations possible. Is this correct?

ARGUN : This is mainly up to the person concerned. A lot worse is the influence on the child later, like for instance bad examples, like educating them to think along ungodly lines etc. Bondage is also very dangerous, because it leads to rebellion against all divine insights. This is why *oppressed* nations are *specifically* inclined towards ungodliness, well even fanaticism.

Question : The Christian Churches are not interested in karma. Did CHRIST indicate that karma exists?

ARGUN : But certainly. CHRIST showed *a lot of* support for it. But all of these notations were *extirpated by the Church*, because they were in the way of the Church's purposes and dogmas. One propagated the soul's eternal sleep instead. We have been charged with removing this aberration, even if we encounter fanatical resistance.

Question : But you are experienced in regards to the best way to talk to ungodly people to make the truth comprehensible to them. Can you give us a hint to show us the best way to carry this out?

ARGUN : Positive and negative people are *separated* in the spiritual realm. This doesn't exclude the good souls from having the opportunity to enter the SPHERES of DARKNESS. We find it difficult to talk to an ungodly soul in a fashion that will make them follow us. They attack us, they blaspheme GOD and challenge us in every possible way.

- *But at Christian Holidays, particularly the Advent Season, the apogee of the Christmas Season, JESUS CHRIST, the SAVIOUR, enters the SPHERES of DAMNATION in the form of a bodacious, brilliant LIGHT and encourages the souls there to follow him and to turn to the LIGHT of indoctrination.*

As a follow up to this request, we also endeavour to guide as many souls as possible from this calamitous DARKNESS. Only those that follow us voluntarily will be guided. We may not be pushy in any way or make false promises. But the redemption under the guidance of the SAVIOUR *is enormous*.

- *The greater THOUGHTS of LOVE and EFFORTS of LOVE become on Earth, the greater the effect of the ENERGY and the yearning for the LIGHT.*

Support the WORK of REDEMPTION with your genuine LOVE! Burning candles have now great meaning!

Question : The *Jehovah's Witnesses* promulgate the idea of the "Last Judgment". Is there such a thing, because the dead do not sleep in their graves as one previously, erroneously assumed?

ARGUN : *The "Last Judgment" isn't here yet. It concerns Lucifer and not the rest of mankind. This version in the Bible is incorrect.*

All souls that enter our realm must however *voluntarily* front judgment. If they do not do this and avoid judgment, they will aimlessly roam around the dreadful SPHERE of DARKNESS or *instigate further calamities on Earth*. – If these souls gradually come to their senses and realise that judgment is unavoidable and finally find the courage, they will front the HIGHEST TRIBUNAL. An EMINENT ANGEL will be the “arbitrator” and their GUARDIAN ANGEL their “advocate”.

- *The soul then knows itself and also adjudges itself. – Every self-proclaimed judgment asks for atonement.*

This inescapable COURT of LAW may not be confused with the “Last Judgment”! Lucifer must *voluntarily* front this court on *that* specific day. He is also unable to avoid this and he absolutely dreads this day.

- *If Lucifer doesn't front this court within a specified period of time he will no longer be viable, because GOD will extract his LIFE FORCE. This is why Lucifer draws additional ENERGY from a negative terrestrial humanity, which in turn becomes increasingly ill.*

AREDOS : If Lucifer were to front the HIGHEST COURT for the “Last Judgement”, GOD would be his arbitrator and CHRIST his advocate. This would be his salvation, because he could never find a better advocate.

But for as long as Lucifer can suck LIFE FORCE from a negatively aligned human race, he will defer his own judicature. If there were *no* negatively aligned human beings on Earth who unknowingly act like “blood donors” for him, his “Last Judgment” would arrive a lot sooner.

- *You have no idea about the dangers you're exposed to for as long as Lucifer acts like a VAMPIRE, a BLOODSUCKER on the health of this terrestrial human race, made easy for him alone through smoking and other dangerous vices.*

March 1960

Question : Why are priests not able to correctly elucidate mankind according to GOD'S will?

AREDOS : *Without divine insights of a personal nature, people are spiritually blind.* The blind can however not be leaders. They lead people into calamities and into an abyss. This is why blind leaders must first be guided by a HIGHER SIDE. People from other planets have taken on this assignment.

Question : Do souls organise themselves according to *confessions* in the spiritual realm?

AREDOS : Neither races nor confessions can organise themselves in such groups. Likeminded souls certainly attract one another. But there is only *one* true religion in GOD'S realm and all religious trends must eventually aim towards it. Everything is in constant flux. Catholics for instance find opportunities to sin *easier*, because their burdened conscience can *allegedly* be eased through confession.

- *The Church dogma of confession pulls the wool over people's eyes and this will come back to haunt them in our REALM one day. Every soul, every human being has its own personality and is responsible for it. No priest has the power or the right to change anything about it.*

* * * * *

May 1960

Question : Why did the Christian Churches not make good use of spiritual potentialities?

AREDOS : The Princes of the Church have often enough tried to establish spiritual contacts, but as they are not humble and modest enough and also possess many other shortcomings that stand in the way of positive contacts, they unfortunately only got as far as demons. They were hoaxed and lied to and became afraid of all spiritual contacts. They have at least the evidence that a hell exists and they therefore had to *perforce* acknowledge that a GOD and his HELPERS also exist, even though they were unsuccessful in the endeavours to advance to these spheres. *Pope Pius XII* was an exception, because he was highly psychic and he meditated a lot.

Question : Do you know the reasons why they preferred blood sacrifice?

AREDOS : *The blood is the carrier of the soul.* – It is eminently qualified to carry the subtlest of impulses and currents of various forms. Apart from this, it also contains the ENERGY that is called “OD” and it represents a form of INTERMEDIATE MATTER, a *mixture of spirit and matter*. This wonderful ENERGY is utilised by those in the hereafter so they can be perceived in the here and now or so they can facilitate their communications with the here and now.

- *Blood sacrifices should support these phenomena, because one found out that all fresh, warm blood benefits such supernatural phenomena. This is why a lot of soldiers experienced occult miracles during bloody battles or in field hospitals.*

* * * * *

September 1960

Question : Can you explain to us the true meaning of the Christian *Holy Communion*?

ARGUN : CHRIST'S Holy Communion *is symbolic*. You *believe* that it has the power to free you from your sins.

- *Holy Communion is taken much too often and this makes it lose its true meaning. Once a year, but with a genuine desire!*

But it is still *just a symbol* for those that believe in divine POWER. Holy Communion also has its symbolic pertinence in the spiritual realm, namely: *Those that receive also have to give*. Apart from this, it also expresses the togetherness with CHRIST'S LOVE. Those that receive Holy Communion here commit themselves to walk hand in hand with CHRIST.

