**Messages from our**

**Older Brothers**

**Anny Baguhn**, born in 1901, was the daughter of the machinery manufacturer Carl Baguhn from Hamburg. She showed a great musical and artistic talent from an early age. In 1920 she married the architect Frido Wald who died later as a prisoner of war. Mrs. Baguhn was a co-founder of the "Deutsch-Indischen-Gesellschaft" (German-Indian Society) and later its long serving leader. With *Mrs. H. Zehmke* she founded the "Parapsychologische Gesellschaft Hamburg" (Parapsychological Society, Hamburg) in the sixties. From 1985 onwards, she belonged to the "UFO-Forschungsgruppe Hamburg" (UFO Research Group, Hamburg) founded by *Dr. Teichmann*. – In 1961 she started a remarkable experiment: A New Zealand contactee gave her and the sensitive *Herta Schachner* an appointed time when they were asked to prepare themselves to receive a telepathic message. It was the first of around 100 messages that Mrs. Baguhn published in her legendary "Blauen Heften" (Blue Notebooks). During a SWF program (SWF = Südwestrundfunk) on the 22<sup>nd</sup> of April 1978 she explained to the SWF journalist *Klaus Langer*: "I am convinced that we are just at the beginning". – Her UFO archive was probably the largest on the European Continent, but it was unfortunately irretrievably lost. When Mrs. Baguhn had to go to hospital at age 87, her nephew used the opportunity: He disbanded her flat, sold her antiques and destroyed her archive – she ended up in a nursing home. Mrs. Baguhn passed away on the 19<sup>th</sup> of May 1992 aged 91.

Transmissions from the 10<sup>th</sup> of May 1962 – 25<sup>th</sup> of December 1962

A-U-MMM

May my love flow like a warm breath of air over *all* that feel cold, may my love flow like a cool breeze over *all* that suffer from unbearable heat, may my love satiate *all* the hungry from a bowl of fragrant rice, may my love envelop *all* the unclothed like a silken robe, may my love touch *all* that feel ill and miserable like the healing hand of a physician, may my love burn all hatred, disharmony and diseases like a mighty fire. LORD, allow my love to glow stronger and radiate over all life.

A-U-MMM

**10<sup>th</sup> of May 1962**

All *secret-sciences* have only one aim, namely to *teach* human beings to *learn to recognise who* and *what* they are. There are secrets that we may *not* aim to reveal, because our consciousness is too immature to grasp them. We would not be able to comprehend them or absorb them if they were revealed to us, not even with our SUPERNATURAL SENSES. Even the greatest and highest SPIRIT BEINGS do not ask about them, because the ONE, ONE SINGULAR FORCE – GOD is inexplicable and incomprehensible. All living creatures can *sense, feel* and *call upon* HIM, whether incarnated or UN-INCARNATED. But the “last question” will never be answered unless they have dissolved within HIM and therefore no longer individually exist. All of us have flowed out of HIM and we eternally strive to return to our ORIGIN. – All existences of any kind are just a bridge, an aid to learn to comprehend our solidarity with HIM, those that *know* HIM as their CAUSE *do not require this*.

**11<sup>th</sup> of May 1962 – 8 am**

Everything your spiritual EYES are able to see are *realities*. The further you travel along the path of self-control, thought-discipline and universal-love-vibrations, the *more clearly* you can recognise OTHER WORLDS and absorb your impressions within your knowledge and evaluate them. You are then in a position to send your ASTRAL BODIES to other planets where the vibrations are roughly the same as your Earth's. You can then SEE and perceive other things, events and worlds that are and will remain *inaccessible* to your five senses. Your five senses are organs designed for the exploration of *solid* matter and *only* attuned to the composition of your home planet. You can however grasp everything revealed on *your* level of awareness on *similar* planets, things just above and below, but no more. This is why the EYES and EARS of the SOUL were incorporated in you so that you can recognise the SUPERNATURAL, ergo revelations that are *beyond* your five senses whose recognition can expand and elevate your consciousness in an unexpected fashion. But you will also be able to perceive and acknowledge things that can *adversely* affect all life. Therein exists a danger! Because only *pure* souls can remain untouched and learn what to avoid from such sights, in order to deprive such ENTITIES of their existence.

**2 pm**

Believe me, to be connected to GOD'S ENERGY for *one second* takes all human beings a thousand times further than week-long discussions that can destroy and talk everything delicate *out of existence*. People can indeed exchange their experiences in a calm and tolerant fashion and allow ENERGY for cognition to flow from one to the other and vice versa. JESUS also said: "When two or three are assembled in my name, I will be there amongst them." – In *his name* means in his spirit, in the spirit of the highest SOLIDARITY with GOD, the LOVE VIBRATION that maintains all life.

So when a group of people vibrate on the same level, quiet, harmonious and open to UNIVERSAL STREAMS of LOVE, an *enormous* ENERGY flows from them that harmonises everything around them and sends WAVES of PEACE that circle the Earth and create neutralising moments. It would be wonderful if people were to take the time to get together and act in *his name* instead of fighting over spiritual, religious or philosophical themes. One can also be a SENDER and NEUTRALISER on one's own and, according to intensity and devotion, the most astonishing results can eventuate.

Most people cannot understand these simple pieces of wisdom, they seem *too simple* and because *hostile* POWERS exert a spell on, also because they would not like to see them waking up from

their world of dreams. But you have to know that these ENTITIES *have to* stop at a specific conscious boundary. Endeavour *to cross* this boundary through *self-control*, *self-discipline* and *self-education*, you will then be free and unassailably able to decide *whom* you want to serve: Either HIM and his revelations or *yourselves* by wanting and being able to gain power over all the things that were revealed. The first path is filled with deprivations and a lot of work on yourselves, but full of LIGHT and joy. The second path does indeed bring you success in this life, but it is the wrong kind of success, because it only brings *material* gains.

**2:30 pm**

It is of course possible for us to place all of you instantly under narcosis and to then *mass-suggest* to you things like placidity, universal love, harmony and joy. All of you would rejoice, be radiant and smile – *mask-like* – like *robots*. No, my dear friends, this would be an affront and an encroachment we would never contemplate. You have to *toil* for this peace, this universal love and you have to recognise how you have to *behave* and to *think* in order to create this peace, this universal love and this harmony. The LAW of CAUSE and EFFECT is irrevocable, cosmic and divinely intended for us also. How could you gain *higher* insights, if it wasn't for the often quite hard effects that you have to encounter over and over again?

All creatures must one day recognise their core and their origin, they must become *aware* of their *true* being and they must deal with the effects whose causes they *created themselves* until they learn to create causes that only have *life-constructing*, blessing and radiant effects. They will then participate in the DIVINE PLAN, in HIS unimaginable, expanding creation, they will then swing and tingle within the choir of the worlds, praising and to thanking HIM! – But you have to know that a lot of differently orientated entities take an interest in your planet. We want to be teachers for you, open your hearts to cosmic insights and we can send the POWER of our thoughts to you, the distance matters not. Space, time and distance does not exist for us.

**24<sup>th</sup> of May 1962 – 8:30 am**

When you know mankind's past, you will also recognise its future, because what mankind on your Earth *thinks* today, must materialise tomorrow. The average of the sum of thoughts of today turns into tomorrow's events, whereby today and tomorrow are not measured in hours.

It is your task to configure the future, the tomorrow, and to offset and to neutralise yesterday's transgressions. This is only possible by creating causes that eventuate in radiant, life-promoting and life-sustaining events *on* and *around* your planet, that is to say, that you only allow blessing, equalising and loving thoughts and words to emanate from your HEARTS and by immediately dissolving all burgeoning destructive with opposing *thoughts of love*. Be vigilant with this and do not allow anything to slip through the mesh of self-discipline and self-observation. You can do it!

Utilise very second to think of something beautiful, far-reaching and *divine*, allow yourselves to be flooded by the loving rays of GOD'S POWER as often as you can, so that your all-encompassing rays of love can *neutralise* and dissolve the agglomerated doom that wants to materialise. The more beings *consciously* work on the neutralisation of the negative effects created by man, the faster the Earth can turn into a *bright* planet. We are always dealing with beings with a soul that exercised their divine gift of free will when looking at the *conditions* they *created* on their home planet. – Think about this!

## 25<sup>th</sup> of May 1962 – 2 pm

Blossoms open up when touched by the warm rays of the sun. The HEARTS of you fellow men open up when touched by your god-filled, *joyful smile*. STREAM laughing joy over all living things and never relent, make it a habit *to love, to respect* and *to bless* everything, *everything alive*, so that all of it may open up and allow the divine, liberating and awakening rays of love to ENTER. Help HIM to reveal all life with radiant and vibrant joy.

## 10:30 am (Concerning vibrations)

The vibrations that produce *heat* inside of you are *low* vibrations, because they are magnetic, ergo attracting, they attract the physical, the material. High and highest vibrations have a *chilling effect* on your bodies, you initially feel them as COLD SHOWERS, something you then have to transform into warmth in order to emanate them as warmth. You should equally endeavour to transform hot, ergo what might be called “sensory” binding vibrations, into cold vibrations, proportionally and controlled. Feeling heat in the presence of other people represents a purely physical attraction, it is emanated unconsciously most of the time. But it can unfortunately also happen consciously. But when a SENDER sends out *pure*, blessing and cosmic vibrations, you will initially feel like a COLD SHOWER running down your back, but it will turn warm and have a wholesome, but never agitating effect on your senses and awaken your intuition within you.

## 2<sup>nd</sup> of June 1962 – 10:30 pm

Your sun isn't all that friendly, particularly when its rays hit your bodies *unfiltered*. All the envelops around your planet, they were carefully created by your Mother Earth and your cosmic FATHER, all these filtering envelops have their purpose and only they make it possible to live within them. If they are now being *wantonly destroyed* by *satanically driven* human beings, they will affect all physical life. You have already mistreated your loving, serving Earth and she still endeavours to protect her loved creatures over again. But a time will come when she will be no longer be able to cope on her own. Once her energy has been weakened by you, she will no longer be able to transform COSMIC RAYS as quickly as before. – *Hermes* said: “As above, so below” and when something is destroyed “above”, something is also destroyed “below”. When your AURA is out of gear, your physical bodies will also be out of gear; when your AURA is smoothed over and harmonised, your bodies will also become harmonious. Nothing within the cosmos equals what your *satanically* driven scientists do these days!

We will try to help you as much as we are *allowed* to do and ask you to ceaselessly pray that the *devilish forces* are *weakened* as much as feasibly possible. Do not allow thoughts of hatred well up in you and only send – full of trust in the GOODNESS within the cosmos – thoughts of love to your Earth, so that she will have the STRENGTH to heal the terrible wounds “her children” inflicted upon her and so that she can maintain your bodies and all revealed life on your planet. There is nothing else that you can do then to constantly ask your divine ORIGIN, your FATHER, without any fear in your hearts, to give you ENERGIES of LOVE so that you can EMANATE them ever more intensive and hotter, thereby dissolving, releasing the *satanic* POWERS. Be mighty bearers of LIGHT and of LOVE!

## 15<sup>th</sup> of June 1962 – 2:30 pm

Those amongst you that *know* the words of JESUS and all loving thoughts of your UNIVERSAL TEACHERS and have absorbed at least parts of them into your consciousness, can naturally HEAR

and *understand better* than a human child that has closed its mind in regards to all the doctrines so lovingly and carefully recorded by your UNIVERSAL TEACHERS. These closed and averted people are however the best RECEIVERS for *hostile* EXISTENCES. They fill these closed and averted souls, closed in regards to their true existence, with all available destructive means with great intelligence, so that they grow into ever more willing instruments for their devilish plans, because these averted souls usually enjoy *material successes* and are therefore faster and faster impelled to sin – *to separate* themselves from the DIVINE WILL, enticed by material things, recompensed through success, power and the admiration of like-minded people. One has to feel sorry for these closed souls, because they do not know the consequences of their actions and they *hardly know* anything about responsibilities all of us have in regards to our existence. SEND them *loving* thoughts that might brighten their days in this life.

**4 pm**

The *ambitions* and the *craving for power* of your responsible people produce devilish blossoms. But you may *not hate* them, no matter what happens, because hatred is FOOD for those that drive and control your heads of state. It will be very difficult for you to remain rooted to the ground of SOLIDARITY with GOD and to remain on the path towards the LIGHT in the near future. But we require your strong hearts and the full application of the POWER within your SOULS to allow the things that are about to happen to merely remain a warning, a monition so that you finally *respect* and bless your God-given life and its evolution. Don't be afraid, know that you already belong to the great "Interplanetary Brotherhood" that lovingly serves all life.

*Don't condemn anything*, even if it seems ever so absurd. Be strict with yourselves and if possible, do *not* talk about events that *might* eventuate, you only amplify them. Direct your thoughts into the space that is filled with revelations about life and gather the ENERGY to flood all life on your Earth with STREAMS of love and peace from there, more powerful all the time. We help you and you help us to maintain order throughout the cosmos. An *end of times* must be overcome, because new things can only arise from the *ruins* of old and transient things that no longer fit within the new view of the world.

This is a showdown for those amongst you that strive the like any terrestrial mankind has rarely ever experienced, a showdown *with yourselves*, with your STREAMS of THOUGHTS. Remain the victors over everything that is untimely, over everything that tries to creep into your THOUGHT SENDERS in view of the confused, *possessed* conditions on your Earth. Everything that terrestrial people created is *not* truth, *only effect*.

**9:40 pm**

There is this one great mistake that you make, namely that you *don't* ascribe conditions to their causes, but that you *try to confront* self-inflicted conditions, the effects of man-made causes, with other conditions. Every condition is an effect born from a cause and disharmonious conditions can solely be avoided when *harmonious* causes are *initiated*. As thoughts are *the cause* of all effects, the only solution to all your problems can only be seen in bringing discipline to your thoughts and by learning to think harmoniously. This is what your leaders of nations have to explain to you and by being *examples* to you!

*Thought-discipline* has to be *taught* at all schools instead of all that useless stuff that only represents ballast. *Your priests* must teach you thought-discipline *and* meditation. The *parents* should also teach their children thought-discipline. Talk to one another about these important things, there

would be peace and harmony everywhere if everybody would learn this and everything previously thought of will be blown away, released and dissolved. New disharmonious causes will then no longer be initiated and this removes all obstacles that hinder the unfoldment of a full life. It is this simple!

We love you and we ask you to start thinking in such a way that you no longer effect causes that produce hindering and disharmonious effects. This is the great secret behind life and its free unfoldment and *your* plane of revelation, namely that *you are the ones* that create everything that takes place and that the POWER to lead a free, cosmic life and the POWER to allow its atrophy and destruction lies *within you*. – You must know this so that you can help eliminate confronting, false views.

**10:30 pm**

An incredible construction like the cosmos can only exist when everything takes place according to irrevocable LAWS and when the things that *do not fulfil* these LAWS are *secreted out* from the well-ordered whole. The brazen LAWS of the CREATIVE FORCE, GOD'S THOUGHT PROCESSES, contain order in all the expressions of revealed creation. The LAWS that flowed from GOD'S THOUGHT PROCESSES maintain the cosmos and all revealed life in all its varieties.

**17<sup>th</sup> of June 1962 – 4 am** (Sunday)

Everything must run along *natural* lines, we cannot do magic. When the atmosphere of an inhabited planet is *wantonly* damaged, we can only repair it with the components it was made from in the first place. We already mentioned that every inhabited planet *inhales* cosmic AETHER to then *exhale* it in a transformed state. Your atmosphere therefore developed between the efforts of your Earth and the machinations of the cosmoses. In the cited case, your Earth will do everything it can and make the utmost effort to maintain your living conditions and be aware that it *will move more than usual* in the process. - Listen to your INNER VOICE and listen to your Earth's breathing!

**1:30 pm**

Exactly the way you open-mindedly endeavour to receive and to create beautiful, august and harmonious things, it is also your assignment to maintain and to support everything beautiful, living and radiant. We will endeavour on your behalf to maintain your abodes and your physical life forms and this against the intentions of Lucifer's *destructive mania*, as his *hostile* VASSALS try ever more intensively to project this in your HEARTS. Take a critical look at yourselves and you, who strive, will find that there is still *a little* lust to destroy things and an expectation of catastrophes in your hearts. Be honest, because we can see your distress and know *whose* suggestions you are still subjected to.

Try to gain more and more access to the UNIVERSAL STREAM of LOVE, *transform* your thoughts, look behind the make-believe that wants to be seen *as the truth*, only see HIS PLAN, HIS LOVE, HIS sparkling, glowing, swinging life everywhere and do not allow yourselves to be captured, no matter how enticing and advertising the HOSTILES behave, remain solidly anchored in your *true* life. Know that ENTITIES not only exist on your Earth, but also around your Earth, that try to *divert* your thoughts from *true* thoughts. But also believe that they cannot reach your HEARTS when you have constant control over yourselves and when you accept the love of your FATHER, when you completely and unconditionally immerse yourselves in this UNIVERSAL LOVE. This is exactly what the HOSTILES try to prevent with great intelligence and all available

means. – Be alert and be wise!

There are of course other various intelligences *apart from us* that also show an interest in you for multifarious and to you incomprehensible reasons. All of them are *ahead* of you in their *development*. We will remain your nameless, helpful and loving OLDER BROTHERS for the time being. We *don't* see you as “Russians”, “Americans”, “English” or any other nationality, we only see terrestrial mankind *as a whole* and as the collective of your EMANATIONS. But it is still possible for us, if we see a need for it, to call you by your name when your LIGHT begins to *radiate* amongst the masses. It is our aim to help your Earth to turn into a shining planet, a pearl within the cosmos that will raise the spirit of every HEART who sees it, a pearl within the cosmos that carries an exemplary, radiant human race. – We love you and you do have the opportunity to get there.

**1:45 pm**

Your physical body must be in such a condition that it is capable of being a fit for action instrument for your SPIRIT in all situations. Due to the POWER of your SPIRIT, every one of you is capable of regarding as and forming your physical body into such an INSTRUMENT of the SPIRIT. The more perfectly you comprehend this, the more perfect your physical body will be.

**20<sup>th</sup> of June 1962 – 8 am**

Why do we teach you? Because you want to be taught. And why do you want to be taught? Because you *sense* and *know* that present conditions cannot be right, because you would find everything in top order if this wasn't the case and you *wouldn't think* about making everything better and more harmonious. This is the best evidence for the fact that images and ideas of the condition when you were creatively conceived are latent within you, the condition all human beings ought to oscillate in as a revelation of the HIGHEST INTELLIGENCE and LOVE. – You know *who* and *what* you are deep within yourselves and you allow yourselves to be deformed by your self-created POWERS of DARKNESS and DESTRUCTION in spite of this. Everything lies within your HEARTS, but you look for it elsewhere. Look for the CENTRE, the EPICENTRE *within you* from whence all knowledge and all wisdom, all love and all life STREAMS from. The CREATIVE FORCE placed a PARTICLE of HIS own SELF in all of you.

**22<sup>nd</sup> of June 1962 – 10 pm**

All human beings reach a point in their thought processes where they *realise* that all physical possessions and satiations *cannot* satisfy their needs, some will probably realise this during their last hour in their physical garb, but a lot of people already realise this during the middle of their terrestrial life or even sooner. This moment is the *awakening* from life's dream, the remembrance that you are *not* from this Earth and that your home is within the SPIRIT-DIVINE. A wonderful ENERGY springs from the realisation of your true being, your POWER over everything physical, stiff and dedicated to decay. You will notice that all covetousness and wanting things will gradually *disappear*, that ambitions and cravings for recognition, cantankerousness, contentiousness and conceitedness, everything egocentric will also disappear, that your consciousness will *expand* more and more and that all trifles that had held you prisoner will fall like scales from your eyes. Be grateful for being allowed to experience this moment of realisation! It represents the *first inauguration* into COSMIC THOUGHT PROCESSES, the first upward step towards higher insights.

### **23<sup>rd</sup> of June 1962 – 8 am**

Don't be so impatient! Revelations and insights of a *higher type* cannot be forced, they reveal themselves *of their own accord*, ergo when people have *the maturity for them*. But this maturity have to be *toiled* for, toiled for full of devotion, humility and gratitude. It is a labour performed on *yourselves*, a labour performed on your HEARTS, a *retraining* of your thoughts.

### **25<sup>th</sup> of June 1962 – 7:30 am**

The *higher* living beings develop, *the finer* their perception and recognition of their environment become. Highly developed beings *sense* the cosmic space they swing in with their solar system that wanders through space and they know how to evaluate and assimilate the COSMIC RAYS they encounter. They have also gained the ability to bear the radiation of other systems, ergo the ability to adapt to these radiations and vibrations. This is why it is also possible for them to *travel*, if they want to. We are dealing here with embodied creatures, because disembodied creatures and beings no longer deal with time and space and they are able, according to the level of development they achieved, to be everywhere they are need under their own STEAM *simultaneously*. DISEMBODIED BEINGS can *expand* and *contract at will*. All of this cannot be explained with your words...

The WISDOM of the CREATIVE POWER will gradually reveal itself to all those that strive, up to the degree that is *bearable* in this physical life. These things can however *not* be forced and you will also *not* achieve anything through any type of exercise. Your SUPERNATURAL SENSES can only work when your five senses are *switched off*. You will also soon recognise *what* your five senses are for, namely for the *observations of physical revelations* that represent a discharge of the SPIRITUAL.

### **26<sup>th</sup> of June 1962 – 1 pm**

Some creatures are able to *consciously capture* certain radiations and then exploit them in their physical or semi-physical bodies. They can thereby change colour, form and sound, *visible* to purely physical creatures or also INVISIBLE. They are capable of making themselves *heavy*, ergo to walk and to live on their home planet, or to make themselves *light* and fly through the air like birds do where you are. They accomplish this through the conscious inhaling, exhaling and transformation of the AETHER whose texture they accurately know and are able to differentiate. This ability will once again be revealed to terrestrial people also. It has very little to do with the texture of your souls, it is a purely *technical* ability and knowledge, something indifferent people, as you call them, can also acquire. They are also capable of *temporarily draw their nourishment from the AETHER* and to regenerate their cells by allowing certain filtered AETHER to flood through them. This type of existence naturally includes a solidarity with the UNIVERSAL SPIRIT and it expresses itself differently from the way you live. These human beings have neither temples, priests and nor saints. – They do not need them.

### **27<sup>th</sup> of June 1962 – noon**

If we were to describe the diversity of the visible revelations of OMNIPOTENCE to you, you would have to LISTEN and to write day and night. As you know, no human being and no flower looks exactly like another even on your little planet. The exact same applies to other planets. You can perceive and comprehend a great portion with your eyes and ears, whilst other portions are *imperceptible* to you, but still completely and really there. An immense variety of colours, forms

and creatures are on display according to the composition of the atmosphere around a planet. A lot of things would be *strange* to you and either “incredibly beautiful” or “abysmally ugly” in your eyes. You only know the things that are *visible* on *your* planet and your views are *constricted* by prejudices. When you listen deeply to your HEARTS, GOD’S SPARK in you will tell you about the things that the cosmos has revealed. Everything you can ever imagine exists there and so much more. The things we want to tell you are difficult to explain with your words. It should merely widen your horizon and extend the wings of your souls so that you become *lighter* and brighter all the time.

### **28<sup>th</sup> of June 1962 – early in the day**

Everything revealed is part of the *world of contrasts*, because only contrasts create tension, vibration and movement. The higher the vibration, the *lighter* and brighter the revealed will be. The PURE SPIRIT – GOD – is however a UNITY, a UNITY that contains everything, pure LIGHT and the highest vibration that represents akinesia. Everything revealed flowed from GOD and is maintained through his POWER. There would be *nothing* left, if GOD’S LIFE-FORCE was withdrawn. Whether you sense it or not, your life is GOD’S LIFE, because *nothing* exists without GOD’S WILL. All life is the revealed action of SPIRIT and no life exists that has not flowed from GOD.

### **29<sup>th</sup> of June 1962 – 8:30 am**

You and everything the CREATIVE POWER *exhales* and is maintained through his love and life force, is *indestructible* and *eternally existent* until it is once again *inhaled* by the UNIVERSAL SPIRIT and HIGHEST. – But the ENTITIES that flowed from *your* thoughts, those that *you* called into being, most times unconsciously, are being retained and maintained by *your* LIFE FORCES and *your* thoughts, ergo they have been created and been nourished *by you*. When you no longer provide them with NOURISHMENT through correct, shining thoughts and deeds, they will fade away and dissolve. When you *knowingly try* to no longer create new THOUGHT ENTITIES, nothing can hinder your evolution, your enjoyment of life and your shining vibrations. Pay close attention to *your* thoughts, think about this every second of your life on Earth. Discipline *your thoughts* so that nothing escapes you that could constitute nourishment to a HINDRANCE. – Also: You have flowed from GOD and you are maintained by HIM. DESTROYERS and TYRANTS flowed from *your* thoughts and they are being maintained and nourished by you.

### **1<sup>st</sup> of July 1962**

Knowledge is of *no* use to you unless you have an overview of the coherences between all events and everything that has been revealed. You must be able to construct everything that you would like to know in your thoughts from the start and you must *understand* anything that you and your five senses find interesting, without the participation of your prejudices and acquired emotions, *completely neutral* – and you will see everything correctly, the way it *really* is. You *don’t* recognise things *correctly*, because you constantly regard the impressions of your five senses as being correct and immediately make a judgment from within the sector of your perceptions thereby veiling everything with the surges of your emotions. You sort everything according to pleasure or displeasure in regards to your psychic *EGO* and you therefore never see a thing or a cause the way they are, namely *completely neutral* – neither good nor evil, neither beautiful nor ugly, neither old nor new. Your emotions *alone* therefore *set the tone*, your emotions are the *veils* that hide what’s true.

### 3<sup>rd</sup> of July 1962 – 8 am

Everything is an interplay between spiritual FORCES, a giving and taking and giving again. Everything that flowed from GOD has an interrelationship with everything else, but everything visible *developed* from the INVISIBLE and decays back into the INVISIBLE. The SPIRIT is capable of binding together the atoms that GOD'S THOUGHTS produced and turn them into *visible* physical forms, but all of them will decay back into their components after a certain period of time. – But everything that flowed from GOD'S THOUGHTS in the shape of a revelation will flow back to GOD'S THOUGHTS after eons of periods of time have passed – to then STREAM from GOD'S THOUGHTS again after periods of time that are inconceivable to us, but that *do not* exist in GOD'S THOUGHTS.

### 4<sup>th</sup> of July 1962 – 6 am

Try to be constantly aware by day and by night that you are divine revelations, that HE is amplex and love and that you will lack nothing if you remain connected with HIM and if nothing can separate you from HIM. The knowledge of your complete *conscious connectedness* with GOD'S ORIGINAL-LIFE-LOVE-FORCE is what makes you free and happy, is what dissolves all KARMA and does not allow anything hindering to approach you. When your HEARTS are constantly filled with DIVINE ENERGIES, you cannot do or think anything that hinders you or produces a hindrance. But your connectedness must be *intuitive*, your present development strives for this knowledge.

### 8 am

Recognising natural-scientific, mathematical and physical actualities is only *a means for a purpose*, namely to draw the conclusion that they are DIVINE-COSMIC REVELATIONS. Only those that can *realise, hear, feel* and *recognise* the REVELATIONS that spring from all that extra available knowledge will find that their studies will *help* them. It only represents ballast for all the others.

### 10:30 pm

We no longer have universities, schools and lyceums like you. We do indeed have large temples where we often congregate in order to give and to receive concentrated ENERGIES. We also no longer have books, because everything that we have to know we can *directly* gather from the SOURCE of all WISDOM, where *true* knowledge resides. We receive the things we require for our level of development and we are acutely aware that we are capable of constant higher development, we do so according to an exact rhythm that is known to us. Some amongst us are SERVANTS and we may not forget and remove from our minds the *lower* levels of development, like for instance yours, because we would otherwise no longer be aware of our younger brothers, exactly the way you sense rather little about *your* younger brothers, namely animals and plants, about their striving and yearning – and do *nothing* for them. You also know *nothing* about worlds where human beings yearn for higher development – or do you SEND ENERGIES that will energise them?

As you can see, everyone – no matter what level one occupies – would have the *duty* to drag every living thing *below* higher and to take everything that is below their own level of development with them. But who amongst you thinks about this?

You should constantly bless and lovingly envelop all life so that it may unfold *without stress*. This makes you climb higher and everything around you goes with you. There are *specifically chosen*

*ones* with special POWERS amongst us that do this, but all of them send us enough of their ENERGIES that we have the POWER to constantly indoctrinate and bless you and all others on your level of development.

### **8<sup>th</sup> of July 1962 – 11:30 am**

Those that *know*, *no longer* require faith. But true knowledge can only be gathered from the basis of faith, because faith *is the door to knowledge*. Humbly-thinking believers gain their knowledge one day, because they believed that they will open the door to knowledge one day and enter into the LIGHT of all WISDOM. But those that do *not want to walk* the path of faith, humility and gratefulness will never find true knowledge.

Knowledge about things and events, that is to say, when you can be amidst things and events, when you can swing with the POWER that forms, maintains and swings everything is important, but if you have *not* achieved this you *cannot talk about knowledge*, because you *only assume* and therefore do not know.

### **Noon**

There is no need for you to allow your fellow men *to push* their experiences upon you, because they can always only be looked at from *one* side. Your SOURCES of KNOWLEDGE are *everywhere* you look, listen, smell, taste and feel. Everything is viewable for you and it can *widen* your consciousness – unimaginable to you. You must look at, listen to and feel your environment; you must suck in and assimilate all SPIRIT and ENERGY STREAMS that constantly flow around you. But you must be *free*, free of prejudices, free of denominations, free of the opinions of others, even if their degrees and titles are ever so high, they are formed by people and *not* by GOD. Only those that are free from all of this can look at everything independently, can recognise its *meaning* and its *purpose*, can absorb all of creation's miracles and will also know *where* the POWERS come from that want *to hinder* free insights – they will smilingly push them aside and be able to freely recognise the truth.

This however doesn't mean that there are no human beings that have gained high or even the highest insights. Do not close your minds when these enlightened people reach out to you with their HEARTS in order to lovingly help you to open the SENSES of your HEARTS. You will *feel* it when something *resonates* within your HEARTS and when it *widens* the SENSES of your SOULS, because the truth and love opens all sleeping HEARTS, always according to their intensity.