Question : How do you assess all the many varied cultic activities?

ARGUN : We reject almost all cultic activities, be they in the form of punishment or dances. *Cultic activities have nothing to do with the truth!* Cultic activities do not belong in the Bible and should not be used for atonement purposes. Only the sentient spirit and not inflamed matter can bring about atonement.

Question : The Catholic Church demands from confessing sinners a penalty, for instance ten *Ave Maria* etc. How does the spiritual realm assess this?

ARGUN : This is a Church dogma and not GOD'S LAW that demands something like this. Penalties meted out by the Church *are not from GOD* and therefore have nothing to do with HIS JUSTICE. Priest and parsons go about their business, but most of them do not feel GOD'S warmth.

- *A committed servant of GOD does not allot punishment, but includes a lot of LOVE in all his words.*

Question : Is visiting a church an absolute necessity in regards to one's faith?

ARGUN : Of what use is a fully peopled Church if nobody in it *truly* believes? – The words directed at GOD do then not have the right FREQUENCY and simply fly away. We prefer ten genuine believers. But it is already enough if the words are spoken from the heart. It is not the punishment that convinces people, it is solely LOVE.

* * * * *

October 1960

Question : We ascertained that most people *behave abnormally* when it comes to religion or denomination. Can you tell us something about the *normal* amount of respect and reverence?

ARGUN : Nobody should exaggerate anything, particularly not when dealing with GOD'S truth. Religion, that is to say, veneration should be restricted by as healthy sense of *faithful* feeling. This feeling must not be openly displayed. Do not get lost in fanatical enthusiasm and do not speak meaningless words.

- *Everything that comes from the heart is within normal boundaries!*

Question : How does GOD'S realm assess the Catholic Church's servility?

ARGUN : This is unfortunately a human dogma and *not* GOD'S will. GOD'S will is LOVE and harmony, the willingness to help, but not constraintment and coercion.

- *GOD does not coerce! HE allows the heart to speak and as far as HE is concerned, only what the heart says counts. Empty words do not impress HIM, but everything from within, from feelings – and is it ever so spontaneous – will be heard and will find an equitable reply.*

Enforced prayers do not find favour. An enforced visit to a church does not bring enlightenment, *only* an inner need to pray will.

Question : Do prayers by the whole Church congregation make sense?

ARGUN : Only when they come from the heart.

Question : Churches, monasteries and convents often impose penalties, for instance praying the Lord's Prayer ten times in a row. How do you assess these types of penalties?

ARGUN : What is it? – It is stereotypical and therefore demonic. It does *not* bring relief, it is simply a penalty imposed *by human beings*. A *genuine* prayer and a *genuine* feeling for it are not always present. – Life has many duties and they distract from thinking divine thoughts. We fully understand this and regard it a matter of course. But if a *genuine need* for devotion is there, if *the desire* to send one's thoughts in the form of a prayer is there, everyone will find *a minute* to pray.

Question : How do ordinary thoughts differ from a solemn prayer?

ARGUN : A prayer requires *the appropriate VIBRATION*, because it is otherwise not a prayer, but only normal talking. We endeavour as best we can to help you. But as most people are guarded, they cannot be helped as they do not sense our presence.

- *We try as hard as we can to verify our existence to you, but all you do is laugh about it. You are amused by all physical phenomena, because you think them funny, but they actually verify the existence of GOD'S REALM.*

Question : How can we consciously produce better VIBRATIONS?

ARGUN : You may not be indignant in any situation. You may not allow yourselves to let go, but must always remember that you are dealing with human failures and *not* with spiritual failures in almost all cases.

December 1960

Question : Which terrestrial religion comes closest to the truth?

AREDOS : *There is no other religion than self-knowledge*. All other endeavours are futile and lead to insanity or subjective contemplation.

Question : Why is it impossible for the spiritual realm to produce a visible phenomenon that would convince people *fully* and *unambiguously* of GOD'S existence?

AREDOS : If GOD were to show himself personally in his full glory, Catholic priests would immediately say: "You have seen the devil in his negative aspect." – But little phenomena take place here and there in spite of this, like for instance on the church steeple of a clinker church in the Nowolipki Street in Warsaw, Poland.

Question : Is it true that Lucifer and his helpers participated in writing the Bible?

ARGUN : *Yes, this is unfortunately true.* The truth was cleverly covered up. This is why it has to be uncovered and this requires a lot of patience and deliberation. But *we* help you uncovering it!

Question : Christian priests and parsons sometimes show veritable animosity towards those that committed suicide and their relatives. How do you assess this behaviourism?

ARGUN : Divine LAW binds people, according to their level of development, to a very specific sphere. Suicide will rate a soul *down* the developmental scale; *never* upward.

The Churches are *almost criminally ignorant* in regards to death. The survival of the soul after death is no utopia. Injustice and lies have no right to tolerance. This also applies to priests; because they are faced with the divine accusation of reckless murder, because they *consciously* lead people astray with their dogmas.

- *The Bible lies when it tells you that like must be requited with like.*
GOD'S LAW states: Help others through prayers, but do not allow yourself to be dragged down by showing compassion for those that *know all too well* what they do.
The wish: LORD, destroy our enemies *has a boomerang effect!*

Something about superstition

Faith stands vis-a-vis of superstition, the distortion of the truth, which is actually part of the most powerful evidence of faith. –

The Pharaohs already knew 4,000 years ago about life after death and this is why they had the pyramids built for them. Otherworldly lore (transmissions) about a life in the hereafter already reached them on those days – but they had an incorrect concept of such a life. – The most primitive native tribes know about life in the hereafter and they fear the souls of the people they persecuted and killed. Just like everywhere else on Earth, the lore of life in the hereafter also reaches them. But their lower cultural development robs them of the opportunity of *correctly* assessing the phenomena they encounter. The people from the South Sea regions are also highly psychic and hear the souls from the world of the hereafter.

This seems to be a cultic illusion to the “enlightened” European. But superstition is *no* illusion in a lot of cases, but the uncomprehending and absurd behaviourism of people in regards to genuine otherworldly phenomena.

In all of East Asia, the Orient, almost all of India and Africa as well as with the Indian tribes of North and South America, well almost everywhere on Earth, otherworldly phenomena are observed and feared *daily*. These observations made by psychically gifted people, separated by miles, can be jointed into a homogenous observation in spite of this. The characteristics and the appearance of spirit beings are *concordant* and the same everywhere. But Europeans *flippantly* permit themselves to talk about a “ghost superstition” just the same. Such behaviourism against a mass-observation is *unscientific* and deplorable. It gives these researchers even more the creeps than the native tribes who find it necessary to defend themselves against feeling threatened by the

hereafter and its ENTITIES accordingly through cultic, but *absurd* behaviourism. The phenomena that led to that kind of behaviourism are on no account part of superstition. They represent a generally known fact all over the world. If one did not ridicule and persecute all those that delineate such experiences in an ungodly manner, the enormous plurality of such perceptions would be beyond counting.