### **12<sup>th</sup> of July 1962 – 8 am**

Do not allow people to turn you into "*somebody*" you are not. If you are to turn into "*somebody*", than *only* through the DIVINE POWER that *resides in everyone* and that is starting to glow and to burn in a lot of people. The people who are beginning to burn in their HEARTS are the servants of high and highest SPIRIT ENTITIES, in whose HEARTS they can reveal themselves in order to advise and to help.

### **11 am**

But when they say to you that you must ask *soothsayers* and *diviners* that whisper and murmur, you say: Should people not ask *their GOD?* – Yes, your GOD talks to *everyone's* HEARTS when his infinite, everything maintaining, UNIVERSALLY-LOVING POWER is called upon by your

HEARTS – *they* are his ABODES. *Called upon* SPIRITS will never reveal truths to you, because only *base* SPIRIT BEINGS require people's ENERGY to express their unenlightened thoughts. *Eminently enlightened* SPIRIT ENTITIES *select their own mediums* to indoctrinate and to help through them. These people must then be *servants*. They can never force SPIRIT ENTITIES to speak or write through them. These servants must be *humbly prepared* to HEAR and to SEE when they are spoken to. Every human being *can* and *should* be a servant.

### **13<sup>th</sup> of July 1962 – 4 am**

When a SPIRIT ENTITY that talks through you mentions its name, you'll find that it is still bonded and bounded. But just because a SPIRIT doesn't mention its name doesn't mean that it is an unknown SPIRIT. You will *sense by the way it expresses itself* who amongst the *very great MASTERS* is revealing himself through you. If your soul is *pure*, you will always be able to SEE your MASTERS as if they were in a physical body and recognise them, because they always use the perfectly spiritualised body they used during their physical life when they want to reveal themselves.

Call upon HIM, call upon COSMIC LOVE, it reflects its POWER in your HEARTS so that they may begin to glow and burn. This FIRE will burn everything in your HEARTS that could keep you from thinking true thoughts. This FIRE connects you with the UNIVERSAL FIRE of DIVINE THOUGHTS and it makes you as free as gods with *comic* thoughts. All pettiness falls by the wayside and all problems dissolve!

You are *within* the Earth, it its AURA actually, but *not* from this Earth. You are like Lords that can utilise everything lovingly, blessedly and gratefully so that it can serve and promote all life. Make the Earth your subordinate, she wants to serve you and you should *gratefully, blessedly love* her. Suck in the PRANIC AETHERS, they want to *spiritualise* you to show their appreciation to the HIGHEST, the VERY HIGHEST and UNPRONOUNCEABLE.

### **Noon**

Don't condemn anybody who looks for GOD the round-about way. But don't support anyone who walks dark and unnatural paths out of *curiosity* and *greed for power*. They will end up in the fangs of the DARK POWERS who can *camouflage* and *distort* their intentions and *tell* you things whose backgrounds you find very difficult to discover.

### **16<sup>th</sup> of July 1962 – 4 pm**

Those amongst you who are predestined to have higher insights ought to be grateful if they live in the *Northern Hemisphere* or in the mountains of *Switzerland* or *Austria*. *More powerful* vibrations are active at these places than anywhere else. This fact also explains why Switzerland is a special SPIRITUAL CENTRE at this point in time and that SPIRIT CENTRES will establish themselves in the North. Southern nations do indeed promote spiritual VISIONS due to easier living conditions, but visions alone, as wonderful as they are, do *not always* lead to spiritual INSIGHTS, discernments and activities. In Southern nations, spiritual activities are specifically *hindered* through the climate there and its effect. The spirit is willing, but the flesh is weak. The SPIRIT receives INTUITIONS and VISIONS much easier in the South – but human beings – because they are obliged to wear a physical body on Earth, are hindered by the loveliness of their environment to transform their INTUITIONS into action. They retain their high insights *for themselves* and they do not live or act

accordingly. There are certainly a few *exceptions*, these are souls that are no longer affected by any climatic conditions. They came to Earth to teach you and to act as archetypes.

### **18<sup>th</sup> of July 1962 – 4 am**

Just how lavish the COSMIC INTELLIGENCE, ergo the UNIVERSAL LOVE ENERGY is, is verified by the bodies that you may live in for just a short period of time. How delicately they were conceived and constructed! Think of all the possibilities they provide you with to recognise, to do and to experience things! And once your LIFE FORCE has departed them, these precious constructions decay back into their atoms. But all of these atoms will *keep* something of *your* spiritual, mental characteristics *to themselves*. They retain something of the peculiarities of *every* soul that utilised these atoms in their body, so that every incarnated soul bears *a part* of the guilt and atonement of all creatures and must atone for this until all atoms are purified again so that the *purest of souls* can guiltlessly reveal themselves within them.

### **4 pm**

When you gained a profound insight that turns everything inside of you upside down, keep this inauguration *to yourselves to begin with*, because your fellow human beings wouldn't understand you, they would look at you in astonishment and if you were to tell them about your revolutionising, stirring insights, they would be confused. Be therefore *wise* and *remember* that unimaginably numerous LEVELS of CONSCIOUSNESS exist specifically on this Earth. The souls that share the same revelations and inaugurations will automatically find one another. Be patient, you still have a lot of insights to learn and comprehend, because you are on the path towards the LIGHT and the TRUTH, a path that is hard and full of thorns, because all your precious views, the way you think, the way you act will change in such a way that you will often feel abandoned and alone, particularly when the solid ground under your feet turns out to be quicksand. *Your home is the cosmos*, but this isn't easy recognised and it demands the relinquishment of all your traditional habits, views, dogmas, everything learned and adopted. You do however have the POWER to push forward to yet unknown regions of LEVELS of CONSCIOUSNESS of LIFE.

### **19<sup>th</sup> of July 1962 – 7:30 am**

When you climb the path up to the MOUNTAIN of INSIGHTS, you must *leave everything behind* that you found in the valley and on the way. You must look at everything that entices you to stop and enter on your way with a smile and learn to recognise as *Maya* and proceed along the upward path with a joyful, grateful HEART, an archetype to all to those that were left behind enticed by a make-believe happiness, helping and comforting, a radiant helper. All of this is meant *figuratively*. It is a shame that you cannot yet SEE our images. A lot more can be said with images than with words, because they stop to suffice somewhere along the path to higher insights.

### **20<sup>th</sup> of July 1962 – 8:10 am**

*Pray and work!* Pray whilst you work and allow your work to be a prayer, a prayer of thanks for being allowed to create and configure, act and proceed thereby imagining and making the UNIVERSAL LIFE FORCE visible. Also work whilst you pray, work with the rushing, never ceasing STREAM of the unfoldment of all life. Be conscious of the fact that you flow with the UNIVERSAL STREAM and whilst you pray, drag all souls with you towards the LIGHT of their true existence. Pray in amongst the STREAM of cosmic UNIVERSAL LOVE, sing with your soul in the choir of all souls, in cosmic harmony with all evolutions. – Pray and work!

**22<sup>nd</sup> of July 1962 – 9:45 am** (Sunday)

The moment you *raise* your thoughts, ergo raise them above the concerns that press upon you, higher up to ENTITIES you expect help from, the harmonising FORCES within you can become active and from WITHIN *combine* with external forces to smooth things and to make them good again. The moment you completely separate your consciousness from the things that press upon you and hinder you, they will no longer have power over you, be it an illness, an adversity or a worry. *You* are the ones that create the disharmonious conditions of your physical revelations.

All the revelations in the physical and also in the NON-PHYSICAL, disembodied states are arranged that the next higher entity is *supposed to help* the next lower one and that they do so when in an enlightened state. The higher your consciousness climbs, that is to say, the more you learned to understand about the UNIVERSAL-INTELLIGENCE and the better you learned to recognise and apply his LAWS – that everything unfolds and maintains itself from – the *higher* the ENTITIES that are capable of corresponding with you, advising you and helping to pull you higher. As we have told you before: Be aware that *the higher* your consciousness and *the further* your capacity becomes, *the more responsibilities* you have, because *you then know* that you *must* consciously help your fellow men as an archetype with your POWER of THOUGHT.

One eminent BEING of LOVE that can help all levels of consciousness, if called upon with full trust and devotion, is JESUS of NAZARETH. His consciousness is *so high* that it knows how to fully assimilate and apply the cosmic LAWS of the FATHER. His activities are so powerful that HE is in a position to also help the *lowest* creatures, whose existences have turned disharmonious through false thought processes and false actions, to harmonise again and this immediately, thanks to his POWER over everything physical. The proviso is always that the caller calls from deep within the HEART – *aware* that help is nigh. But the moment an *iota of doubt* arises, the helping POWERS can *no longer* unfold. DEVINE-COSMIC STREAMS of HEALING can only flow into a devotedly open HEART.

You are being enticed from all sides to co-operate in the plan of destruction in a most plausible fashion and asked to give the POWER of your SOUL to this cause. You probably hold the opinion that you are way above these temptations and that you are being directed on to the right path. Be alert and close your souls to the siren-songs and the temptations of INTELLIGENCES that would finally like to triumph in order to maintain their viability. Be alert in regards to everything your five senses want to convey to you and to everything that you hear and see. Do not lend your LIFE ENERGY to those that aim to *destroy you* because you have recognised their actions. They *camouflage* themselves in every possible way and they are also not recognised by those that are on the PATH to the LIGHT and believe that they have progressed quite a bit along the way. The only thing that can dissolved them is *love for all life*, because the highest, loveless INTELLIGENCE melts under the SUN of LOVE.

**23<sup>rd</sup> of July 1962 – 10:30 am**

Love is the escarpment that you can allow to shine around your souls. Love for all life that wells from a hot HEART does *not* allow anything that serves destructive purposes to approach you. Those amongst you capable of selfless, serving love, of *true love* that is not theatrics or radiant with egotism, can only be advised and guided by ENTITIES of LOVE. Base ENTITIES *avoid* love, even though they yearn for it. – Constantly parade this in front of your HEARTS and love, love everything that is alive.

## **24<sup>th</sup> of July 1962 – 4:30 am**

You were created from laughing joy and joy should therefore be the *basic mood* of your souls. Even if a lot of things may seem dark and unfriendly to your senses, know that all life is joy, singing, radiant joy, a perpetuum mobile and a dancing daisy-chain of the zest for life. But be aware that the *true* zest for life is *not* identical with sensuous delight. Your senses should allow you to recognise everything revealed, but recognise filled with grateful joy, that sings and resonates in your HEARTS as a vaunt for the POWER and the ENERGY that maintains this joy by EXHALING all life with his BREATH.

When such joy fills your HEARTS and when you are *consciously aware* of this joy, you live, you consciously swing within the DIVINE-COSMIC REVELATIONS of all life and nothing will then bind you to your physical body or the planet you live on. You will then consciously wear your body as a garment you are dressed in and you are also consciously aware that you are *just a guest* on your home planet. But be grateful for your body and for the abodes you live in and be pleased with both of them, they are gifts from the HIGHEST. Respect and love, attend to and understand your body and your Earth, be pleased about the fact that you are allowed to have both of them. – Think about this and *represent* joy!

## **26<sup>th</sup> of July 1962**

*First graders* would not understand higher mathematics if it was taught at school. The teacher gradually builds one thing on top of another, thereby preparing the next higher level which he then teaches when the lower levels represent a solid foundation. The same applies to our indoctrinations, only once one thing has been understood can the next, higher thing be taught and understood, well this applies to your normal human being. But the faster and better everything on the one level is understood and practised, the faster a human race can develop higher.

## **28<sup>th</sup> of July 1962**

You should give your thoughts a *lot more attention* and treat them the way you pay attention to the food you eat, to the way you dress and how you look, because what you *think* and what you *do* is what's *most important*. Everything else is half as important, because right thoughts automatically produce the right things. Everything that you ILLUMINATE with your glowing, sparkling love *must reflect back*, even if it is incrustated by false thought processes. Try this and lovingly ILLUMINATE your fellow men, whether young or old, whether coloured or white, illuminate all of them with your COSMICALLY VIBRATION LOVE. Your environment will change – it *must* change!

## **31<sup>st</sup> of July 1962**

All humanities that are *similar to you* undergo constant changes, in their thought processes and the perception of their environment as well as the composition of the physical bodies. Having reached a certain level of development, people do however *recognise* that they are being *directed* and *guided* by higher SPIRIT ENTITIES, but that they still *possess a great freedom*, and that they are capable of being creatively active. They recognise the POWER of their thoughts and they know that they can realise them. They can decide *what* they want to create, whether to create beauty or whether to be destructive. When human beings have a destructive predisposition, *hostile* ENTITIES immediately become active and *promote* the work of destruction will all available means and with great cunning – and their instruments don't realise *who* their impellers are. – Pray for peace!

### **1<sup>st</sup> of August 1962 – 6 pm**

Even if you think that it is useless when considering all visible events, we ask you: *Pray for peace, think with love*. To send love and peace is never useless. We wish that you could SEE how much LIGHT such thoughts emanate and how they brighten up everything! Never tire, let there be LIGHT on Earth!

Don't be disappointed that we *often say the same things* to you, but until your thought processes within you have progressed *higher*, you cannot hear higher truths. A house is constructed from the *ground up* and not its roof first and then the foundation. Learn to keep your thoughts *under control*, it matters not whether you call yourselves "professors" or "housewives". Let go of all the old prejudices and turn into new human beings, in your HEARTS and thoughts, turn into new people, LIGHT and SOLAR-PEOPLE that look up from the ocean of air you live in, look up from your narrow-minded thoughts and actions, look up from the *lethargy* and the *ignorance* about your true existence. Always remember - GOD created you in HIS image!

A lot of your OLDER BROTHERS are constantly and lovingly around your Earth and around you, they stream their love day and night in the hope that you may accept it – hopefully, lovingly and serving.

### **3<sup>rd</sup> of August 1962 – 11 am**

All of you are "*Man*", all of you and also all human beings that live in a NON-PHYSICAL STATE and it matters not whether around your Earth or on some other planet. All of you are "*Man*" on a certain level of consciousness. "*Man*" is a species within the expression of life, within the manifestation of life in itself and consists of a scramble of atoms and the soul that represents a drop from the OCEAN of SOULS. Everything that we receive comes from the SPIRIT of LIFE, from the CAUSE of all causes, from the INTELLIGENCE that is the CAUSE of all intelligence, from the POWER that you call GOD, but that remains unnameable and incomprehensible. This POWER is all life *in itself* and no life is possible without this POWER. GOD makes the STREAMS of LIFE move. He maintains everything revealed and unrevealed through HIMSELF. He is everything, everything within everything – and you are a part of him, the species called "*Man*".

How could you possibly hate your fellow men, if you feel this inside of you? How could you possibly reach for transient frippery and feel attached to it after this? How could you possibly envy you fellow men for the sake of transient things? Those that can *grasp* the ORIGIN of their eternal existence love all life, feel HIM in everything and live in HIS BREATH, HIS LIGHT and HIS LOVE. They then see themselves as an *expression* of HIS eternal, vibrating and glorious creation.