All the other religious denominations also created their *own* cults that might not be as distorted and fantastic, but very *pompous* and *mendacious* just the same. These cultic acts also belong to all the other superstitions. What mankind is lacking in this case is simply and solely a healthy, undistorted attitude towards the supernatural, respectively towards GOD and his intelligent REALM. Every seriously aspiring spiritual human being must therefore try to *distance* him- or her-self from cultic behaviourisms. Allowable cultic behaviour can only be tolerated in regards to harmony and LOVE, everything else is theatrics and hypocrisy.

- *We have to respect GOD as a conscious and active POTENCY.*
- *We have to acknowledge the positive SPIRITUAL REALM and respect its eminent PROTECTION and its spiritual GUIDANCE.*
- *We have to keep our distance from undeveloped, misanthropic and loveless sectors and awaken and indoctrinate those entities of terrestrial and spiritual existence only through our own example.*
- *We have to improve ourselves, strive for a higher form of existence and not hope for a completely unfounded impunity, without having done anything towards deserving this forgiveness.*
- *Do not support the devil's cult on New Year's Eve. It is Lucifer's answer to Christmas.*

Questions and answers

January 1961

Question : A lot of people still undertake the pilgrimage to *Heroldsbach* in order to experience a miracle. Do miracles really take place there?

ARGUN : Miracles do sometimes take place in Heroldsbach. But these miracles cannot reveal themselves in their desired way, because people supplant such divine phenomena into their exact opposite through their *religious fanaticism*. Fanaticism is mankind's great misfortune.

* * * * *

February 1961

Question : The Churches teach the faithful an aberration, namely *eternal sleep* for the departed until Judgment Day. This apparent separation from the departed distresses people immensely and their mourning robs them of all enjoyments of living. What do you say to this?

ARGUN : The deep sorrow, particularly a long period of mourning, felt by the relatives is a great mistake, because it pulls the soul that has gone home back over again. This *elongates* its path to GOD. The Churches unfortunately promote this mistake.

- *Judgment Day is the very day individual souls come to us. The separation from physical matter connotes the spiritual resurrection at the same time. All souls experience this resurrection, whether good or bad.*

If a soul failed in its incarnation it will mix with *like-minded* souls in the hereafter. If a soul was good during its life on Earth, it will continue along this path in the hereafter also. Everything in the hereafter is of a *superlative nature*, the good and beautiful as well as evil and ugliness, intelligence and dullness, as well efficiency and superlative slothfulness.

- *But one thing that doesn't exist is eternal sleep and the bit about "rest in peace", these are lies spread by the Church.*

Life can separate from the body, but it cannot be extinguished, because life is *neither* of a physical nature, *nor* physical energy, but a *perpetual INHERITANCE from GOD*.

* * * * *

March 1961

Question : Is it possible for someone to evolve higher *without* religious guidance, even if he exerts *no* effort in gaining a belief in GOD?

ARGUN : Yes, this is absolutely possible. There are people who call themselves to account and who try to remain decent human beings in every way. This can however only develop further through the positive GUIDANCE of their GUARDIAN ANGEL.

- *You do not have the right to call one or the other a heathen. There are only the ungodly, the lost and the ill. Human beings are by no means heathens for as long as they have their GUARDIAN ANGEL. Even if they are not baptised, they enjoy the LORD'S full PROTECTION just the same.*

Question : Is religion a private matter?

ARGUN : This is actually a problem with all current religions. The state knows that all religions cause inhibitions. This is the reason why it will tolerate a religion – but *never support it*. The decision of whether to side with GOD or not is therefore up to individual people. Religions are not a private matter, but a matter of the mind and the heart.

* * * * *

April 1961

Question : Is it correct to call human beings “creation’s crowning glory”?

ARGUN : No, they might be a jewel in the divine crown, but it is a shame that this jewel has lost its lustre. It must now be repolished with a hard substance so that it will gleam again.

- *There are however a number of beautiful jewels in the divine crown that are far better than the terrestrial jewel, because it lost its lustre due to false religion, through many dogmas and disfigurements.*

May 1961

Question : Should one show blind faith or test things accurately? The Church has this to say: “Blessed are those who have not seen and yet believe.”

ARGUN : One should *not* blindly believe, but one should show some trust in GOD’S REALM. You should not believe everything, because not everything offered to mankind is the truth. *Use your common sense to help you.*

Question : Is a person exposed to specific contestations if it is not baptised?

ARGUN : Yes, but this is always the case.

- *CHRIST was also aware of this and this is why he asked to be baptised. Baptisms taking place in GOD’S name provide spiritual PROTECTION.*

A baptism here on Earth has to be carried out by a parson or a priest. We may pray and attend. But the LAW of spiritual PROTECTION is not in our hands in this case.

- *The confession does not play a specific role here, but the blessing certainly does.*

A baptised person enjoys *greater* PROTECTION and the soul senses that it belongs to a community. This feeling of togetherness is very important here. We are spiritually connected through friendship and LOVE and therefore follow the same path to GOD.

Question : Doesn’t this create the danger of whole nations becoming UNPROTECTED, because people are no longer baptised, like for instance in the Soviet Union?

ARGUN : Don’t worry, they are also baptised there. But if some of them are actually not baptised they often receive this important blessing in another way, for instance through marriage.

The Great Bear (Russia) is silent in Church, but when he leaves it he roars fearsomely and tries to crush the world with his paws. But his pelt is not the same thickness everywhere. He *can* also bleed and *he will bleed one day!* The Bear knows his weak points and he also know that when he bleeds it will be the end of him (Collapse of the Soviet Union).

Question : What do the SANTINER make of church confessions?

ARGUN : The inter-planetarians also go to confession once in a while, but they do not confess to a priest, but before GOD; because *only the LORD* can hear them and understand them. The LORD in this case is the positive spiritual realm.

Question : What does the spiritual realm make of the *vereneration of religious relics*?

ARGUN : The spiritual realm utilises a number of relics to perform miracles, but only *to verify* spiritual things. The veneration is *unimportant!* These are ceremonies created by man, because he seldom believes the truth. But he does believe *in untruths even more so* and likes to pretend thing to himself.