Believe me when I say that JESUS of NAZARETH, who lived and taught in a physical form on the planet, showed you the way to this redemptory insight. He showed you what the physical body *was designed for* and how one can verify the POWER of the CREATOR during one's embodiment.

Your words do not suffice to make all of this clear to you. *Sense* what we mean. We love you and we would like to pull the veil from the EYES of your SOULS so that you can learn to raise your consciousness to COSMIC CONSCIOUSNESS, to then be able to understand the wonderful, gloriously radiant creation all of us are a part of, we are actually the part that has the gift of *being able to comprehend* HIS existence to an ever greater degree and in ever clearer forms. Who amongst you remembers *to thank* the FATHER for giving you every second of your life, for allowing you to

see all life, inside and out? This is what you should give: Gratefulness – love – LIGHT and the understanding of your existence.

### **8<sup>th</sup> of August 1962 – 4 am**

The further you travel along the path towards becoming SUPER HUMAN, the more you will *feel abandoned* by your fellow men. *Never look back* at the things you left behind, it *hinders* your progress. All the dear little emphasised *ego-characteristics*, habits and points of view must be forgotten, they will otherwise be like shackles on your feet. Stride into the *regions of the serving* filled with joy and glowing with love and forget about yourselves, become *selfless*, because the more selfless you become the more you RADIATE warmth and peace towards your fellow men, because only a selfless person can give both, peace *and* security, love *and* joy. Your inherent ENERGY and POWER can only then be utilised for serving and selfless means once it has been *withdrawn* from your *EGO* and will only then be turned towards the ONE from whence you flowed and as whose children you should reveal yourselves amidst the abundance of the IDEAS of the ONLY ONE.

### **9<sup>th</sup> of August 1962 – 8:30 am**

What are *planetarians*? You are, well actually all of us are inter-planetarians, because all animated creatures and beings are inhabitants of the cosmos – cosmoses. As all of us are SOUL ENTITIES that only temporarily wear the garment of a physical body, the following represents evidence that *you are also* inter-planetarians: It is possible for you to race from star to star within seconds, to be anywhere in the cosmos you want to be in your thoughts, and the further the consciousness of your soul expands, the more secure and real you can remain where you want to remain. Most can naturally not take their bodies with them on these journeys, but they can *report* about their journeys to their physical five senses, thereby converting certain parts into words, images and sounds to then recounting their experiences in this fashion to others so they can also experience them according to their level of consciousness. The possibility is there for every soul, ergo for all human beings to realise that they are *not* sinning earthly worms, but that they are *cosmic beings*.

### **13<sup>th</sup> of August 1962 – 1 pm**

Those that *stand* in the LIGHT have to be careful that they are not *pulled down* into DARKNESS! All beings that turn towards the LIGHT will *not just* spread the LIGHT, they will also be *envied* and encumbered by the negative thoughts from other beings because of their LIGHT. All of you have to go through this test. You feel these hindrances and it is difficult for you to say: “Love your enemies, bless those that curse you and do good to those that hate you”. But this test has to be passed by all of you who are helpers, servants and lovers or want to become such. This is probably the hardest thing JESUS asked of his followers, but also the most important. Because the creatures that comprehended this “*love they enemies*” also grasped that “enemies” cannot exist, because all of you called “Man” in GOD’S creation are there *for* one another and constitute the whole *with* one another. When you *counter* hatred with hatred, you hate *yourselves* and you *harm* yourselves. But if you know this all embracing love, everything with you and around you starts to blossom like flowers in the sun.

### **2 pm**

*You* know that we are constantly trying to talk to you because we love you – and *we* know that everything has to be constructed level by level. But we have reached a time where it is advisable to

*expand one's consciousness as far as possible* into the dimensions of the SPIRITUAL, into a reality that cannot be perceived by the five senses. Everything visible has its causes, its origin in the INVISIBLE, that is to say, in something your five senses cannot perceive. Because the LAW of meaning still has to grow within you and turn into revealed reality.

This isn't simple to express with words you have *no concepts of* so that you understand. You utilise electricity, but you don't know how to define it. It is present and it works wherever it is directed to. Electricity doesn't care about where it is used, it works in a completely neutral way. The same applies to GOD'S POWER and LOVE, it is present and it acts and gives of itself to maintain all life. GOD *doesn't* live in a distant heaven. GOD swings within everything that you and we *see* and feel as alive. You adore Him, because you know that HE is in everything, that HE is everything. GOD means "GOOD" and it is the unlimited GOOD that maintains, thinks about and floods through everything. GOD cannot be limited by any name, may it be ever so eminent.

Beings that think cosmically see things *entirely different* than you as terrestrial human beings. They possess a far *wider* horizon and you represent a species to them the way you look at "birds" or "pets" for instance. They don't see you as animals, but as a genus called "Terrestrial Man". They see you differently from the way you see yourselves, but they see you as you *really* are, amidst a revelation wherein you only dare to look around with the five senses of your bodies, ergo only what your five senses can convey to you. But those amongst you that understands how to *consciously* utilise their SUPERNATURAL SENSES will get to the level of SUPERHUMAN – from your point of view – already a lot closer. Those that gain such an overview find that all the things that the species "*Terrestrial Man*" finds so important, no longer have meaning. The more you try to become SUPERHUMAN, the more you find that all pettiness falls away from you and that you will no longer *waste* your ENERGY with annoyances, worries, envies and fears. You will leave all of this behind you and your material concerns also become superfluous. Believe me! But you are to be active within your own element in spite of this, fully aware, but with an *expanded* consciousness.

## **20<sup>th</sup> of August 1962 – 8:30 am**

You always say that you have no time, but time doesn't actually exist. Concepts of time and restrictions are relative. Break the habit of this childish hustle and bustle! Don't you see that you are being *duped* and *driven* by your own thoughts and by ENTITIES you invented yourselves? – You always have time! You *come* from eternity, you *live* in eternity and you *go back* to eternity. You are on the planet being called Earth with your bodies and you *yearned for* and *wanted* to be in this form of expressing your existence in order to collect insights, actually out of a sense of joy de vivre – and you ended up in such a state of confusion. Raise your thoughts above the depth of the transient, eternally changing state of the visible that shows itself, and must show itself, according to the way you think now and thought in the past. I therefore advise you: Raise your thoughts towards *higher, beautiful, expansive* and *radiant* things and do what's required to maintain the harmony of the revelation you call "physical" within the divine, maintaining PRINCIPLE.

## **24<sup>th</sup> of August 1962 – 9 am**

As we are dealing with the region of planet Earth, we can also access the smallest of your concerns. You who strive should have the constitution to be able stand amidst the seething volcano called humanity and shine and act, act to achieve, to clarify and to illuminate something. The more of these striving people file and work on their own completion, the brighter things turn in and around the masses, *the brighter* your planet will shine and *the purer* all expressions of life will be. It is the soul that forms and maintains the body. *If you look after your souls* and open them wide to the COSMIC

STREAMS, your bodies will also beautify and all cells will begin to glow and shine. You can therefore recognise enlightened human beings by their radiant character, their shining eyes and by the constantly cheerful *disposition of their souls*. Enlightened human beings have found their CENTRE from whence they act and work. External things can no longer ruffle them or make them sad. They are aware of their eternally bubbling SOURCE of LIFE and they also know that it never runs dry, that it flows eternally.

### **25<sup>th</sup> of August 1962 – 8:30 am**

Don't waste your days with *pointless things*. Do not allow your senses to be captured by things that drag you down. Think of expansive, beautiful and august things as often as you can – *feel* the POWER that represents all life and show joy, grateful joy of being allowed to participate in life. You are life, you are joy and you are love! Every activity should express joy. Life is movement and far-swinging joy. Everything flows, everything moves out of the joy of being allowed to be alive. – The stars, the solar systems orbit along their paths, not hindering one another. Behave like swinging stars, shining, smiling and grateful, because you are eternally swinging beings, eternally existing within everything that is revealed. Even though your envelopes, your physical bodies change, *you are eternal*. Why don't you understand your existence? – Wake up!

### **26<sup>th</sup> of August 1962**

You are naturally able to correspond with any *eminent SPIRIT BEING* – whether it had been incarnated on Earth or not. Your consciousness *must* only *reach high enough* so that the SPIRIT BEING you called upon can *reach down* to you. Your souls will then meet on the *same* level of consciousness and everything that can be grasped on this LEVEL can be shared by you, ergo you can become consciously aware of it. The way it is your endeavour to consciously and willingly reach into the WORLDS of SPIRIT, *helping* SPIRITS also endeavour to descend as deeply as possible into your concerns in order to accommodate you and thereby help you try to reach your consciousness. The kind of effort you have to make in regards to the *ascent* of your consciousness is equalled by the effort an accommodating ASCENDED ONE has to make to *descent* down to you.

### **27<sup>th</sup> of August 1962 – 1 pm**

Intelligent life within a physical body is being relocated from your Earth to *other planets*, because spiritual conditions and therefore also physical conditions seem *more opportune* there than on your little Earth. Moving from planet to planet is a given, it just has not yet been incorporated into your present consciousness – but it will soon be. I could tell you a lot about this, but your ears wouldn't find all of it acceptable. You organise everything according to the *way you* think and judge and you don't understand a lot of the things where definitions are missing for something that is *common place* to beings on other levels of consciousness. This is why we constantly advise you to EXPAND your CONSCIOUSNESS and to TRAIN your SOULS. All mystifications must gradually fall from you and many glories will have to transform and harden into the pure gold of the perfectly explainable and graspable. The times of *blind faith* have passed for your terrestrial mankind. You should gain insights and understanding for everything visible and somehow graspable. You should *learn to recognise* the POWER that maintains everything with love and wisdom.

You should become *similar* to your CREATOR and MAINTAINER – GOD as you like to call HIM. You should *be* consciously aware that you are GOD'S CHILDREN, creatively swinging far and wide and able to *learn to avoid* everything that hinders life in general, dissolving everything already thought of and about to materialise.

## **28<sup>th</sup> of August 1962 – 2:20 pm**

JESUS and all great *interplanetary* SPIRIT BEINGS are able to talk to every HEART, but most people lack *the purity* to understand their august language. All *eminent* ENTITIES talk every second of the day, they radiate love, peace, harmony, joy and all other aspects every second of the day, but only a few absorb this and translate it into human understanding. All of you possess this RECEIVER and TRANSFORMER, but it is *unclean* and *neglected* and this is why you live a *dull* existence, one that is only informed by your five senses. Your five senses can only perceive and report what's visible, audible, tactile, olfactory and savouring on a physical level. But everything physical is subjected to constant decay and reconstruction, therefore transient and eternally changing; this is why you can never see it *the way it is*. The thought emanations from the divinely SERVING are eternally true, eternally existent and never alterable.

Love *remains* love eternally.  
LIGHT *remains* LIGHT eternally.  
Joy *remains* joy eternally.  
Life *remains* life eternally.

All of these are realities that *cannot* be explained by the senses, but they can certainly be perceived and transformed by the SOUL'S ORGANS.

## **30<sup>th</sup> of August 1962 – 8:30 am**

*Never* acknowledge the things that seemed to have deviated from the revelation of the true life. Retrieve it with your pure thoughts of love, retrieve it back to the true, divine revelation. *Never* give up on any kind of life, perfect in its own way, shining and lovingly radiant. Always try to see life as it was meant to be, namely a thank you for the ONE and ONLY, the ONE that CONCEIVES and MAINTAINS all life, the one singular POWER you call "GOD".

## **31<sup>st</sup> of August 1962 – 2 pm**

I have to warn you over again about *heresies* that shoot out of the ground like mushrooms in these times of change. They are presented in a well camouflaged, highly interesting, captivatingly intelligent and credible way and disseminating very quickly, they drag a lot of the seriously striving with them. They are super-intelligently camouflaged as "doctrines of salvation and insights", just right for everyone. This is why thought vibrations race around your planet in an *act of desperation*, looking for, well almost demanding an entrance into your souls, because the ENTITIES of DARKNESS *know* that it will be the demise of their existence *once* human beings *wake up* and recognise their hindrances and their TORMENTORS. If you were to live swinging with LIGHT and LOVE, they would starve and die of thirst. – *Be alert* and see through the *false prophets* that talk to you dressed in the most brilliant garments.

## **2<sup>nd</sup> of September 1962 – 1 pm**

Pray and meditate:

FATHER, allow me to be a living cell in the body that you created to be a human being. Allow me to be a shining cell that will carry along and enlighten all other cells. I thank you for allowing me to recognise my task so that my true being can be fulfilled.

### **3<sup>rd</sup> of September 1962 – 4 pm**

*Inspirations* come directly from the SPHERES of IDEAS that are always there and that are accessible to those that have fine-tuned their RECEIVERS to the degree where they can reach into these spheres. The more *delicate* their RECEIVERS react, the higher the SPHERE of IDEAS they can reach into and the clearer the IDEAS they can fetch will be. Human beings can indeed attract one another on a physical level, but they can never inspire *one another*. We have the power to receive all kinds of inspirations directly from the WORLD of SPIRIT through our thoughts and actions. Human beings can indeed show the path to these LEVELS to others by being an archetype to them, but never through the inspiration found on these LEVELS. Everyone receives the inspirations their own LEVEL allows them to receive, because the levels of consciousness of human beings are unimaginably diverse. You can be *animated* by seeing or being with another human being that appeals to you to be artistically active or to be physically attracted, but also in regard to material things. You can good and nobly adopt this person as your archetype, if this person is *pure* and *without physical desires*. But you can only gain *genuine* spiritual inspirations and insights for yourself from the ORIGINAL SOURCE of all SOURCES, from the REALM of IDEAS where all ideas come from.

### **5<sup>th</sup> of September 1962 – noon**

Live life so that everyone can hear and see what you think and do, so that they know that your thoughts and deeds will *hurt nobody*. But you have to live such a life voluntarily from the inside in spite of this. Once you have reach that point you will be *free* of guilt and of KARMA, you will then be a shining link in the chain of all evolutions, a cosmically vibrating being. This state of revelation of one's life is absolutely achievable, for every human individual, for each of you that wants to *seriously* reveal their true radiant being. You were *meant to be* like that, you therefore have the impetus for this within you. – Think about this!

### **6<sup>th</sup> of September 1962 – 1:30 pm**

Meditate:

Allow me to find my CENTRE within the stillness of my HEART, the CENTRE YOU are, YOU who has CONCEIVED me. Illuminate your environment from the stillness within your HEARTS and recognise the changes everything revealed is subjected to.

### **4 pm**

When you sense that something in your life, as a revelation of a DIVINE IDEA, has turned somewhat disorderly, you should say in your HEART: "FATHER, as you think fit, not as I plan." – By fully and completely *trusting* the CREATIVE POWER, you give *eminent* SPIRIT BEINGS that lovingly look after you the opportunity to influence your thoughts and your deeds, so that harmony must develop within you and around you. As *higher* SPIRIT ENTITIES have a *wider* view, they can see where things are wrong with you and what can turn your stress around. Once your thoughts and actions have changed, the visible revelations around you must also change and harmonise. But if you do what your mind tells you based on your five senses, the recognition of what's necessary *isn't there*, because the scope and overview is *lacking* and your conditions *cannot change* because your thoughts haven't changed.

## 10<sup>th</sup> of September 1962 – 8:30 am

*Don't* believe for a moment that you will be redeemed and rest in peace after you changed over to the WORLD of the SPIRIT. All your greed remains *attached* to your character. Greed is *not* something physical, it is a strong desire, an overly powerful thought created by the five senses. Everything physical however falls by the wayside when you discard your physical body, but everything NON-PHYSICAL *remains* with you. As there is nothing physical in the WORLD of the SPIRIT, your greed *cannot* be satisfied and it will burn eternally within you. Therefore try *to control* the demands of your five senses. They are *your servants!* What kind of a house are we dealing with where the servants control the master of the house? What kind of a master are we dealing with that allows himself to be tyrannised by his servants? – Think about this and start *to master* your senses, live like free human beings. You can do so!

## 11<sup>th</sup> of September 1962 – 2 pm

The world in its overall structure looks entirely different to a psycho-scientist than a scientist. Scientists experiment with the visible, ergo with the variable, the decaying and the rematerialized. The psycho-scientist however sees *what* allows the material to decay and to rebuild, sees what's eternally the same and resting, the CAUSE of everything visible and also sees what *maintains* the visible, ergo what's *behind* everything. The scientist wants to discover and replicate what's happening between atoms and particles, but he hardly ever sees *why* everything is like it is, namely the SPIRIT in and behind things. He experiments with electricity, but doesn't actually know what electricity *really is*. He experiment with life, but doesn't actually know what *life is all about*. Enormous factories and laboratories are constructed in order to combat human afflictions and ailments. One racks one's brains about what else can be destroyed in order to reconstruct it, in order to repair the human body. But one doesn't discover in the process that the transformed, ergo the thought *connected* to the UNIVERSAL LIFE STREAM can achieve everything *a lot better* than all their searching and all their diligence.

All externalities are of *no* use if the thought processes INSIDE of the human race don't expand and elevate themselves into the 4<sup>th</sup> dimension. There are neither illnesses nor abnormalities in the SPIRITUAL. A human being is perceived as a perfect union between body and soul, the body being the *abode* of the soul. Body *and* soul are both *a part* of the whole UNIVERSAL SPIRIT. *Everything* flows from the UNIVERSAL SPIRIT and nothing would be revealed without it – *absolutely nothing*. You grab everything at the *wrong end* and you make an effort where none is needed. Adjust your thought processes to a *wide angle* and direct them at your INSIDES, at the stillness within your HEARTS. Everyone should sit still and *contemplate their own affairs* before they *criticise* their neighbour and everybody should endeavour to not see their *ego* as a singularity, but with all other *egos* as a whole, to actually see human beings *as it were*. May everybody bear the responsibility for all life, may everybody express their life as a radiant outflow of the UNIVERSAL SPIRIT and everything will quietly, lovingly glowing flow along, fully revealing itself and burning all false thoughts in the process.

## 15<sup>th</sup> of September 1962

It is your assignment *to disseminate* the *cosmic* KNOWLEDGE that we convey to you with all our love in an easily understood fashion, simply and inconspicuously. It is your task to try to maintain an uninterrupted connection to the cosmic STREAM, the way we told you over again. Your task is to recognise, to think and to act *cosmically resonating* and to not create causes that effect hindrances in regards to all life and evolution. You are the *responsible ones*, because knowledge obliges!

Believe this: You *don't* require fanciful exercises. All the knowledge that has been present in your HEART'S CENTRES as a DIVINE SPARK right from the start, is approachable and usable, all you have to do is to awaken it and it will flow from within you like an inexhaustible well once you established this connection with GOD'S ORIGINAL UNIVERSAL STREAM. You will then be whole, perfect and divinely cosmic. You will then know how to race far and wide with your souls, you will know how to use your body as an instrument, that is to say, how to maintain it in a healthy, radiant and efficient state.

### **17<sup>th</sup> of September 1962 – 8:30 am**

You exhale consumed air and it is being carried away by the eternally circling stream of air around you to then be absorbed by all kinds of flora as an irritant but also as a construction agent, it is then transformed back into air that's reconstructive for you. But how does it work with the *poisonous particles* of your false thoughts and desires that you exhale? Apart from the things that *adhere* to your SOUL'S BODY from lots of incarnations, you also absorbed some *impurities* with the atoms of your body and like the IMPURITIES of your souls, they must also be exhaled. These consciously exhaled IMPURITIES of a *non-physical nature* are absorbed, burned, converted into energy and then re-released by certain SPIRIT ENTITIES. We are dealing with *serving* ENTITIES that decided to maintain, refine and ennoble all life. They wait for you to *willingly* discard all your negativities. They wait, but *you* must do it! – Exhale all envy, hatred, fears, worries, greed and everything that *constrains* you and makes you *dull* from your thoughts, do so *consciously* and filled with energy and trust, because only then will the STREAMS of LIGHT, love and harmonies, so beneficial to you, be able to *flow inside* and turn you into eternal lovers. This applies to those that strive to endeavour to remove all inherent impurities from their thought processes in order to become finer and purer all the time.

### **2 pm**

Just think how *useless* it is to display an *inflated ego* in front of others and profess to be *more* than your peers. A body becomes ill when one of its cells inflates and *wants to be different*, non-conducive to the whole. The body called "Man" that *all* of you represent, therefore falls ill when it sees itself as an individual cell, an individual being instead of part of the whole, when it *isolates* itself – ergo sins.

Only once all beings *feel* and *know* that they are a *part of the whole* and when they serve the whole with humility, will the whole turn into something radiant and there is nothing that can drag it down and nothing that can hinder evolution can develop. The paradisiacal condition that will open the door to all cosmoses will then have been achieved.

### **21<sup>st</sup> of September 1962** (Cosmic story)

All sun gave birth to children, the planets that accompany them on their journeys. These planets were born from within the sun, flung out into space. Two suns approach one another over a great period of time and the radiation from their auras create such an energy and attraction that large amounts of their energy unite so that a newborn planet is created from the united energy that flows from both suns. Nourished by the solar energy of its mother sun, this planet *initially* orbits near the sun – but as it continuous to solidify – it *distances* itself from the sun. This is why every planet possesses a part of *its* sun and a part of a large *alien* sun. All planetary children are *different* in their nature, but like a mother's children, they are still somewhat alike. The birth of every planet is a cosmic event and it brings about changes within the solar family. Suns are neither masculine nor

feminine, they are both at the same time. They can only give birth to new planets under the influence of the radiation and attraction of another sun that crosses their path with their own satellites. Such new-births can be predicted and they also have an aftereffect.

Everything is simple when one can see it in images and all events within the cosmos are akin to events that take place on planets, the difference being that cosmic events take place according to elaborate LEGALITIES, they can however be interrupted by independent IMPULSES of WILL and this leads to *cosmic catastrophes*.

STREAMS of LIFE and IMPULSES flow from GOD'S THOUGHT PROCESSES, that singular all-containing POWER that maintains and creates all life. But the UNIVERSAL VITAL FORCE knows nothing about the behaviourism of independent life forms in regards to the expressions of life on other levels of vibration, it simply gives, illuminates, radiates and loves eternally with a constant, unimaginable power and energy. The breath of the ONE and ONLY POWER and ENERGY is life, life in every possible form of revelation, with unlimited possibilities within the visible and also INVISIBLE, the SEMI-MATERIAL and all other, yet to be determined and indescribable condition. GOD is life! – The LIFE FORCE is active in everything and everybody that exists on all levels – without it, there is *nothing*!

It happens through the application of the will we are endowed with and the concentration we are capable of, namely to *activate* and to *assimilate* the omnipresent LIFE FORCE and to refine, to illuminate and to heighten it through our expressions of life, thereby revealing *higher* vibrations. Those amongst you that try to *consciously* elevate themselves above their present LEVEL of CONSCIOUSNESS *know* what we mean and also know how to apply the PRANIC AETHER to achieve the higher development of all revealed lifeforms. Life is possible everywhere and in any form *without any limitations*. Only the perception capabilities of all evolutions of life on different levels are unimaginably varied.

We send you clear images of insights that we are privy to that you can comprehend, but only a few amongst you can see their *full* complexity. Some only see them *partially* and rather unclear, some see parts of them *clear* whilst others see the same parts *unclear*. This is the reason why the RECEIVERS of the images of insights that we send *describe them so differently*. Everything that you see, hear and feel is just a *particle* of the reality that we want to convey to you. The same results would eventuate if we were to personally stand face to face and try to make you understand the things that you should comprehend. The more you clean and purify your RECEIVERS through *self-discipline, humility and love*, the better the progress all of us will make.

ENTITIES that give their *own* name, their level of consciousness matters not, are still *limited* in regards to their capabilities. The only *limitless* ENTITY that can shine its LIGHT into all other ENTITIES is JESUS CHRIST. This name is –like the name GOD – just an expression, an appellation to express something that's unlimited. JESUS *never* talks about himself. When he says: "The Father and I are one", he *doesn't* mean a limited entity with "I", but the "I am" – a SPARK of the DIVINE – that turns man into the revealed child of the Father.

JESUS CHRIST is a DIVINE POWER that can fully manifest itself as an ENTITY at any time – with or without a body – without suffering a loss of ENERGY. JESUS is an aspect of DIVINITY, an ACTIVE POWER – the CHRIST SPIRIT – that was there from the start, that is and will be without beginning or end. ENTITIES with high levels of insights talk to HUMAN HEARTS on all planets in his name. His POWER and ENERGY can be so large or so little, that it can reach the level of consciousness of *each and every* creature. You can therefore talk to him on your HEARTS

and the purer they are, the better you can hear his answers. Exactly the way GOD is the MAINTAINING FORCE in every atom, in every mega-sun, JESUS is the same for everyone that is callable, wonderful, helping, healing, invigorating, loving, blessing and merciful.

\* \* \* \* \*

Every cell has its *own* function and no cell may hinder or push its functions on another cell without damaging the whole. All of you therefore also have a function that you are supposed to perform without hindering others. Meaning that you shouldn't endeavour *to push* your opinions and views onto other human beings, because you *don't know* the functions of the others. You can certainly be useful to others when you love them and accept them, when you fulfil your function and assimilate and spread more and more LIGHT and LOVE. The more individual beings radiate the more radiant the *whole* becomes and this includes all *dull* and *dark* individual beings.

### **23<sup>rd</sup> of September 1962 – 12:30 pm**

Everything has an *interrelationship* with everything else. Even eminent and the highest SPIRIT ENTITIES that help to order, form and raise the revealed worlds, need the *affection* of your HEARTS for LIGHT, love and harmony, need your yearning for peace and joy in order to become even more active. Only GOD, the POWER that is without beginning or end *exists within himself*. Even JESUS, GOD'S RAY directed at mankind, calls upon your HEARTS in order to utilise their CREATIVE FORCE to heal all worlds.

### **3 pm**

Make the Earth subservient to your will. This is a word spoken with DIVINE POWER. Every creature carries within itself the creative ENERGY and POWER to govern everything in and around itself *harmoniously*. A lot of planet accommodate human races *that do this* and they neither have to experience unforeseen global nor atmospheric events. These human beings maintain and receive everything with harmony and beauty whilst they inhabit their planet. You have this self-same ability like every other animated creature, it's just that you *don't use it correctly*. You utilise the forces you require to harmonise conditions on your planet to mutually destroy one another in most devilish ways. You allow yourselves to be encouraged more and more to destroy everything instead of taking these POWERS *to once again create order* on your planet. Everyone however leaves the major planning to *others* or they do *nothing* and rely on a "God" they are completely unfamiliar with – a "God" they think is somewhere far away.

Everyone should begin to recognise their GOD to CHILD relationship of their *own accord*, begin to sense that GOD is the LIFE FORCE and that GOD is all life, that you, because you live and exist, are a revelation of creation, as unlimited in your expression of life as the UNIVERSAL LIFE FORCE itself. You call yourselves "children of God" but you *don't actually know* that this means, what *you really are*. You look for everything on the outside when you have everything *inside of you*, eternally, right from the time all POWER, MIGHT and wisdom began. – A lot of souls from other planets endeavour to create spiritual order in the cauldron on this beautiful little planet called Earth. They give all of their love and *serve quietly* and *unrecognised*. They never tire in their effort to re-establish order and harmony.

*Not all* SOUL ENTITIES that live on Earth are *impure* souls that battle with the physical conditions here, that is to say, that are here to allegedly collect insights in spite the SPIRIT BEINGS that stand behind the enticing, eternally iridescent physical matter that is designed to cleanse their souls.

*Helping* souls have recognised the fragility, the instability of eternally changing matter and they are no longer affected by these eternal changes. This doesn't mean that these helpers have to possess all material things and live like what you call "multimillionaires". On the contrary, exploring, comprehending and understanding the revealed that can be *grasped with your five senses* would *tire* you one day. The workings of the SPIRIT on the other hand eternally retains a longing for infinity within you.

## **25<sup>th</sup> of September 1962 – 11 pm**

You look at everything revealed with your physical eyes and you *interpret it* according to the messages your *five senses* give you. But consider the fact that there are lots of *different* eyes and that everything revealed is being looked at by the physical senses of all kinds of creatures *differently*. Once you have learned to utilise the ORGANS of your SOUL, you will learn how to see things *as they are* and also learn to see *what they are* and what acts *behind* it all.

## **Midnight**

It wouldn't be worth the trouble to improve oneself if one was aware that one could never escape the spell the Earth exerts. But can the soul, the spirit-self, not rush through all worlds and marvel at all the revelations of various densities, see and hear everything INFINITY has exhaled in an incalculable variety? – Can one not swing easily and brightly, singing and praising the HIGHEST, through all galaxies, nebulae and solar systems? – No my dear friends, you are *not* exiled, you are *not* fettered, you are free – and you *voluntarily* live in the material fire of this, your Earth. But the way you came *voluntarily*, you can also *leave* voluntarily, nothing holds or fetters the CHILDREN of LIGHT, all that you do is *voluntarily* – but you don't know this. Wake up! – Live consciously, work consciously and consciously carry the LIGHT.

*Our* view of the world also changes continuously and our insights and cognitions expand with every chapter of our conscious life. This is why all our cognitions only represent building blocks within a large, colourful mosaic we call the "cosmos" whose overall picture only the CREATOR, the only UNIVERSAL-ORIGINAL-LIFE-LOVE-POWER knows.

## **26<sup>th</sup> of September 1962 – noon**

Don't try to *interpret* the things you find inconceivable, accept them for what they seem to be at that specific time and *wait* until they show themselves as something you can comprehend. Spiritual insights cannot be forced, they reveal themselves to those that *can patiently wait*.

## **27<sup>th</sup> of September 1962 – noon**

Don't think about descending to the *miasma of ignorance* again just because uncounted numbers are still sitting in it. Send them thoughts of LIGHT, love, harmony, joy and beauty and those that *can* catch them will haul themselves out of it. If you *were* to descend to them, you would be of *no use to anyone*, but by staying where you are, your ENERGY can help the DIVINE POWERS to bring the LIGHT to many. Be a helper, but don't condemn and feel sorry for *anyone*.