- *We don't accept most of the things the Churches organise in this respect. This is the reason why bodacious phenomena are a rarity.*

The Bible was sealed

The Christian theology varies very little from the non-progressiveness of the Old Testament in one respect. Put in a nutshell: *The Bible is sealed.*

This textbook from GOD'S REALM have been so hermetically sealed by church law that the Church no longer has an opportunity to add one single word to it, because it states at the end of the Bible: "If anyone adds anything to them, God will add to his punishment the plagues described in this book..." – The priests of antiquity threaten here with an indication that we're dealing with of a cruel GOD.

The whole content of the Bible is made up of a lot of fragments and traditions collected over thousands of years. The thought processes and knowledge of the people that lived thousands of years before us was however *completely different*. What comparisons could one for instance make in regards to technological possibilities? – What did they know about magnetism, about electricity or the vastness of the universe, or nuclear energy? – What did they know about the power of hypnotism or suggestion?

- *The devil had a hand in writing the Bible and he sealed it so that the lies and all the nonsense in it would make all true paths to GOD impassable.*

The blind obedience shown by church officials does not realise the infamy of the falsifications. Incompetent human beings asserted the right to draw a final line behind GOD'S and the spiritual realm's revelations thereby preventing GOD and his angels from *speaking* as it were.

There is nothing in this world or in any other world that has reached a state of perfection that does *not* require further development or change. But theology, with the Catholic Church at the forefront, has asserted the right to forbid all corrections or appendixes through a church law. Those that dare are damned and cursed by priests and GOD'S alleged representatives. This completely absurd and anti-god behaviourism has thrown this human race into a catastrophic situation that seems impossible to get out of.

- *GOD will not be silenced by any terrestrial human being, even if HIS NAME is taken in vain. HE says what has to be said.*

Inter-planetary beings, that is to say people from other star systems, rightfully balk at this enormous injustice. The *Psychic Peace Circle, Berlin* does also not allow itself to be intimidated by these church maledictions. We have GOD and his realm behind us. *He who does not want to hear the truth listens to Satan.* There are enough truth-loving people on this Earth that do not listen to the propaganda slogans of alleged GOD'S chosen-ones. *Everyone* has a duty to serve GOD – and not serve these “chosen-ones”.

The seal theology pressed on the Bible has already been broken. The Church has no other opportunity to receive better evidence for adjusting the texts of the Bible than the one that comes from divine CHERUBS (SANTINER).

We know that Lucifer endeavours very hard to bring down *spiritualism's revelations* through cleverly introduced lies. But the LORD'S help is unmistakable and it makes this manoeuvre fail. Spiritualism may not be confused with spiritism, because it already represents a recognised religion in other countries and some of the greatest thinkers and leaders of this human race openly avow to it.

Comment: A number of copies of this Menetekel brochure were sent to the Pope in Rome and the bodacious revelation “From star to star” also.

Questions and answers

Question : Temple dancers in Asia often wear hideous masks that depict maleficent animals. Does this fantasy stem from the stimulus of the SPHERES of DEMONS?

ARGUN : We are dealing with dogmas here. These were delineated by *Buddha* and carried out by his devotees. The veneration of this great religious founder managed to also retain this dogma.

Question : Was *Buddha* incarnated once again after his terrestrial demise?

ARGUN : No, never again on this planet. Otherworldly mystifications, made possible through unnatural cults, led to the establishment of this false religion.

- *The Dalai Lama is not an incarnation of the Buddha. This belief is abetted by LYING SPIRITS who falsely inform the Buddhists. The Dalai Lama is however inspired due to his psychic training.*

One is however blind in regards to the words designed to eliminate aberrations. One *does not want to hear them*, because one is *worried about the traditions* one adheres to with devotion. (The same also applies to the Christian Church)

Question : The *Talmud* contains a lot of affronts against Christendom. What does the spiritual realm make of such doctrines?

ARGUN : The *Talmud* has already forfeited its pertinence these days. To be a Christian means: *To love your neighbour.* The *Talmud* came into being because there is a GOD and because HE was acknowledged. Because GOD represents the LORD of LOVE the connotation “Christ”, the name of the Son of GOD arose. Giving and receiving are by all means Christian. We don't ask a Christian for his or her denomination, we only ask

whether he or she can believe. A Jew or a Moslem can by all means be like a Christian in thoughts, words or deeds.

Question : How can the two Christian Churches, namely the Catholic and the Protestant Church be amalgamated?

ARGUN : By simply calling themselves *Christians* and not fanatical devotees of confessional dogmas. They may however only call themselves *Christians* if they have proselytised to this insight. Every confession will doggedly remain seated on its throne, because self-aggrandisement is such a beautiful thing. One only relents perforce if the throne becomes unstable. Over time, inner turmoil will cause you to shed many a tear, but the sun of a New Age is already appearing on the horizon.

Question : Does the Vatican really hold a *Fatima legacy* in its hands that made *Pope Pius XII* faint when he read it?

ARGUN : Yes, that's correct. This legacy contains directives and admonitions that are supposed to accelerate the demolition of the Old Age. The Vatican however balks at this, because it would spell the end of its pompous self-aggrandisement.

ASHTAR SHERAN: The Fatima legacy stems from us. It is written in a confessional form and it was received through a medium. The terrestrial human spirit always tries to criticise divine sanctions and desires. This is the reason why the Fatima message is severely arraigned, because it is also against all the profiteering by the Church. They show very little interest in the doctrine contained within, well actually almost no interest at all. But we have other opportunities to make ourselves heard. Because after all, there are already circles that seriously deal with our messages. We do not depend on the co-operation of the Church.

June 1961

Question : The Catholic Church talks about a "*purgatory*". Does such a fiery place exist in the hereafter, even if it's only of a spiritual nature?

ARGUN : The apostle Paul meant this fire in a *symbolic* way in order to express that an unrefined soul must suffer a lot of mental anguish.

- *All the many sins burn like fire. But such a fire does not exist, not even spiritually, but LIGHT does. Fire is sometimes perceived when suffering mental anguish, but it does not exist. It is autosuggestion.*

Question : How does the *Vatican* react to our work?

ARGUN : The Vatican ignores it as best as it can, because it condemns everything coming from the hereafter lock stock and barrel. The previous Pope however stands in high regards in the spiritual realm. The present Pope is however closely scrutinised.

July 1961

Question : There are those that complain about the *ringing of church bells*. What do you say to that?

ARGUN : Church bells are there to remind and gladden you at the same time. But one should not exaggerate. Exaggerations always achieve the opposite. Church bells should actually only remind you to think of the word “GOD” for a second or two. One therefore doesn’t have to keep the bells swinging for too long. If they caused an annoyance, they must have been ringing for too long.

September 1961

Question : Only a few clergymen are open-minded towards *spiritualism*. How could one improve this situation?