## **8:45 pm**

Where there is nothing one cannot see anything, not even with one's SPIRIT EYES. As we mentioned before: All the things your fantasy can come up with are *existing realities*. It's just that

every creature looks at them *differently*, according to the state of consciousness and perception capability. Therefore don't condemn those that *see things different* from the way you do. Their standard of comprehension is either *higher* or *lower* to yours. Remain *silent* when fellow human beings hold a different opinion and only say something when you are asked for your opinion. You can send powerful IMPULSES whilst you *remain quiet* and they can reach the others and awaken them to higher thoughts and an expanded comprehension of things. Those that strive for the LIGHT, whether consciously or unconsciously, will always be approached and pulled up by blessing, loving and elevating IMPULSES.

## 2 pm

Remember: You can only reach *low* vibrating creatures and SPIRIT ENTITIES through magic exercises. They will never encourage higher vibrating adepts to reveal their secrets to you, because they are *aware* of your thoughts and they know the LEVEL that you occupy. You can only approach the DIVINE by working on your souls, through work that you have to perform *yourselves* – never through terrestrial magic.

## 2<sup>nd</sup> of October 1962 – 8:20 am (Interplanetary TRANSMISSIONS)

Cosmic WISDOMS and RULES of LIFE are being SEND for various levels of consciousness, all with the desire *to make* the higher development of human beings *easier*, but above all, to help them through their crisis of development. Every RECEIVER only receives the TRANSMISSIONS – a lot of it only in fragments – that can *reach* their present level of consciousness. Human beings with a *low* level of consciousness receive *nothing* from us. What they RECEIVE are a TRANSMISSION of SUGGESTIONS that address their *lower* perceptions, but they can certainly be well-meant.

The higher the *consciousness* – not the intellect! – of a human being is and the wider its soul *expands*, the higher the indoctrinations and explanations this being can intercept and retain in words, images, script and sound will be. *Extremely high* insights can however no longer be translated into your language. Images can convey *more*, but only a few amongst you *reproduce them correctly* and others *don't understand* them at all. Sounds can, at the most, only convey what's comprehensible to you, but they can neither be reproduced as images, scripts nor words. – Those that understand them are lucky indeed!

## 4 pm

*Don't* think for a moment that you will be left in peace by someone you lived in *disharmony* with, after they discarded their body. – *Don't* believe for a moment that you will live a quiet and good life after you *killed* someone because you coveted his property and his money. Your support lies *solely* in the recognition of your true being, in the recognition of the DIVINE LIFE-FORCE that maintains you. This FORCE *alone* is the thing that makes you free from all illusions and false ideas, free from all false desires and all sins that represent a *disassociation* from the true STREAM of LIFE. Hate nobody, covet nothing that somebody else professes to own, there is *no salvation* in it for you.

## 3<sup>rd</sup> of October 1962 – 7:30 am

It is *high* time for you *present bearers* of life's expression in planet Earth to change you thought processes, to accept the doctrines of your OLDER BROTHERS and to try to live accordingly. All of your prophets, seers and enlightened ones called out to you: "*You shall not kill!*" You should not interfere with the life expressions of a revealed physical life or even hinder it from completing its

curriculum vitae here on Earth. You should also *not* do so in your thoughts! Who gives you the right *to take* that away from another that you claim for yourself? You have *no* right to do so! You only have the *duty* to bless all life, to love and to maintain life, to serve everything alive – out of gratitude for *being allowed to live!* You take all the guilt that you amassed when you hindered a life in its unfoldment or when you actually destroyed a life during its physical revelation, *with you* to the WORLD of SPIRIT where you will *see what you have done*. What unintelligible *arrogance* made you kill your brother?

Your Earth has room for *everyone* and when you are *pure* in thoughts and actions – each and every one – there will *never be too many* people, ergo embodied human beings on Earth. Living conditions will exist for all those that deliberately incarnate on Earth. You will see the conditions and the sources that support life will reveal themselves to those that are pure. – If only you could understand us...

Terrestrial mankind – seen as a whole – occupies a *very low* level, because all planets that accommodate life that kills, envies and lives compulsively, are *dark* habitations – even if their technology developed to a stage where they can look beyond their protective atmosphere. But you, who are beginning to comprehend what life is all about, what you really are, you who know that life is infinite, without a beginning and without an end, know that a life in a physical body is a divine gift, never stop loving, blessing and radiating LIGHT over the DARKNESS that covers the *thoughts and actions* of the sleeping. Pray in your HEARTS that they may already wake up in this life and that all delays in the unfoldment of the species “*Man*” may be abrogated.

To know that one is alive is wonderful! Life knows no limits in regards to its expression and higher development. Life is joy, gratefulness, radiant love, beauty and harmony within the infinite. Comprehend this, know this! – We love you.

### **8:30 am**

Problems of any type *cannot* be resolved through altercations and fighting and also not through animated discussions. They resolve *themselves* when one’s *silence* is directed INSIDE. One must place oneself *above* things in order to gain an overview and to recognise the *true* circumstances. Those with an overview will *see the causes* that produce effects like disharmony, uneasiness and disabilities and they know that everything must change when one alleviates the *causes*. But if an effect is *excitedly discussed* by minds that lack that overview, *even more* disarray will eventuate than before. Look at an effect with a calm mind and raise yourselves above it with the help of the FATHER that resides in you. With the conscious connection with the FATHER that resides within, you can solve all problems. – Try it!

### **9<sup>th</sup> of October 1962 - 11:30 am** (Sunday)

When your tenements are polluted, you leave them or you begin to give them a thorough cleaning so that you can live there again. Do you do the same with the tenements of your souls, your bodies? – Clean them exactly the way you clean your tenements so that your souls can freely express themselves through your bodies. Start at one end and do so immediately: Observe your thought processes, because *this is where it all starts*. Ascertain what your thoughts are dealing with and ascertain whether you are thinking about useless things. Immediately switch to beautiful, bright and loving things. Ascertain whether you think about or feel worries, fears or obstructions. Observe yourselves *rigorously* but without interrupting the work that you do. It works! – Remove one illogical flaw after another from your mind, patiently, lovingly and knowing that all awakening

human beings have HELPERS that make things easier and brighter – the further they progress in their higher development. But *you* must make a start!

### **11<sup>th</sup> of October 1962 – 11 am**

The secret of indestructible friendship is selfless love for your friends. The more you forgive others, the *purier* your HEART becomes.

### **12<sup>th</sup> of October 1962 – 2 pm**

You regard the divine gift of *free will* as being of no importance by not trying to understand how to deal with it in regards to your striding higher and your truly divine existence. You do however *pray to and serve the idols* you created with your CREATIVE POWER. Take a moment to think about the things *you do* with this glorious POWER that enables you to create a physical temple for a soul that wants to be incarnated in connection with two bodies. How many amongst you are *actually aware* of this cosmic divine gift, know its exquisiteness and its *meaning*? Controlled by your degenerated senses, you play pranks with it the like the cosmos has never seen before.

We cannot even raise a compassionate smile over the scorn and derision you - impelled by *destructive* FORCES - show the most beautiful and precious gift from loving SPIRITS that govern in a completely divine way. Think of the things you could create and the *eminent* BEINGS you *could* attract if you were to *correctly utilise* this, your creative power. Your morals on the one hand draw boundaries when it comes to the laws of marriage, but they do not enlighten you in regards to the COSMIC-DIVINE ENERGIES that you misspend and waste through your incomparable ignorance and bondage with *life-destroying* STRUCTURES.

We do *not* have marriages that are recorded on paper. We *know* our partner with whom we knowingly provide two new souls with bodies through our glowing love and humility. We only use the allocated ENERGY in the form of a physical union *for this*. We *actually* use this ENERGY constantly for our higher development and using *your* words, call it “Life-love forming energy”.

### **13<sup>th</sup> of October 1962 – 10 am**

There is so much that we would like to make comprehensible to you... To free yourselves from *self-conceived* fetters and to recognise what you *truly are* and what you are *capable* of is so simple whilst still wearing a physical body. You presently have a body that allows you to visibly express your joy and gratitude to the HIGHEST POWER for being *allowed to live*. Joy and gratefulness are divine aspects that are not tied to the revealed body. They are taken back to the WORLD of the SPIRIT and they remain as indelible characteristics with the soul that has made them their own. This soul will also try to reveal all divine aspects in its next body that it has consciously created from within itself, ergo brought forth as a revelation from within its DIVINE SPARK.

The more powerfully all divine aspects are *consciously lived*, the *brighter* the souls and everything in their vicinity become. This is why you create your own environment *yourselves*. As extensive as you can irradiate your environment – with or without a physical body – everything will irradiate back to you. When you *spread* LIGHT and love around you, your environment will also awaken to LIGHT and love. LIGHT and love will grow stronger and mightier and the planet with its own SPHERE of SPIRIT will become brighter and more radiant until there is no DARKNESS left and it has transformed back to the way it originally was and from whence it once flowed, namely from the DIVINE SUN, infinite DIVINE LIGHT, infinite DIVINE LOVE.

**14<sup>th</sup> of October 1962** (Sunday)

Regenerate your bodies with *solar energy* by consciously concentrating on your mother sun for a short time every day. Whether you see the sun with your physical eyes or not is *not* the deciding factor, because the energies of the sun are constantly effective for the things that she consciously attracts and sucks in. We are talking about the cells of your physical body in this case. Close your eyes and very slowly and consciously enter *into the sun* for a short time and allow her ENERGIES to have an effect on you. Only concentrate on *being ready* to receive solar energy and then go about your work gratefully and joyfully. Your *non-physical* solar experience will transfer itself to your bodies and *invigorate them*.

**18<sup>th</sup> of October 1962 – 6:30 pm**

“Thou shalt have no other gods before me!” This means that you should *hallow only* the LIFE FORCE, the HIGHEST, PUREST SPIRIT. This means that you should only *serve* the DIVINE SPARK that rests within you and *not your senses*. This doesn’t exclude you from corresponding with eminent and the highest SPIRIT ENTITIES in order to gain help and advice so that you can become one with the FATHER. – “Other gods” means the lusts and desires that you have that *exploit you* for nourishment, because they have become independent entities. – This is so very difficult to teach you with words, because even though you still cannot see images, we would dearly love to answer your question to the best of our abilities.

All these lots of different levels of development on your small home planet do *not exist where we come from* and this is why we no longer need to help our own kind. Life in itself has an unlimited expansion and the consciousness of an enlightened being stretches to a degree that you find impossible to grasp. Every individual consciousness will be capable of overlooking all of creation one day and to grasp its infiniteness in its deepest, radiant stillness. This is the aim of all of us. The path to the realisation of this runs through an infinite number of incarnations, through innumerable abodes of a physical and non-physical nature.

The more consciousness now *expands*, the more beautiful and radiant life reveals itself to soul entities and the more the things that bind will fall away and become unimportant. The functions of the body’s envelopes, in every form, will then fulfil their duty automatically, guided by the LIFE STREAM that maintains everything. If we could only show you the miracles that *we* can see and know how to comprehend...

Train your power of imagination, because it is a constructive energy, a CREATIVE FORCE that *fulfils* everything imagined according to its intensity. Those that are used to refining their character towards the noble, the exemplary find that their imagination is also *healthy* and *true*. They no longer imagine things that interfere with life, they only think expansion, beauty, LIGHT, love, ampleness and infinity. – Think about this!

**20<sup>th</sup> of October 1962 – 6:30 pm**

You *never have to beg* and *to plead* in your prayers because this is a debasement and a lack of faith. Correctly understand what we mean: Every HUMAN HEART should turn to the POWER that you call “GOD”, to all those that you call “saints”, “angels”, “sons of God” and “enlightened ones”, filled with trust *not* as earthlings, but as younger brothers or sisters, being of the same species, but seeking indoctrination. You may also turn to your FATHER or your OLDER BROTHERS with a knowing trusting HEART the way good children listen to the advice and indoctrinations of their

parents filled with trust to then act accordingly. You can HEAR us and experience the love of the FATHER in and through your HEARTS, thereby discovering the gift of a never ending life.

*Never* use mediators of an ungodly disposition, those that were appointed as so-called “servants of God” by others – or appointed themselves. The way JESUS and his disciples and all great adepts drew and taught from their inherent OMNISCIENCE, you can also behave and act from *what’s* INSIDE of you without having to rely on somebody else to justify your actions. What GOD tells you inside of you *is correct*, even when publicly nominated “important people” say the opposite. Look inside your HEART, inside the sacred stillness of your *true* being and do *not* listen to pompous, idolised human beings that tell you things that do *not* stem from the DIVINE WISDOM. A lot of those that you admire on their dazzling pedestals and *regard* as “archetypes” are in fact *pitiable* souls that are *poor and dark* on the INSIDE. – We say to you: “By the fruits of their labour shall you know them.” Follow those that bear good fruits and do as they do. But avoid those that bear rotten fruits.

**11 pm**

Life is movement and everything that moves has been impelled and has its movement maintained by one singular POWER. This singular POWER is life *in itself* and its conservation. *Nothing* exists without this POWER! This singular POWER is PURE SPIRIT. *He gives* without constraint, restriction and limitation. He ejects life that is imbued with IDEAS and cosmic LAWS. Everything has been perfectly conceived from the start. He represents the HIGHEST VIBRATION and he is everywhere. He is the LIFE-ENERGY and he gives LIFE its IMPULSE. You see this POWER, GOD’S VIBRATION much *too limited* and small. You assume that he *thinks* and acts *like you*. But he *doesn’t* act and think like you. HE SIMPLY IS! – He cannot be expressed in words, what we would like to say to you...

You stick with your *limited* opinions and in your pettiness you don’t see the true, the *real*. Everything that lives *is* GOD and you *know nothing* that isn’t GOD... Free yourselves from your prejudices and your superstitions! You are at the boundary of a New Age wherein everything ever thought of must decay in order to make a wide space for the new. Even though your childish faith in a “FATHER” was excellent, you now emerge from your childhood to become *fathers yourselves*, the fathers of new, pure thoughts and projects, based on the recognition of the true DIVINE CREATIVE POWER. You should *learn to utilise* its incredible diversity and wisdom. You find it hard to have to leave the protection of your parent’s home, but the time has come and those that want to be father’s themselves have to establish their own homes.

One thing is irrevocably true: No ever so delicately constructed instrument can *express* life *without* GOD’S LIFE-FORCE that fills every atom and all cosmoses, whether you call it animated, ergo conscious or unconscious, compulsive and inanimate, but alive. *Everything and anything* comes from GOD, because there is *nothing* without him – and what does exist, exists *through* him, is *from* him and exists *in and with* him for as long as his CREATIVE POWER, his CREATIVE VIBRATION remains active. When this action rests, everything rests until the CREATOR exhales his VIBRATIONS, his BREATH once again to create *new* cosmoses with living, embodied creatures and INCORPOREAL FORMS. Only *the ones* and *the things* that *can sense* this unrestrained, unlimited LIFE FORCE can rejoice: “I am alive!”

Eminent ENTITIES *led you* like parents lead and teach their children, always according to your state of consciousness. All your *religions* constantly change, according to the development of the race called “*human being*” and all teachers are there to train your thoughts and feelings and make

you think and act *cosmically* so that *you may* turn into CREATORS *yourselves* and learn to utilise all of creations and GOD'S LIFE-FORCE. It is *everywhere* and constantly ready – all you have to do is to correctly apply it. This is what JESUS and his pupils want to teach you.

You will have to process *a lot of things* that will and must be revealed to you in the near future. But know that the CREATIVE FORCE, from whence everything flows within his LIFE-STREAM, with the unimaginable wisdom of cosmic LEGALITIES, carries and maintains his creation. You will eventually discover the way physical life develops. But your “creating” has to be forced through thought processes so that *what* you think comes together, even atoms that GOD already created. Everything has already been created so whatever you do are just *small conversions* and *experimentations* with something already existing, therefore *not* creating *in itself* but just *finding* things to work with. As everything *that exists is* GOD, you only experiment with things that GOD created – ergo experiment with GOD.

## 26<sup>th</sup> of October 1962

Divine LOVE-WISDOM *streams* and *gives* without intermission, it *is* and nothing exists without it, without HIM, without IT that is everything in ONE. How could we possibly explain this? Don't just always see the *little pieces*, try to see *the whole* picture, the phenomena that seems incomprehensible when taking GOD'S much-praised love and wisdom into account, will then disappear. Everything disharmonious is *bogus*, only GOD and his aspects *are real* – are *existent*. GOOD is the LIFE-AETHER that supports and maintains everything. Everything is a sea of divine STREAMS wherein everything swings in its unimaginable diversity. *Eminent* and *highest* ENTITIES *form* and *control* these STREAMS that perform what they are designed for. These STREAMS - allowing everything visible and INVISIBLE *to develop* and to be sustain – *are GOD*.

GOD can be *approached* by *all creatures* that came into being through him. Everything is so simple but so difficult to explain with your words. This is why your great teachers are calling GOD your “FATHER”, someone you can always approach filled with trust and love. Nothing else would describe this better than this. If you do *not* have the overview required to recognise all these events as *illusions* and only know of the OMNIPRESENCE of this singular POWER, you would have to doubt the kindness of your FATHER. Ask JESUS and all the TEACHERS and great LOVING ENTITIES you know, to help you to gain the *right insights*. Learn *to control* your thoughts in the light of all these illusions that seem so real to you, because they beset your bodies and attack you like wild animals. You however are SPIRIT BEINGS and your bodies are *transient garments* that you change out of, every time you change from the visible to the INVISIBLE.

## 27<sup>th</sup> of October 1962

It is a fact that all cosmoses *create a whole* from whence certain coherences result from. The humanities that now *have recognised* these interplanetary coherences also know *how to behave* at all times. They also know exactly in which spheres of influence their solar system finds itself in and know what kind of CURRENTS the regions they travel through emit. Your *astrology* tries to make such things clear to you by trying to explain the EMANATIONS the neighbours that travel with you emit, but this *doesn't go far enough* in regards to helping you directly to transform and to make your life easier. When a humanity is accurately informed about the cosmic influences it is exposed to, it will know how to deal *wisely* with life-enhancing or life-hindering STREAMS. No planet can isolate itself, because its protective atmosphere can indeed filter unfavourable streams coming from outside, but it *cannot arrest* external SPIRIT IMPULSES. These penetrate through *everything*. We thereby mean SPIRIT IMPULSES and also their materialisations, ergo physically perceptive

precipitations.

Your planet is presently under a lot of pressure from outside *and* from within. If you were wise, you would go **INSIDE** yourselves to create peace and order there, so you can deal with the things that are ahead of you, the things that approach you, in the **DUGOUTS** of your **HEARTS** and wait there until it has passed, like watching a movie on a screen. Your holes in the ground and dugouts are *of no use to you*. Only turning **INSIDE** can help you so that you may find all the wisdom there that you can and should fling outside mixed with love, as a *neutralising* **POWER** against everything negative and malicious, so that it will illuminate and brighten your planet, so that it can emanate into the cosmos as a healing, blessing energy. Go within yourselves and *utilise* the **CREATIVE POWER** that **GOD**, in his wisdom and his love placed in your **HEARTS**.

## **2:30 pm**

Learn to understand that **ENTITIES** exist that do *not* have your kind of bodies, but are capable of thinking and acting just the same. They are of an *unlimited* expansion and wingspan and they are also capable of contracting within themselves. Their thoughts reach - according to the level of their consciousness – *far* into the cosmos – and they are able to unite with other, similar or equal thought processes of other **ENTITIES**. **GOD** is however the *sum* of thoughts and nothing can be thought of that isn't contained within **GOD'S THOUGHTS**. Now everything you call "evil", "false" or "unjust" thoughts are seen through your eyes. How *could* you possibly assess *what's* right and *what's* wrong?

## **28<sup>th</sup> of October 1962 – 8:30 am** (Sunday)

This is what we say to the *world situation*: Things are *always the same* here on Earth from our point of view. The things that the masses are capable of *thinking* based on their divine gift of being able to think, materialise. You can recognise the results at any time: *Greed, envy, coarseness and dullness* and everything thought of is being controlled by the covetousness produced by your brain. The moment when all sentient beings begin *to cleanse* and *to control* their thoughts, ergo begin to clear out all the **RUBBISH** they dreamed up, the overall picture of the Earth will also change. But when everyone only asks for common sense from others, but prefers to remain sitting in the miasma of their own dullness, *nothing* will change. It is up to *everybody*! When everybody begins to reveal order, order will eventuate.

## **8 pm**

Don't think too much about the things that *could* threaten your bodies, because fear is a *greater poison* than all the other things that you regard as poisonous. Those that live in fear and dread *corrupt their blood* and their thoughts. Elevate your thoughts to *radiant spiritual HEIGHTS* and elevate the whole standard of your planet and its environment in the process.

## **10:30 pm**

Everything is **GOD**, all you have to do is to learn to **SEE** it with your **SPIRIT EYES**. When you see the atrocities of wars, imagine that all the human bodies that are wasted are *only the abodes* wherein soul entities want to live and learn for a certain period of time. Their bodies would have decayed back into the atoms they exist from one day, atoms created and maintained by **GOD**. **HE** doesn't care *when* these atoms are utilised. **HE** created them and maintains them. But **He** also created everything **INVISIBLE**, spiritually soulful and maintains everything through his eternal love. Your

true existence is in the SPIRITUAL, in the physical senses of the INVISIBLE and *it* cannot destroy, interfere with, or even annihilate anything visible, anything physical. This, something the physical senses *cannot* perceive, is your *true existence* that stands behind and is found in everything visible, that is to say, in the *physical* spirit created *to serve* your existence.

It is *not* the body that thinks inside of yourselves – and what you think must materialise, because your thoughts come from the WORLD of SPIRIT with all the POWER of the SPIRIT with its irrevocable LAWS. When you think about war, fear and destruction, you destroy the temples your bodies represent and all materially created works *yourselves*, because your thoughts, due to their creative nature, try to materialise. But if you think about love, boons and peace, you can *neutralise* the thoughts of your fellow men that want to materialise. Everything is within your thoughts and is expressed exactly the way you think. – And we say to you once again: GOD is *everything* – and there is *nothing* without him.

### **29<sup>th</sup> of October 1962 – 2 pm**

The wisdom that *resides* within you will always advise you to provide your bodies with *the* physical nourishment that is suitable *to maintain* them as useful instruments. *Avoid* everything that burdens, bloats you, is difficult to digest and artificial and do not allow your five senses to *dictate* your diet, but decide with your higher discernment. Allow your higher discernment *to test* all the things that are offered to you in loud words in the form of advertisements first and all the things that entice your eyes and your palate with colourful colours, forms and odours, before you chase after it and feed your bodies with. This is why you shouldn't eat grass and why you should also *not be fanatical*, but a change of view is called for so that you remain *uninfluenced* by the creations of the beguilers that harm your bodies and render these instruments of your souls unusable. Accept the things your Earth provides you with, blessed by cosmic STREAMS, the *way they are*. Why do you spoil everything through lots of manipulations and transformations?

We don't have any of these problems and this saves us a lot of work and unnecessary stress. When no bodies are ill, neither medicaments, nor healers, nor sanatoriums, nor health insurance, all the things you still have, are required. All bodies are meant to be *pure*, perfect and usable habitations and visible expressions for and of the SPIRITUAL and they are this when pure, cosmically thinking souls live in them.

There are planets where human creatures exist only through *correct breathing* and the *correct application* of ENERGIES that are available on their home planet, exactly the way plants do here with you. – Other creatures *form* their nourishment with the POWER of their THOUGHTS and nourish their bodies like that. – Whilst others live by eating plants and fruits that they can conserve in a natural fashion. But all those that nourish themselves in an *uncomplicated way*, apply a *specific form of breathing* which makes their bodies incredibly light and unencumbered and induces the cells of their bodies to perform incredible feats. This gives the body a constitution where the owner of the body *is aware* of it, but does *not feel* it, so that he can always use it as a ready for action instrument for as long and wherever he wants to.

### **30<sup>th</sup> of October 1962 – 8:30 am**

Even the greatest UNIVERSAL TEACHER can err, that is to say, can express himself in way that he is not understood. Only JESUS never erred! He has his FATHER'S *mandate*. He is the LAW and he cannot err, because he is consciously completely *permeated* with his FATHER: "The FATHER and I are one." – Only listen to the orations and thoughts of others that *have found*

*themselves* and talk and act from within their divine CENTRES, out of love for their fellow creatures. You certainly do right and just things when you try to find your CENTRE in order to talk and act with a DIVINE IMPULSE. All wisdom and all knowledge is found within the stillness of your HEARTS.

The things you can *neutralise* with your thoughts, ergo dissolve into nothingness, can never have been something in the first place, because everything that exists can be *changed* or *transformed* a billion, a trillion times over, but it will *always remain something*, a moving something, a form of expression of GOD, the POWER that allows everything that exists to survive and to remain. The fact that the PRODUCTS of your thoughts *can be neutralised*, ergo be *dissolved* when divine STREAMS of LOVE are sent to them, shows that they were never anything else but the *figments* of your thoughts.

### **31<sup>st</sup> of October 1962 – 2 pm**

We sing a song that would mean the following in your words:

YOU smile through every flower,  
YOU laugh through every sun,  
YOU sing with every breath  
YOU live in every stone and YOU  
Are everything – and everything is YOU.

World affairs are the results of mental thoughts that materialise, they slowly and constantly compress, ergo reduce their vibrations, until they become *visible* and physically solid. Once a certain compression of revealed ideas has been achieved, given LEGALITIES demand that everything totally compressed must *refine* itself again, therefore regain *finer forms*, ergo *higher vibrations* after a period of great denseness and compression, because the continuance of the revealed would otherwise no longer exist.

You, in your physical bodies have reached the *greatest density* and you must make your bodies *lighter, brighter* and *spiritual* with your God-given gift of thought so that they continue to serve as abodes for your souls, but under *different* cosmic influences that also continuously change. Everything is moving, expanding and contracting and expanding again. Everything must swing within this eternal movement, within the STREAMS of all life and all created expressions. There is no calm or standstill when HIS creation is active, it is an eternal flowing and interacting and you should try *to see* and to comprehend *the whole* to the degree that you are capable of. Each of you and each of us are living cells within the cosmos and each of us has a purpose and an assignment. Fulfil *your* assignment as best as you can and shine your LIGHT as brightly as you can. – We love you!

We know that the things we tell you seem *too simple* to you; but do you *do* and *think* all of what seems “too simple” to you? Who amongst the living has lived and thought the way JESUS of NAZARETH lived and encouraged you to think? Things would look different on your planet if you had abided by his doctrine with joyful HEARTS. But what have you done with it? You have been given your free will and the power of discernment and that is a fact. But why do you do something, when you *know* that you *shouldn't* do it?

As you can see, we could tell you a lot of things that would indeed astonish you, but would it be of any use to you? Those that want to understand a foreign language must *learn* it. Those that want to

progress towards their perfection must *learn* and must *endeavour to emerge* from the walls and fetters created by human beings. People will then know what life in itself means and the cosmos will then also be open to them in their present bodies. Human beings were conceived as inhabitants of the cosmos, ergo as perfect spirit-soul-body-beings.

### **7<sup>th</sup> of November 1962 – 10:30 pm**

Every CREATURE that flowed from GOD bears the LAW *within itself* and must recognise it. The fact that human beings are introduced to the materialisations of their thoughts and *the consequences* of their deeds is a blessing, because it gives them the opportunity to recognise the irrevocable, divine LAW. The better his LAWS are *understood* and *abided by*, the *closer* to GOD human beings, humanities and their home planets get.

### **9<sup>th</sup> of November 1962 – 10:30 am**

It will not be all that simple for the average citizen to comprehend the things that will take place in the near future. It is therefore imperative to constantly try to make one's consciousness as *flexible* and as open as possible and *to relinquish* all, and I mean all prejudices and acquired opinions about everything and to think that *everything* bright, light, beautiful, innovative and global is possible. Do not condemn new and possibly incomprehensible discoveries, have a look at them and try to understand them.

Some amongst you already begin to have an *inkling* of the things that will and must reveal themselves to you. Everything is natural and explainable, nothing is mysterious. Therefore remain *open* to everything that will be shown to you. You have CENTRES you can use to attract and utilise certain ACTIVE SUBSTANCES. There are no words for it, but the knowledge about these ENERGIES lies within all human beings and this from their original conception. Human beings are capable of having complete control over their bodies and to tell them what to do. They are capable of *refining* their bodies, ergo raise them to *higher* and *extremely high* vibrations to then once again slow these vibrations down – all of this *without* technical instruments, solely through the power of their wills and their concentration. All of this has nothing to do with what you call “good” or “evil”.

Escape from the hustle and bustle of your environment as often as you can, enter into your INNER TEMPLE of silence, therein lies all wisdoms, therein lies all POWER, all ENERGY, all LIGHT and all perfection. Everything is an eternal, unimaginable cycle and nothing can escape this cycle – *unless it refines itself* to such a degree that it can *swing into a higher cycle* and from there into an *even higher...* until it has ceased to feel and to be an individual being.

It is possible nowadays to undertake great journeys – for you also – inside of spaceships. Only escaping and re-entering the atmosphere of inhabited planets is *uncomfortable* and sometimes dangerous. We have systems in our large spaceships that make it possible that the travellers feel neither speed nor temperature variations. The situation in smaller flying objects is different. We also make constant improvements and we progress, not just on a mental level, but also on regards to what you call “technology”. We do *not* call it “technology”, but the “utilisation of cosmic realities”.

The things humanities do on other planets are possible for *all* humanities, because the conditions are the same throughout the universe. One only has to recognise them for what they are and use this insight to utilise these conditions. The higher and more intelligent the insights a humanity possesses, the more *manifold* the “utilisation of cosmic realities” will be. As there are no actual limits within revealed creation, there are also no limits to the “utilisation of cosmic realities”. All the things that

still seem incomprehensible to you at your level of consciousness already belongs to the distant past for other humanities. But when you are wise, you will no longer consider *anything* impossible, even if it does not yet seem to conform to your view of the world.

## **12<sup>th</sup> of November 1962 – 9:30 am**

*You can listen* to the words of JESUS and all other great souls who *comprehended* and explained his word, because they are without blemishes. All lot of people go to great length trying to help mankind, but all their talking, their well-meant practices are only a part of the whole. Try to listen to JESUS, try to have him move your HEARTS and you will turn into useful links in the chain called mankind.