ARGUN : The churches *are afraid* of spiritual contacts with otherworldly DIVINE MESSAGES. This provides the evidence that the Churches still live in the dark ages and that they are beholden to it.

Question : Does *confession* have a purpose or is it senseless in its present form?

ARGUN : The spiritual realm rejects confessing to a priest.

- *There is no other father confessor than the LORD. HE alone has the right to listen to confessions.*

When you open your heart before you go to sleep, your prayer will be heard, you will be understood and the LORD forgives or corrects according to HIS discretion. All of this happens via your GUARDIAN ANGEL.

Question : Can the *confirmation ceremony* for young people replace baptism?

ARGUN : Baptism is recognised by the spiritual realm, but it isn’t designed to give the child to be baptised a beautiful name and nice godparents, it is designed to give the child the correct consecration from HEAVEN.

Question : Does a religious confession play a specific role in baptism?

ARGUN : CHRIST brought GOD’S DOCTRINES and repeated the WORDS he received from GOD. But he did *not* found a confession. Only a true believe in GOD and HIS CREATION is a decisive factor, here and in the hereafter. Baptism is supposed to be a sign of trust. But the SPIRITUAL WORLD is invisibly present at baptisms in spite of this.

Question : Our field of interest unfortunately attracts too many false prophets and they also find their devotees. Can one do something about this?

ARGUN : These false prophets are everywhere. Apart from using one's common sense, one can do nothing about this. These negative prophets do however regard themselves to be very proficient. But they are unfortunately unaware that they do not work for GOD, but for HIS greatest adversary. They are *baleful* critics of human society – and *this* is their great mistake, because it turns them into qualified instrument for the dark side. These obstacles must certainly be cleared out of the way and replaced by the correct signposts so that all dead ends can be avoided.

October 1961

Question : The Catholic Church regards *Professor of Theology, Martin Luther* a heretic. What do you say to this accusation?

ARGUN : He was *not* a heretic, but a genuinely thinking Christian. He was psychic and he recognised the dangers of church dogmas. He walked his path unperturbed and his life was a battle with a “dragon”.

Question : Did Luther know anything about the SANTINER?

ARGUN : He only knew something about CHERUBS. He lived in a different era. He and all others therefore lacked the technical comprehension in regards to space travel. This leap towards correct understanding was a long time coming – and the time for it is *now*. This is why the Bible has to be changed *now*.

Question : How do you assess *church dogmas*?

ARGUN : A church dogma is not a truth, but a precept that demands religious obedience. GOD does *not* proclaim dogmas – and neither do we.

* * * * *

January 1962

Question : The last major *Church congress* was a resounding success. Is this a positive sign that people are trying to find their way back to GOD?

ARGUN : Yes, this is gratifying alright, but they unfortunately failed to mention *us* completely. But this can be rectified some other time.

* * * * *

February 1962

Question : Why did *spiritualism* not become a solid component of theology?

ARGUN : Time unfortunately remained at a standstill for theology, because *it loves pomp and ceremony*.

Question : Why is it that the Churches with their dogmas managed to grow so large whilst spiritualism, with its greater truths, progressed so miserably?

AREDOS : Most people forget that spiritualism does *not* get its share from church tax revenue and does *not* receive legacies from people's confessions. This is why the defenders of the truth must *finance everything themselves*. They only rely on the understanding and reciprocal help of their SPIRIT FRIENDS. But because there are only a limited number of sincere spirit friends who contemplate all of this to then act accordingly, the world still finds itself in a great spiritual darkness.

Question : Why is spiritualism disdained by the major churches?

ARGUN : Because one avoids the truth. An arbitrary dogma makes a *greater* impression on the general public.

Question : Isn't it the duty of those that are informed to help their neighbours in this regards?

AREDOS : There is unfortunately no help available for souls, respectively human beings, who are not prepared to receive help from others. One would otherwise only make the situation worse.

Question : Does GOD leave these people be until they ask for help?

AREDOS : *Karmic connections* come into play in such cases.

- *GOD and HIS REALM provide negative people with a certain challenge: They are often placed vis-à-vis positive people. This is designed to test knowledgeable people and negative people are supposed to be refined in the process. But both often fail this challenge.*

The things in store for individuals are not always harmonious, beautiful or convenient. But all of these are meaningful attempts to elevate and refine people spiritually.

* * * * *

May 1962

Question : Can one reach HIGHER SPHERES with one's Christian faith *without* knowledge of GOD'S REALM?

AREDOS : *Church religion is not a decisive factor*. It completely depends on the individual, namely whether they are good or evil. But CHRIST said: "Can a blind man lead a blind man? Wouldn't both fall into the same pit?" –

- *Church religion can be compared to a blind man to some degree, because the Church is not authorised to determine over people's sins.*

Question : As the Bible contains many false accounts, we assume that the *Lord's Prayer* is also not correct word for word. How should the text read?

AREDOS : The world of spirit already gave the correct text. It was recorded by *Parson Johannes Greber*. The text goes as follows:

Our father which art in heaven, hallowed be thy name. Thy world of spirit come, thy will be done here and in the hereafter. Give us this day our bread for tomorrow and forgive us our sins more than we forgive those that trespassed against us. Do not let go of our hand so that we do not fall prey to temptation, but deliver us from evil. - Amen.

Question : Is there another prayer of eminent POWER?

AREDOS : With all prayers, it always depends on the heart: *It must come from the heart!* The Lord's Prayer is an *invocation*. But there is another good thanksgiving prayer. It goes:

*"Dear FATHER in heaven,
We thank you from the bottom of our hearts for all YOUR LOVE, grace and mercy. We thank YOU for our life and our existence. We thank YOU for all the goodness and beauty we experience in this life and in other lives and for YOUR wonderful creation throughout the universe. We thank YOU for our guidance, for our indoctrinations and for our protection and for YOUR all encompassing, wonderful LOVE.
Amen!"*

Question : The *Catholic Church* sells amulets it ascribes certain miracle powers to. Is this POWER a reality?

AREDOS : The Church condones the blasphemy of falsely worshipping GOD, it actually promotes it through dogmas instead of avowing to the scientific, divine truth. The Church fanatically adheres to its superstitions and defends it with unfair means instead of adapting to progress and the *constant flow of new-revelations* coming from the divine world of spirit. The Church is also unwilling to bow to the empirical psycho-science, but explains all impossibilities as divine miracles, because there is no such thing as impossible in regards to miracles as far as it's concerned.

Question : The clergymen of the *Christian Churches* almost always talk about "*eternal sleep*". As searchers for the truth we find it incredible that they know almost nothing about the survival of the soul after death. Where does this ignorance stem from?