## **Noon**

When you are able to recognise your true selves, you have reached a point where you have to learn to use your intellect, learn to use it in conjunction with the divine wisdom stored in your HEARTS. But you should also recognise that you consciously incarnated in this planet in order to perform work *on yourselves* here, to do and to learn what's needed for your further, higher development. This is why you must not push the conditions on your planet aside with fatalistic equanimity, but try with all you might to bring order and harmony to everything physical with your awakened senses...

(Transmission interrupted)

## **9 pm**

Do not allow yourselves to be duped! SPIRIT ENTITIES, ergo disembodied beings do not require technical means to make themselves noticeable. They have the ability to *correspond* with your spirit CENTRES according to their level of development and the *purier* it is, the better the communications or doctrines function.

Highly developed beings on the other hand, capable of travelling through space with the help of *technological means*, can correspond with the inhabitants of planets they are familiar with via *telepathy* or they can send a kind of “radio program” with highly developed apparatuses, well they *can even influence* the thoughts of the inhabitants of planets of a low level of consciousness. But highly developed beings do *not* do the latter, because it would be acting against COSMIC LAWS. Everything must be able to unfold *unencumbered*. We can only give indoctrinations and, to a certain degree, elucidations to those that *call* for knowledge and indoctrination with the desire to bring their consciousness closer to the DIVINE – but only to a certain degree.

Everything has its place and this is why you shouldn't be impatient and wait for the things that should and must be allocated to you. Everything is so delicately enmeshed that one single human life does not suffice to explain everything – but everything can however be captured with one single look, when the SPIRIT EYES are pure and perfect – when it shines with GOD in mind.

## **10:30 pm**

Everything flows from HIM – and his creative POWER is inherent in everything that flowed from HIM so that his POWER of CREATION is inherent in everything either consciously or unconsciously. His LAWS, his UNIVERSAL LOVE, his LUMINOSITY and his WISDOM are

inherent in this CREATIVE POWER. All of this has however *not been recognised* and therefore rests latently in all life on your level, it awaits its salvation, ergo waits to be recognised and to then be consciously utilised.

CREATIONS have emerged from the *uncontrolled* thoughts of ignorant beings that seem as such, but actually only seem as such, because they are *figments* that exist *without* being fed by the DIVINE. They do indeed have a limited level of POWER under certain conditions, but they can be dissolved under different conditions.

#### **14<sup>th</sup> of November 1962 10:30 am**

Well, you can now see that you are in a position to recognise more and more about yourselves and your environment. You should now proceed audaciously further on the path of cognisance and not look back the way *Lot's wife* did, look *only forward* and do so filled with trust and confidence. Astonishing perspectives will reveal themselves to you. You will hardly be able to bear this if you still have a spark of your old prejudices and views in your HEARTS. But you must walk this path – *all of you* – whether you want to or not. When you voluntarily stride forward, thereby turning into bearers of LIGHT, it can happen that you might be surprised by a garish LIGHT as if in a semi-conscious state, that you become confused and thereby present a hindrance for your brothers and sisters along the path.

Those with ears *should listen!* You can hear us everywhere, wherever you are. We love you. You must learn to consciously get in touch with cosmic EFFECTIVE FORCES and consciously utilise them, you must also find the CENTRE within you, because it is the RECEIVER and the TRANSFORMER of these FORCES...

(Transmission interrupted)

#### **17<sup>th</sup> of November 1962 – 8:30 pm**

You would like to know what tomorrow brings. If you were to take care of today, there would be no tomorrow, only an *eternal now*. Live in the *eternal now* and don't wait for something that never comes. There is neither space nor time, there is only *eternal change* and *eternal transformation*. Both of them rest within yourselves. The environment looks for everyone the way they look at it and the *wiser* you become, the *clearer* you will see the reality.

#### **18<sup>th</sup> of November 1962 – 1:30 pm** (Sunday)

All the SPIRIT ENTITIES that want to help try to emerge themselves as deeply as possible into the planetary spheres they specifically look after of their *own* accord. If you now call upon a SPIRIT ENTITY, you will actually only reach it if you succeed in reaching its *lowest* level of consciousness. It can then drag you *higher* into a *higher* awareness and consciousness and give you clarity there that you can actually take “across” to your present consciousness so that you can grasp it with your mind and transform it into actions or powerful thought forms.

The *higher* and greater an ENTITY is, the higher and also *deeper* into a humanity's concerns that is close to its HEART it can reach. JESUS is such a UNIVERSAL LOVE ENTITY who accurately knows all purely human concerns and who *can still* recognise them, even though HE has reached *ever higher* LEVELS of EXISTENCE. If you can reach his loving consciousness, he will immediately, helpfully assist you in any situation, but only when you call him with an ardent, loving

and humble HEART *without a shadow of doubt* in your mind, fully aware that he will immediately advise and help you. His words: “Call me in your hour of need and I will save you” are *literally* meant the way they are expressed: “*Call me and...*”

**10:00 am**

Those that have *recognised* the POWER of the constantly flowing spiritual CREATIVE POWER and learned to utilise wisely, find that it is possible to transform and to reshape everything that exists into an unimaginable variety, beauty and harmony. But no ever so eminent ENTITY can create something from nothing, because at the time the universe was revealed – when GOD’S BREATH was active – no nothing existed. Everything is then somehow actively vibrating, either recognisable or unrecognisable, but active, therefore created. We told you about the atoms your terrestrial gowns consist of and we told you that they were *unclean* and *encumbered*, that all the thoughts and actions of terrestrial mankind rest and act within them; all the thoughts and actions that have ever taken place on planet Earth. This is how atoms are loaded with spirit FORCES and DERIVATIVES since time immemorial and all souls incarnated on planet Earth must try to deal with these FORCES, must try to neutralise, compensate for and illuminate things as best as they can with the cosmic LIFE FORCES they brought with them. All souls are therefore obliged to atone for and to neutralise the mistakes that *they and others* made in the past – by trying to nurture *pure* and elevated thoughts in their HEARTS, to keep their HEARTS shining and pure to benefit *all* souls. – Do you understand this?

As you can see, strong souls can neutralise and brighten up *a lot* during their incarnations and souls that come from other systems to put on an earthly gown can compensate for mistakes that were made thousands of years ago. You can be *helpers* and make all expressions of life more vibrant, lighter and BRIGHTER through your completely conscious and responsible co-operation with brightening your planet. We can only show you these interactions – as far as we know them – through images. There are no words for this. The *encumbered* atoms of your bodies are the ones that produce all prejudices and constricting concepts. They prevent you from effortlessly proceeding to higher conscious LEVELS of BEING. Those amongst you that recognise this also know what goal they must be striving for.

**25<sup>th</sup> of November 1962 – 5 pm**

The ENERGY that you require when you overload you bodies with *useless* food and *too much* liquid is *wasted* on compensating for these mistakes. Therefore try to manage with *as little* food as practical, so that you have more ENERGY to expand and to tighten your souls. We don’t expect you to be fakirs, but we do advise *moderateness* for the sake of your ILLUMINATION. Above all, avoid foul smelling food and drinks. Neither smoke tobacco nor other stinking herbs. Drink aromatic herbs, eat red, yellow, orange and also violet fruits and cabbages, melons with red flesh, nuts and grains that are ripe and fragrant. You can prepare your meals from all kinds of things and you shouldn’t be starvelings, but accept your food *with gratitude* and enjoy your food and your drinks.

**12:30 pm**

See, there are *some* amongst you and *all* should become so: You have the gift of SEEING all thoughts of your fellow human beings and to HEAR with your SPIRIT EARS. You SEE and HEAR those close around to you the best and you know exactly what they think and what they will do. It is now up to you to think the right things and to act upon them later. SEE and HEAR your environment from a *completely neutral* stance to begin with *before* you decide, with lots of wisdom

and love, how you should behave to maintain or re-establish harmony, peace and cheerfulness, unity and love. When the CLAIRVOYANT and the CLAIRAUDIANT amongst you immediately attack the things you see and hear with you five senses, you *lack* wisdom and love and more disharmony will result from this. – Be wise!

Be constantly aware that you *think of tomorrow*. You, as awakened human beings, bear a great responsibility, because you are the constructors of *tomorrow's* expressions of life. Have this constantly in mind and send all *ungodly* thoughts *back into nothingness*, back to the dull nebulous formations from whence they came. Become LIGHT, shining, laughing, singing and radiating far into the cosmoses. – Think about this!

There is no sense in having one's head in the clouds and to turn one's thoughts and one's gaze away from everything that takes place. But an *uninvolved* observation of everything that happens and action, re-thinking and learning from conceived mistakes *is what's* of importance these days. The ENERGY, the POWER and the LIGHT are within you. We love you and we want to help you.

The exhaled CREATIVE POWER and vitalising AETHER – found everywhere – *contains everything* that can possibly reveal itself, *solidify* itself and transform itself into *lower*, visible *or* INVISIBLE vibrations. Now you, HIS creatures CONCEIVED by HIM, are endowed with his MIGHT through the POWER of your thoughts. Now everything you create with your thoughts is engraved in this all-encompassing AETHER and it begins to form – in order to materialise according to the intensity of your thoughts. This is why we remind you over again to apply your precious gift in such a way that nothing develops through your thoughts that can then be utilised *against* your own life's revelation. – All of this is primitively expressed, but try to understand it in spite of this.

When you *act* according to the instructions by JESUS that sound “too simple” to you, higher wisdoms will automatically be revealed to you, one thing will flow from another. Now that you have started to learn to use your intellect, you must *make an effort*. Your intellect should grasp and utilise everything that can be grasped and created with the love in your HEARTS. Human beings were conceived to be like this!

### **29<sup>th</sup> of November 1962 – 12:45 pm**

Do not allow yourselves to be duped by *false prophets*. They will besiege you with wondrous phenomena, they will conjure up a *phantasmagoria of magic* that will always astonish you. BEINGS of DARKNESS will utilise all available POWER to prevent the breakthrough towards the LIGHT. Times have never been so charged with expectations as in *the phase* your solar system is traversing through. But the POWER of LIGHT you are being guided into by your sun according to ancient ways, requires human beings with alert senses and an ardent HEART that can guarantee the continuity of the revelation called “*Man*” towards a higher form of revelation, into a higher consciousness...

**10:30 am**

The ENTITY JESUS, who absolutely revealed and will reveal the CHRIST, the LIGHT, the FATHER'S LOVE and the UNIVERSAL DEITY, is and remains an ENTITY that *shines over* and *guides* your Earth, your system. The NAZARENE alone, who physically revealed himself *not just* as JESUS from NAZARETH – no, even *before* and *over again*, is your PATRON, your TEACHER and your great BENEVOLENT FRIEND. *Nobody else!* His disciples and pupils stand by his side, some under various names, some nameless. But it is his cosmic doctrine, his understanding of the DEITY, his RAYS of LOVE and also his sternness and discipline that constantly tries to have an effect on your forms as “cosmic human beings” and this with unimaginable patience, love and kindness.

**8<sup>th</sup> of December 1962 – 6 pm**

The GREAT LIGHT is so mighty that all weakness will dissolve in it. Therefore forget about your trivialities and *prepare yourselves* so that you can *bear* the GREAT LIGHT.

**13<sup>th</sup> of December 1962 – 11 am**

The more you comprehend that creation is one singular, large whole, the greater the responsibility you have to burden yourselves with, because you will then also have recognised your function within this one singular large whole – what you *are* and what you are *capable of*. Think about this! – Because everything, all wisdom and all knowledge is *in you*.

**3<sup>rd</sup> Advent 1962** (Sunday)

Those that cannot comprehend and know the *universal causality* in its full extent should remain *silent* about everything until the cosmic UNIVERSAL CONSCIOUSNESS has been awakened within them and they *know* the CAUSES of all causes deep in their HEARTS. Intelligently gifted beings can only assess everything as it *really* is with this conscious knowledge, everything revealed will otherwise only be assessed - according to an individual's level of enlightenment – as it *seems*. This is where the diversity of versions of views and of causes of all of life's revelations come from. Only once everything ostensible has been thought out of existence with unshakable concentration, can the truly existing be recognised and *comprehended* by the intellect. Those that have reached these heights of pure cognizance will never ask again. *They know!* – Everything is within you, because you are *from* GOD and *through* GOD and as everything is GOD, the capability of recognising the CAUSE of all causes is also within you and projectable to the outside. You can therefore consciously and knowingly reveal your CHILD-FATHER relationship with GOD by shining your LIGHT over all living things that are *still* unaware of his great CAUSE – of GOD – and therefore *seem* ungodly.

**19<sup>th</sup> of December 1962 – 10:30 pm**

When somebody stands on the *mountain of truth* and loudly and lovingly proclaims the truth, everybody can hear him. And those that do not understand him, deride him and throw stones at him, will not reach him up there and they will not be able to interfere with his eminent mission, their derision and the stones of their stupidity will fall on their *own* heads. – But when somebody does *not* stand on the apogee of the truth and tries to spread his views amongst his peers, their derision and their stones will *tear him apart* and every word will be a useless word.

**23<sup>rd</sup> of December 1962**

SPIRIT is the only UNIVERSAL VITALITY. SPIRIT flows eternally, in infinite abundance from the CENTRE you call "GOD". SPIRIT is the bearer of all universal LAWS and everything that exists in incalculable variety has emerged from the SPIRIT, is maintained and carried, nourished, transformed and returned to the purely SPIRITUAL once again.

**4 pm**

Do understand that it is sometimes quite difficult to talk to you clearly in a foreign language. A lot of things can only be expressed in images, but most things only in feelings, sounds and vibrations that in turn are very difficult to interpret by the receivers.

It is time that all that strive, each in their own field that they prepared themselves for over many incarnations, really work with great diligence. You that strive should therefore renounce everything that *wastes your time*, everything that hinders your quest. You still live within the narrow barriers of time and space and you must therefore *learn* to deal with them. The better you learn to control this art form, the more time and space you will have for your endeavours. Leave everything superfluous and all hindrances to one side so you can reach down into the stillness of your HEARTS. Endeavour to do your research with *like-minded* people so you can *exchange* your experiences.

Do *not* waste your ENERGY on the unwilling and the lazy. Be filled with love for your fellow men and bless everything around you that is alive. Quietly bless all human beings in your HEARTS, *each and every one* you set your eyes on, your hands can touch and your higher senses can apprehend. Understand me correctly: Be blessing, loving and understanding human beings. All the ENERGY to do this is deposited within you, bring it to the surface and spray it around so that it may regenerate in you a thousand times over in order to shine over all life *even stronger*.

**25<sup>th</sup> of December 1962**

Love thy neighbour *as* you love thyself. This is the message of the great BENEVOLENT FRIEND, because all the knowledge about the cosmic coherences of life lie within these words. Love is the glowing, compelling FORCE of the UNIVERSAL SOLIDARITY. Love is the *cohesion* that binds everything together to form an enormous whole. Love is the SPIRITUAL FIRE that burns everything that's superfluous within the great revelation of the spirit. Love transforms the REFUSE of the cosmos into ENERGY, it burns and forms it and reconstructs with it. This is why love is GOD!

Love thy neighbour *as* you love thyself. Well, you are your neighbour and your neighbour is you. You, all of us, are ONE, a WHOLE and one cannot exist without the other. Recognise this VASTNESS, this WHOLENESS that love binds together. – We love you, we bless you!

Your OLDER BROTHERS.