ARGUN : One cedes the most important point of a true faith in GOD to coincidence without intending to seriously investigate and explore this truth. CHRIST gave accurate information about it, but one did not give this information appropriate credence and this is why everything about it was gradually extirpated. The Churches can therefore give you no information, because there is no biblical doctrine for it.

- *Apart from this, church representatives are great doubters and they fear the truth. What's incredible about this is that this doctrine and the fact of life in ANOTHER WORLD are so conceivably simple, but still not believed.*

Question : What POWER is there in Holy Communion?

ARGUN : It is only a *symbolic one*, that is to say, a reminder of being part of a community united in the Christian faith.

- *Holy Communion has no influence on the forgiving of sins at all. It is simply a confirmation of faith.*

The Church however utilises Holy Communion to do business with. One promises the forgiveness of sins and gains church clienteles in the process, ergo acceptors of the Holy Communion.

* * * * *

October 1962

Question : People know too little about the origin of their existence and this is why they lack faith. Why are people not correctly indoctrinated in this regards?

ARGUN : The soul of a human being is by far the most important part of a human being. Physical matter is just an *instrument* created intimately parallel to the soul.

- *The soul's origin is not from this Earth, but from the whole universe. The universe is man's real home.*

It is *easier* to believe in the Bible than to work on oneself. The answers will not fall into one's lap if one is mentally lazy, because anything too *easily* gained is also *easily* cast away. But things gained *the hard way* will become near and dear – and will last a lifetime.

- *When somebody really looks for the divine truth and eventually finds it, he or she will appreciate it and he or she will never betray it. But if the truth falls effortlessly into their lap, they will disinterestedly throw it away after a short period of time. This is why GOD is interested in seeing the interest in the spiritual truth grow, so that the doctrine can be given without ever being lost again.*

Question : Should spiritualists keep away from churches, because they know that its doctrines are not quite correct?

ARGUN : You should *certainly not despise* the Church. But your healthy common sense should tell you how far you can trust it and to what degree its doctrines are true. The truth can only reach the light of day through realistic thought processes, but *never* through false enthusiasm.

Question : Does the spiritual realm regard it necessary that the terrestrial faith in GOD must be taught *afresh from the ground up*?

ARGUN : It would certainly be a good thing for spiritualism to publish a *booklet* that could communicate the correct basis for a faith in GOD, respectively true knowledge of GOD, to *all* human beings. But this would be *your* assignment, all we can do is to help you do this.

Question : In your opinion, how should this booklet begin?

ARGUN : The first prerequisite: You must *free yourself of all the prejudices* you acquired due to your education and upbringing. But in order to do this in the first place, you have to empty yourself completely. Everything must start at zero. You must therefore free yourself of all doubts and adopt a *completely positive attitude*. – You must also be *approachable*. – You must also be *receptive*. – You can adequately contemplate things later. But you must learn to assess things with a *healthy and logical* mind.

- *You must erase things first before you can switch your soul to recording.*

Above all, you must learn to ask the *right* questions. People don't usually ask question to further their knowledge, they prefer to ask out of pure curiosity.

Question : Is there a specific reason why most people not only reject the doctrine of immortality, but actually *attack it*?

ARGUN : Yes. – People often act impertinently in order to hide their inhibitions. They are ashamed when asked to reveal their *true inner self*. Because of their inhibitions they feel that one could ridicule or deride them. People unfortunately prefer to only show their ever so beloved mask and they are proud to be able to hide their true self so cleverly. But deep down, they often feel more like crying. But they are not prepared to show their weakness.

- *If people did not lie to one another, everybody would get along with everybody else a lot better. Trust in one another is lacking everywhere.*

Question : Eminent church officials stated that they would be prepared to undertake missionary work on another planet if the need arose. What does the spiritual realm say to such an endeavour?

AREDOS : The SANTINER already do missionary work on this Earth, because mankind on *this* Earth is more in need of such a mission than people on other planets.

- *For church officials to believe that other humanities could be more backward than they themselves is a great arrogance.*

Mankind on this Earth could learn an infinite lot particularly from people from other star systems who already belong to the GREAT UNIVERSAL BROTHERHOOD. Dullness is certainly not unimaginative. But it is unfortunately *not positive*.

About the Pope's infallibility (H. V. Speer, leader of the Psychic Peace Circle, Berlin)

One has to differentiate between a true faith in God and a faith, respectively a confession that *emerged from* this faith in God. –

The spiritual realm reminds us that CHRIST did *not* found a confession and *never wanted one*. GOD can therefore never have condoned such a development and HE will never do so. We therefore ascertain that this development is *against* GOD and that it is only a *blasphemous human undertaking*.

- *The splintering of this faith in God only brings insecurity and animosity with it.*

- *Those that are not with GOD are against HIM. CHRIST came to this conclusion.*

There are no objections against having church leaders for as long as they are dealing with the divine truth. But it cannot be denied that *genuine* religious leaders and God's *genuine* representatives always appeared *very humbly*. They didn't dress in the gold-embroidered splendiferous garments of terrestrial despots. Remember CHRIST!

- *The finery and the swanky opulence exhibited by the Princes of the Church is a blasphemy. It is an affront to those who actually brought a true faith in God to this world.*

The beauty of faith in God can only shine through exalted insights and truths and never through the sometimes fantastical, exaggerated ornamentation of the human flesh. A temple may express the LOVE for GOD through its architecture and through its lovingly arranged ornamentations. But man, as one of GOD'S living, spirit endowed creatures, places himself *above* the majesty of GOD with all this pomposity. This, according to the spiritual realm, is a *god-affronting, undesirable development of the faith in God*.

But it unfortunately didn't stop with this undesirable development. Peccant man reaches *even higher* in his egotistical insanity: The Prince of the Church does not have a connection with the LORD'S spiritual MESSENGERS and this is why he lacks instructions. He finds it correct to assert a claim on GOD'S infallible SPIRIT *for himself* on this Earth. An arrogance no other founder of a religion ever displayed. Not even the SON of GOD dared to commit such a blasphemy!

- *The infallibility of the Pope arranged through a human dogma is the most monstrous thing that could ever have happen in regards to people's faith in God.*

Even ANGELS and GOD'S MESSENGERS sent to proclaim the truth to mankind through their revelations, fear the evil of arrogance.

Terrestrial man – without one single exception – stands between the enormous POWERS of GOOD and EVIL. Not only man on Earth combats these FORCES, but all of humanity throughout the universe also. Even GOD'S ANGELS are not spared.

- *No human being throughout the universe is endowed with infallibility, even if they act as one of GOD'S instruments.*

In its incredible arrogance, the Christian religion's leadership dares to commit such a blasphemy. If one does not realise that this is the *breeding ground for world atheism*, man will lose the rest of his sanity.

We have been in constant contact with the LORD'S MESSENGERS for many years. The revelations and indoctrinations we received are so bodacious and august that they *verify* that we're dealing with genuine MESSAGES from GOD. But GOD'S MESSENGERS are terribly mortified by the fact that there are Princes of the Church who *participate* and also *condone* this terrible iniquity. – GOD will *not* help the Church if it is and acts *against* HIM.

Questions and answers

November 1962

Question : What would be the *most pertinent* question we could ask?

AREDOS : ● *Is there a GOD or isn't there?*

● *Is there spiritual survival or isn't there?*

Question : Is there actually a *reliable* doctrine for us, one we could utilise as a world religion? What can we really believe in?

AREDOS : The devil operates in all the divine regions on this Earth, therefore not just in spiritism, but basically *in all* religious institutions, so for instance in all churches, in the Bible and other scriptures. The SPIRITUAL REALM endeavours with all its might to bring mankind a valid religion.

Veritas Vincit

This is a cosmic explanation about the true existence and the divine MISSION of people from other planets. Not even the sciences or theology can heedlessly ignore this truth. The brochure "Veritas Vincit" isn't just read by average human beings, but paid specific attention to by scientists and responsible leaders of mankind. This brochure has already been translated into Italian and also into English.

It has been demonstrated that the brochure "Veritas Vincit" was *highly regarded in Catholic circles*. This revelation coming from the universe was read by *eminent priests and bishops* and assessed as being an awesome truth. This truth also found great attention in the Eastern Block satellite nations where it was read and gratefully accepted by the most eminent dignitaries of the Church.

The Vatican has remained silent up to now...

ASHTAR SHERAN told us this about it:

Your Christian religions are theatre plays written and produced by fanciful, attention craving people. The authors utilise a truth – but appraise it completely false.

Your religions entertain false concepts in regards to dying, life in the spirit, the resurrection and deliverance. Your priests preach eternal sleep, whilst the religions they serve have been sleeping the sleep of Sleeping Beauty for thousands of years. We will arouse them from their sleep.

Serve the truth and you will serve PEACE ACROSS ALL FRONTIERS.

Questions and answers

January 1963

Question : How could one introduce mankind to the divine TRUTH?

AREDOS : *Mankind lacks the cosmic CONNECTION.* The SANTINER (Cherubs) endeavour to establish this connection to the cosmos. Terrestrial mankind's interest in the cosmos must be *more solidly* awakened, because only where an active interest exists can the DOCTRINE gain a foothold. This is however where the major Churches make the greatest mistake, because they keep the cosmic field of interest completely out of the equation.

Question : What is the spiritual realm's opinion of the *Council of Rome*?

ARGUN : We are not enthused. One parades oneself there in all one's glory. Everyone wants to be seen in their most beautiful vestments. But their aim can unfortunately not be clearly recognised; a question mark remains. *The spirit lies in chains.* - Nobody has the energy or the courage to remove these chains.

Question : Are you in a position to exert a certain influence on the participants of the Council?

ARGUN : All of them are unfortunately *too narrow-minded*. The house of the LORD is a refuge from the world's problems to them. This is why their prayers have *little* ENERGY. They pray because it is *their duty* and *not* because they are completely convinced. This is the reason why their prayer's VIBRATIONS are *much too weak* to be carried out into the cosmos.

February 1963

Question : Why did the Churches not accept the *spiritual reality*?

ARGUN : The Churches are concerned about their *income*. This attitude hinders them from delving into reality. To sell places of rest in heaven is to their advantage. But you cannot even be entombed in a Christian cemetery if you are not a member of a Christian Church. This is the situation 20 centuries after the birth of CHRIST. I don't like to condemn anything. I only assess. If you cannot pay the Church its taxes, you may not appeal to "dear God"; because he is the Church's property. This is why we have to show that GOD'S evidence is *more powerful than* that of the Church.

Question : How can one change this situation, that is to say, how can one make the Church adopt better discernment?

ARGUN : By preaching *logic* from the pulpit. The thousands of years old Bible is much too boring for present times. GOD'S REALM has *a lot more* to offer these days. Reality reigns nowadays and not "once upon a time".

Question : Great phenomena took place in the past like the *LEGISLATION given on Mount Sinai* or the *parting of the sea*. Apart from Fatima, other great phenomena are lacking these days.

ARGUN : Don't believe for a moment that the divine wheel is standing still. It is quite a good thing at times when things come crashing down so that they can be rebuild again. The present ungodliness, particularly in communistic nations, also has a *positive role* to fulfil.

- *One cannot build the truth on aberrations and this is why aberrations have to be eradicated utterly. The real renewal of faith in God will start in the East.*

March 1963

Question : Why could Christendom not spread *further*?

AREDOS: *The behaviourism* of people "converted" to Christianity all over the world threw a across GOD'S face.

Question : The *Koran* states that one specific miracle was effected in the following way: We parted the Red Sea. How are we to understand this?

ARGUN : "We" means: The POWER of the SPIRIT with the support of the SANTINER.

Question : Why is it that the Koran is perfectly mixed with the train of thought of the Old Testament?

ARGUN : Because the Old Testament is the basis for the following inspiration:

- *Mohammed was able to prepare himself through his knowledge of the Old Testament to a degree where his psychic abilities began to emerge. The Koran is therefore only an addition and an amendment for the Orient.*

April 1963

Question : The Daily Press (DPA) brought the following communication:

The Vatican: The relationship between the Soviet Union and the Vatican seems to have reached a new phase. One sign of this is the fact that Pope John XXIII gave Khrushchev's son-in-law a "packet sealed with many seals" for Khrushchev during an audience last week. Adzhubei told the Milan Weekly "Tempo" that the Pope gave his wife Rada a present for "Papa". Neither she nor her husband was willing to say what type of present it was. Adzhubei only said that the present was "not of a political nature". -

Dear ARGUN, can you please tell us what this packet contained?

ARGUN : This packet contained a series of *petitions* sent to the Vatican. They dealt with prisoners languishing in Soviet gulags. The petitions stemmed from the East Zone of Germany and the Soviet Union's satellite states. They asked for the release of prisoners. The Pope supported these requests.

Question : The UFO problem is after all closely related to religion. The Churches would have to take a stance in regards to the problem. What do you say?

ARGUN : The Church placed the crown on its head in order to rule. If its priests still had the power to condemn everything, they would do so. They do not read new-revelations because they are afraid that they would detect the truth. Such detection would mean a burden and a curse for them at the same time. They prefer to leave things as they are and in spite of their ignorance, play the omniscients. – But the product only gains its value through *precision*. The same applies to the psycho-sciences and ufology, as you like to call it.

Question : What do *you* prefer to call ufology?

ARGUN : “*Sibling history*”. You could also say “*natural history*”, but you already use this terminology in regards to flora and fauna, even though ufology does actually belong to natural history. It is the ology about our siblings from another star system.

Question : People on *this* planet unfortunately never had a feeling of brotherhood or completely lost it. They hardly acknowledge their own clan. What do you say to that?

ARGUN : Because people are too *egotistical*. They like to occupy top position and everything else is banned far from their grasp.

August 1963

Question : The church fathers warn about *spiritism* by spreading the rumour that it deals with the devil. A lot of people believe this and this is why they are also inaccessible in regards to *spiritualism*. How can one indoctrinate them better?

AREDOS : Church representatives are *prisoners of their precepts*. They may not express their own opinion. But their common sense would actually have to tell them that there are always *two* sides and *two* possibilities to everything.

- *If there is a devil one can come into contact with, there must also be a GOD one can also come into contact with. – If there are demons people in the here and now can converse with, there must naturally also be ANGELS one can talk to.*

If is of course *a lot easier* to make contact with the devil than with MESSENGERS of LIGHT! If the Churches had bad experiences in the past they didn't make much progress in regards to spiritualism and this naturally has its reasons, reasons we often enough elaborated on.

- *The Holy Scriptures state: “Knock on any door and it will open.” You shouldn’t knock on the wrong door as most are prone to do unfortunately.*

Question : (Guest, a lady) Dear ARGUN, can you please tell me whether I am on the right track?

ARGUN : My dear friend, I love to do so. My dear child, when you know the difference between what is truth and what is aberration, you are on the right track. But do not allow yourself to be held up but remain steadfast. Also trust in GOD and the unadulterated truth, because then my child, you will have many, many FRIENDS who will give you ENERGY and the CONSOLATION you require when people disappoint you. – Your friend ARGUN.

September 1963

Question : One is now openly criticising the late *Pope Pius XII* for having failed the Jews due to being under pressure from Hitler. How do you assess this case?

ARGUN : We don’t find this appropriate, one denounces him because he is dead and therefore unable to defend himself. He did what the circumstances allowed him to do. His opinion was ignored.

Question : Does a Pope, when he arrives in the otherworldly REALM, occupy a special position amongst the Christians there?

ARGUN : These children, calling themselves GOD’S servants, had dogmas *drummed into* them until they can no longer differentiate between anything. They then died faithfully, but under *completely false conceivabilities*. They also take a long time before they recognise the truth in its correct light. *The fact that somebody is looking for the truth is in itself already a positive attitude, one that we hold in high regard.* Once the Pope has recognised the truth, he will try to indoctrinate the church fathers *through inspiration* from the hereafter.

From the world of spirit (A monologue by the MESSENGER of LIGHT SILBERBIRKE)

A prayer is neither official nor unofficial. It isn’t bound to certain days or nights. A *true prayer* cannot be demanded through something that lies beyond an individual.

- *The mechanical, monotonous prayer is of no value whatsoever.*

Those that gather together from time to time because they were *commanded* to do so or because it is *their nature* to do so and listen to words and read words they are so familiar with that they no longer make an impression on them will not get closer to GOD by *one single step*. The LORD is aware of all your hardships. HE *knows* the unuttered wishes of your heart. There is no need for the masses to besiege HIM with invocations.

- *A true prayer does not consist of words spoken at a public gathering. A true prayer requires no words at all.*
- *The true prayer is a yearning of the soul that recognises that it is a fraction of a GREAT WHOLE and that it tries to connect with it. It tries to approach this WHOLE, that created the soul and it is a part of, closer and closer.*
- *A true prayer is complete when the soul is in its own company and when it yearns to harmonise with the rhythm of life and the creative FORCES around it so that it can gain strength for greater service.*
- *A true prayer is a means of introspection where the soul becomes aware of its divineness and also its inadequacy and tries to utilise its hidden talents in order to turn into a useful instrument in the hands of the POWER that gave it birth and life.*

These things *cannot* be achieved through *official* methods, expositions or ceremonies. Worthwhile things are *only born in the stillness of the soul*, things that are fruitful in their meaning and opportunities and this for all that have a sincere desire to request everything *for others* and not for themselves.

Questions and answers

Question : Is it wrong to ask GOD for something?

Answer : Yes, unless the request is a yearning of the soul to serve somebody else. GOD knows all your wishes. But many are so little aware of the spiritual LAW that they are unable to keep their thoughts in order without actually dressing them up in words. Monologue gains its value from this, because it forces the crystallisation of thoughts.

- *When you're in control and when you do not allow your thoughts to roam, all your requirements can be read in your thoughts.*

Question : Does the spoken word clearly express one's thoughts?

Answer : Yes, but that's all, because there is no reason for one single sound to escape your lips during a true prayer.

- *An inner connection does not require words, because they are just clumsy imitations of thoughts and concepts.*

A lot of people are unfortunately so undisciplined that they cannot do without the use of language, which is only a crude replacement for the world of ideas. – Let us remember DIVINITY, because all of us are a part of this unity. Let us strive for *getting closer* to this POWER, this POWER which is omnipotent in its nature, mastic in its will and flooded with LOVE, COMPASSION and GRACE.

December 1963

Question : Europeans are increasingly interested in *Buddhism* of late. How do you assess the Buddhist doctrine?

AREDOS : Buddhism is a religious doctrine that deals with the conquering of suffering. We are however *not* dealing with a path here that leads to the one and only GOD. CHRIST'S spiritual doctrine on the other hand points to a path that gives man the maturity to enter the HIGHER SPHERES of the spiritual realm. Besides, the belief in the transmigration of the soul through the bodies of various animals is *absolutely wrong*!

Question : What is wrong with the practise of conquering suffering?

AREDOS : According to divine LAWS, every human being should subsume to GOD'S PLAN and guide the universe towards progress. This aim is *not* achieved through the conquering of suffering, because people's feelings do *dull* when confronted with too much suffering thereby *losing contact with their fellow men*.

Question : Buddha's successors assert that Buddha was able to recollect his incarnations. Is this correct?

AREDOS : The fact that human beings must go through a lot of incarnation is correct, but all incarnations are *always* as a human being, *never* as an animal.

Question : Scientists assert that man evolved from the world of animals?

AREDOS : Yes, that's correct. (As far as the *physical* body is concerned)

- *Once the humanoid body had developed to a degree where it could accept a human soul, human souls were incarnated in various races.*
